All official business conducted by the Board of Trustees shall be conducted at a duly noticed, official meeting of the Board. Pursuant to North Carolina law, a “meeting” of the Board occurs whenever a majority of the members of the Board meet, in person or by some electronic means, in order to: conduct a hearing, deliberate, take action, or otherwise transact public business. All Board meetings must be called pursuant to the proper notice and all meetings are open to the public except for closed session.

I. Board Meetings

Pursuant to applicable North Carolina law, the Board is allowed to conduct four types of official meetings: regular meetings, special called meetings, emergency meetings, and recessed meetings. All meetings are public meetings unless designated as a closed session meeting.

A. Types of Meetings

1. **Regular Meeting.** Unless otherwise determined by the Board, the Board shall hold a regular meeting on the fourth Tuesday of each month, excluding July and December. The Board shall maintain a copy of the schedule for its regular meetings on its website and a hard copy shall be filed with the Board’s Secretary and shall be posted in a centralized location on campus. If the schedule is revised, the Board’s Secretary shall cause to have the website updated and revise the posted copy of the schedule as soon as possible. Any changes to the regular meeting schedule, except for the cancellation of a meeting, shall require seven (7) days’ notice before the day of the first meeting held under the revised schedule.

The Board’s Secretary shall keep the minutes for all regular meetings and the minutes shall be approved by the Board at its next regular meeting.

Officer shall be elected at the Board’s annual meeting, which shall be the first meeting after July 1 of each year.

2. **Special Called Meeting.** A special-called meeting may be called by either the Board Chair or the College President. The Board’s Secretary shall prepare the notice for the special called meeting. The notice must be sent to Board members at least 48 hours in advance and the notice must state the time, place and purpose(s) for the special called meeting. The notice will be sent via electronic mail to the Board members’ email address of record. If there is a bulletin board with Board meeting schedules, the special called meeting notice must be posted there at least 48 hours prior to the special called meeting. If no bulletin board is used, the Board’s Secretary shall post the notice on the door of the Board’s meeting room at least 48 hours prior to the special called meeting. If, 48 hours prior to the meeting, the public

does not have access to either the bulletin board or interior door of the Board's meeting room because the building is closed (e.g., if the special called meeting occurs on Monday but the building is closed over the weekend), the Board's Secretary shall post the notice on the front of the exterior door to the building where the Board's meeting room is located.

In addition, the Board's Secretary shall deliver the notice by email to each person who has submitted a written request for notices of the Board's meetings. The notice shall also be posted on the College's website prior to the scheduled time of the meeting.

The Board's Secretary shall keep minutes of all special-called meetings and the minutes shall be approved by the Board at its next regular meeting.

- 3. Emergency Meeting.** In the event of an unexpected circumstance for which the Board's immediate consideration is required and a meeting is necessary without 48 hours' notice, the Board Chair or the College President may call an emergency meeting. The Board's Secretary shall prepare the notice of the time and location for the meeting. The notice shall be sent via electronic mail to Board members' email address of record.

In addition, the Board's Secretary shall deliver the notice by email to each person who has submitted a written request for notices of the Board's meetings.

The Board's Secretary shall keep minutes of all special-called meetings and the minutes shall be approved by the Board at its next regular meeting.

- 4. Recessed Meeting.** If proper notice was given at the original meeting and if the time and place of the recessed session were set during open session, no further notice is required, except, notice shall be posted on the College website prior to the scheduled recess meeting.

B. Closed Session Meetings

The Board may conduct business in closed session when permitted by the reasons enumerated in N.C.G.S. § 143-318.11(a)(1)-(9) or as otherwise permitted by law. The Board may hold a closed session upon a motion duly made and adopted during the open portion of the meeting. Every motion shall site the legal reason for going into closed session and the law that renders the information confidential or privileged. A motion based on the need to consult with an attorney employed by the Board regarding the handling or settlement of a lawsuit must identify the parties in the lawsuit.

Unless otherwise designated by the Chair, the Board's Secretary shall keep minutes of all special-called meetings and the minutes shall be approved by the Board at its next regular meeting.

C. Electronic Meetings

The Board may conduct a meeting by use of conference telephone or other electronic means indicated by N.C.G.S. § 143-318.13(a). The Board shall provide a location and means whereby the public may listen to the meeting.

II. Committee Meetings

In accordance with the Trustees' By-Laws, the Board may establish standing or ad hoc committees as necessary. The Chair shall appoint the members of the committees as well as the committee chairs. Committees established by the Board, including the Executive Committee, are subject to this policy except that a majority of the committee's members, present and in attendance at the meeting, shall constitute a quorum of the committee.

III. Meeting Procedures

A. Parliamentary Procedures. When conducting its meeting, the Board shall use the parliamentary procedures consistent with the most updated version of *Roberts Rules of Order*. As part of his/her official duties, the Board Chair shall serve as the parliamentarian officer and shall rule on issues and questions concerning parliamentary procedure, unless otherwise overruled by a majority of Trustees present. As needed, the Board Chair shall consult with the Board's attorney regarding matters of parliamentary procedure.

B. Meeting Agenda. The Board Chair and the President will prepare a proposed agenda for each Board meeting. A request to have an item of business placed on the agenda must be received at least five (5) business days before the meeting. Each Board member will receive a copy of the proposed agenda four (4) business days prior to the meeting and the agenda will be available for public inspection and/or distribution immediately after being made available to Board members. At the meeting, the Board may, by a majority vote, add an item that is not on the agenda.

C. Quorum. Seven (7) voting members of the Board in actual attendance at meetings shall constitute a quorum for the transaction of business. Unless otherwise stated, no business shall be transacted without a majority vote of the quorum. A Board member may participate by remote or electronic access as allowed by law. A majority of the full Board is required for the election, non-renewal, or termination of the College President.

D. Ethics Statement.

At the beginning of each Board meeting (including Board committee meetings), the Chair shall remind all members of their duty to avoid any conflict of interest and shall inquire as to whether there is any known conflict of interest with respect to any matters coming before the Board (or Board committee) at that time.

As needed, the Board will retain attorneys to provide legal services for it and the College, including both legal advice and representation in litigation. Such employment shall be at the pleasure of the Board. Any attorney retained by the Board represents the legal entity of the College and not any individual Board member or administrator.

The President may consult with the Board attorney as needed to carry out administrative operations and to protect the Board and the College from liability. Other staff may consult with the Board attorney as determined appropriate by the President.

The attorney-client privilege may only be waived by an affirmative vote of a majority of the Board of Trustees. Any waiver of the attorney-client privilege shall be waived to the narrowest extent possible and only in respect to the specific subject matter for which the Board votes to waive the privilege.

I. COMMUNICABLE DISEASE

Communicable diseases, those that have serious effects on human health, can pose a threat to the College community. The College will take all reasonable measures to ensure the safety of members of the College community during global and local infectious disease events. “Communicable disease” is defined as an illness due to a specific infectious agent or its toxic products that arises through transmission of that agent or its products from an infected person, animal, or reservoir to a susceptible host, either directly, or indirectly through an intermediate plant or animal host, vector, or the inanimate environment. Examples of communicable disease include, but are not limited to, acquired immunodeficiency syndrome (AIDS), chicken pox, hepatitis, measles, tuberculosis, meningitis, mononucleosis, whooping cough, coronavirus, and other viral diseases that reach a pandemic level, and for purposes of this Policy only, those communicable diseases which constitute a disability pursuant to the Americans with Disabilities Act.

The College shall not exclude individuals diagnosed with communicable diseases from participation in College programs or activities unless a determination is made that the individual presents a health risk to himself/herself or others. The College shall consider the educational or employment status of those individuals diagnosed with a communicable disease on a case by case individual basis.

A. Procedure

1. All information and records that identify a student or employee as having a communicable disease shall be strictly confidential and shall not be shared or disclosed to others without express permission from the student or employee.
2. Disclosure of medical information shall be made by the President, or his/her designee, only to those on a need-to-know basis in order to protect the welfare of persons infected with a communicable disease or the welfare of other members of the College community.
3. Unauthorized disclosure of confidential student or personnel information by an employee of the College is prohibited. Violation of this prohibition may result in the suspension from, or termination of an individual’s employment with the College.
4. A person who knows or has a reasonable basis for believing that s/he is infected with a communicable disease is expected to seek expert advice about his/her health circumstances and is obligated ethically and legally to conduct himself/herself responsibly toward other members of the College community.

5. Faculty and staff of the College and employees of contractors, or contracted services, who are infected with a communicable disease are urged to notify the appropriate Dean/Director so that the College can respond appropriately to his/her health needs. Students are urged to share information with the appropriate Dean/Director for the same reason.
6. A person infected with a communicable disease (including the AIDS virus whether active AIDS, AIDS-Related Complex, or undetectable viral load) will not be excluded from enrollment or employment or restricted in his/her access to the College's services or facilities unless, in individual cases, the College administration determines that exclusion or other restrictions are necessary for the health and welfare of the College community.
7. Included in making decisions in individual cases which restrict access to employment or a student's education, programs or activities shall be the College President, Legal Counsel for the College, the Deans/Directors, the individual's personal physician, the local Health Director (or designee) and if necessary, another physician with expertise in managing communicable disease cases.
8. The College shall provide information regarding communicable diseases, including AIDS.

B. Immunizations

Prior to admission or employment, the College may require students and employees to be immunized from certain communicable diseases, including but not limited to measles, mumps, rubella, tetanus, varicella, and meningitis. Students and employees are excused from providing proof of one or more of the required vaccinations if the student or employee has one of the following:

- physician's written statement of immunity due to having had the infection;
- a statement of contraindication to a vaccine (accompanied by a physician's statement);
- a lab blood test/titer documenting immunity; or
- a statement of religious exemption.

Religious and medical exemption letters will be accepted in lieu of immunization information. Medical exemption letters must be accompanied by a physician's statement.

The immunizations listed here are not meant to supersede more restrictive requirements for employment or participation in a specific College program or class, such as childcare, classes that lead to a medical degree or certificate, or clinical programs.

C. Public Health Incidents

Should influenza, or any other communicable disease, reach a pandemic level, the President shall regularly monitor the situation by communicating with federal, state and/or local health officials and by reviewing media sources.

Should any communicable disease reach a pandemic or epidemic level within or near the College's service area, the President, after consulting with local, state or federal health officials, may take the following actions if it is determined to be in the best interest of the College community to prevent the spread of the communicable disease:

1. Close the College or certain College buildings and/or programs temporarily;
2. Limit or prohibit employee travel and/or student field trips;
3. Prohibit those infected with a communicable disease from coming onto the College campus;
4. To the extent allowed by law, requiring or encouraging employees and students to receive testing and immunizations (not already required by the College) that prevent the spread of a communicable disease before coming back onto the College campus; and
5. Other specific actions deemed necessary for the safety of the College community.

The President shall not quarantine any student or employee while on campus unless the quarantine is ordered by local, state or federal health officials. Persons who are infected with a communicable disease that has reached a pandemic level, or know of someone in the College community who is infected, should contact College officials immediately. Students should contact the Dean of Student Services and employees should contact the Human Resources Office for reporting under this policy.

Any actions undertaken pursuant to this policy will be in accordance with applicable federal and state laws, College policies, and in the best interest of all parties.

II. OCCUPATIONAL EXPOSURE TO BLOODBORNE PATHOGENS

The College shall comply with federal regulations and state statutes regarding bloodborne pathogens as set forth in the Federal Register, 29 CFR §1910.1030, and the North Carolina Administrative Code, 10A NCAC 41A, by attempting to limit/prevent occupational exposure of employees to blood or other potentially infectious bodily fluids and materials that may transmit bloodborne pathogens and lead to disease or death.

A. Reasonably Anticipated Occupational Exposure

An employee who could "reasonably anticipate", as a result of performing required job duties, to face contact with blood, bodily fluids or other potentially infectious materials is covered by the OSHA Bloodborne Pathogens Standard, the North Carolina Administrative Code, and this Policy. "Occupational Exposure" includes any reasonably anticipated skin, eye, mucous membrane or parenteral (brought into the body through some way other than the digestive tract) contact with blood or other potentially infectious materials that may result from the performance of an

employee's duties. "Good Samaritan" acts, such as assisting a co-worker or student with a nosebleed would not be considered "reasonably anticipated occupational exposure."

B. Universal Precautions

Universal precautions will be in force at all times. All blood, body fluid and other potentially infectious material will be handled as if infected. The program standards for the control of potential exposure to HIV and HBV as outlined in the OSHA Rule "Occupational Exposure to Bloodborne Pathogens" Standard 1910.1030, the NC Administrative Codes, or the most current standards available will be followed.

C. Testing

An employee who suspects that s/he has had exposure to blood or body fluid may request to be tested, at the College's expense, provided that the suspected exposure poses a significant risk of transmission, as defined in the rules of the Commission for Health Services. The HIV and HBV testing of a person who is the source of an exposure that poses a significant risk of transmission will be conducted in accordance with 10A NC Administrative Code 41A .0202 (4) (HIV) and 41A .0203(b)(3) (HBV). The College will strictly adhere to existing confidentiality rules and laws regarding employees with communicable diseases, including HIV or HIV-associated conditions.

D. Exposure Control Compliance

The College shall comply with OSHA Regulation 29 CFR 1910.1030 and promote a healthy and safe environment for both employees and students. The College proposes to do this through minimizing the risk of transmission of infectious diseases that are blood or body fluid borne. To achieve compliance with OSHA Regulation 29 CFR 1910.1030, the College will maintain an Exposure Control Plan covering the following areas:

1. Procedures,
2. Protective equipment,
3. Hepatitis vaccinations,
4. Post-exposure and follow-up care, and
5. Training.

A copy of the Exposure Control Plan is available in the office of Administrative Services.

The College's facilities exist to meet the educational needs of citizens within the College's service area. The College offers a wide-range of credit curricula and non-credit extension courses and the College's facilities are to be utilized to facilitate these programs. The College may use its facilities in any legal matter. In addition, the College may make its facilities available upon reasonable condition for the periodic use of student organizations, government agencies, non-profit entities, community members and for-profit entities (for non-revenue generating events) provided the activities involved are in furtherance of the College's educational purposes or are in promotion of the community's cultural and educational welfare. The use of the College's facilities cannot compete with any of the College's classes or events that are or could be offered.

This Policy only applies to the use of the College's facilities. For information concerning the use of outdoor campus spaces, see Policy 2.3.5 – Campus Free Speech, Distribution of Material and Assembly.

The Board hereby delegates to the President to develop procedures and a fee schedule to be used by parties who want to utilize the College's facilities.

Adopted: 6.25.2024

- A. The College and the Foundation continually seek private funds to enhance the College's ability to meet the higher education needs of the community. To that end, the College should provide appropriate recognition to donors. Naming recognition may take many forms; however, this policy is intended to establish guidelines when naming programs, buildings, facilities and other campus area for donors or for individual recognition.
- B. Potential nominations for naming buildings, parts of buildings, facilities, programs or endowed chairs will be made to the President. Nominations must be accompanied by a brief written explanation regarding the nomination. Any individual may nominate any person, regardless of whether the person has provided a financial gift to the College, who is in good standing in the community and has demonstrated an exceptional and distinguished service record to the College and/or to the College's mission.
- C. Within two weeks of receipt of the nomination, the President will provide all Board members with the name of the nominee, a copy of the written explanation and a copy of this Policy.
- D. If the Board members determine that there is sufficient interest to consider this person or Organization for a naming right, at the next regular meeting of the Board, the Chairman shall appoint an ad hoc Naming and Recognition Committee ("Committee") of not less than three Board members. The President will be an ex officio, nonvoting member of this Committee. The Chairman may designate any other member of the College staff, the Foundation or the community to serve on the Committee in an ex officio, nonvoting capacity. No individual shall serve on the Committee in any capacity if that individual is a nominee for a naming right.
- E. The Committee shall use whatever means it deems appropriate to determine whether the proposed action is in the College's best long-term interest and whether the contribution of the individual or organization is of such significance to warrant this action.
1. For naming rights based on non-financial contributions, the type and length of service to the College and/or the College's mission and the impact of the individual's service, the individual should have an outstanding reputation and be in good standing in the community and have demonstrated an exceptional and distinguished service record to the College and/or the College's mission.
 2. Regardless of financial or non-financial contributions, College buildings, areas, programs and endowed chairs will only be named for companies, organizations or individuals that reflect favorably upon the College and whose gift or previous service record will or has advanced the College and its mission.
- F. The Committee will make its recommendation to the Board at a regular meeting and the Board will vote in open session to consider the request.
- G. Additional requirements:

1. For naming rights based on financial contributions, the naming will only occur when a cash gift is received, a pledge is satisfied, real estate or stock is converted to cash or a bequest is received. No naming will occur until the full amount necessary to fulfill the financial obligation has been received by the College or the Foundation.
2. Naming rights shall be for the life of the facility, program or area so long as such is used for the same purpose as when the gift was made. Planned demolition or significant renovation shall terminate the naming recognition unless otherwise designated by the Board.
3. Should the company, organization or individual making a naming gift come into ethical, moral or legal disrepute in the College or community at large, the College reserves the right to discontinue the use of that name in association with the College.
4. The College will make arrangements for a commemorative plaque and/or dedication ceremony as appropriate.

 3. All alcoholic beverage distribution will be under the control of a bartender and/or caterer. Such distribution will be discontinued for a patron or an entire event at the discretion of a College official, a bartender or a security officer on duty.
 4. The caterer or applicant must arrange to obtain the alcoholic beverages and transport them to and from the College facility.
 5. Common source containers without an individual server through a licensed and bonded caterer (e.g., kegs, alcoholic punches, etc.) are prohibited. Brown bagging is prohibited.

I. OVERVIEW

In accordance with Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990 and other applicable federal and state law, the College may be required to accommodate an otherwise qualified individual with a disability by making a reasonable modification in its services, programs or activities. This Policy addresses the use of Service Animals and other animals on campus.

II. DEFINITIONS

- A. **Emotional Support Animal** – an animal selected or prescribed to an individual with a disability by a healthcare or mental health professional to play a significant part in a person's treatment process (e.g., in alleviating the symptoms of that individual's disability). An emotional support animal does not assist a person with a disability with activities of daily living and does not accompany a person with a disability at all times. An emotional support animal is not a "Service Animal".
- B. **Service Animal** – an animal that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual or other mental disability. The work or tasks performed by a Service Animal must be directly related to the handler's disability. Examples of work or tasks include, but are not limited to, assisting individuals who are blind or have low vision with navigation and other tasks, alerting individuals who are deaf or hard of hearing to the presence of people or sounds, providing nonviolent protection or rescue work, pulling a wheelchair, assisting an individual during a seizure, alerting individuals to the presence of allergens, retrieving items such as medicine or the telephone, providing physical support and assistance with balance and stability to individuals with mobility disabilities, and helping persons with psychiatric and neurological disabilities by preventing or interrupting impulsive or destructive behaviors. Service Animals may or may not have been licensed by a state or local government or a private agency. Service Animals are limited to service dogs and, in some cases, miniature horses.
- C. **Pets** – any animal that is not an Emotional Support Animal or a Service Animal.

III. ANIMALS ON CAMPUS

Pets are not permitted on campus and may not be left in vehicles on College property. There are occasions when a student or employee may need to bring an animal onto campus for the purpose of meeting an educational objective. Such requests should be made to the appropriate academic Dean prior to the animal being allowed onto campus. Subject to the rules set forth in section IV and V below, Emotional Support and Service Animals are permitted in any area of campus where employees or students are permitted, with a few exceptions for health and safety reasons (i.e., areas that must adhere to certain required

sanitation rules (campus culinary and health sciences programs and third-party clinical partners)).

IV. PROCEDURES REGARDING SERVICE/EMOTIONAL SUPPORT ANIMALS

A. Responsibilities of the Service/Emotional Support Animal Owner/Handler

1. Registration

a. Service Animals

Students and employees are not required to register Service Animals. However, they are strongly encouraged to notify the Disability Services Office (students) or the Office of Human Resources (employees) if they intend to use a Service Animal on campus so that appropriate College officials are aware of the animal's presence and to assist with the Service Animal's access to areas within the College's campus. Logistical or physical accommodations within campus buildings or classrooms may be necessary to ensure that a Service Animal has the space necessary to assist its handler. In addition, there are other disability related academic accommodations a student handler may be eligible to request to ensure full access to the learning experience. Visitors with Services Animals are not required to register their animals.

b. Emotional Support Animals

After the College has made a determination that an Emotional Support Animal is allowed on campus (see Section B.2), the student or employee must register the animal with the Disability Services Office (students) or the Office of Human Resources (employees).

2. Care and Supervision

a. The care and supervision of a Service/Emotional Support Animal is the responsibility of the animal's owner and/or handler. The handler must ensure the animal is in good health and has been inoculated and licensed in accordance with local regulations with the burden of proving licensure and inoculation on the person with a disability. Dogs must wear a rabies tag at all times.

b. The Service/Emotional Support Animal must be under the control of the handler at all times and may not be left alone. A Service/Emotional Animal must be restrained by a leash that does not exceed six (6) feet in length or other appropriate device dependent on the animal (i.e., carriers or cages). In situations where a leash or other appropriate device interferes with a Service Animals

ability to perform its task or service, the Service Animal must remain under the control of the handler at all times.

- c. The owner and handler of the Service/Emotional Support Animal is responsible for any damage of personal or college property or any injuries to an individual caused by the Service/Emotional Support Animal.
- d. The handler must ensure the animal is “housebroken” and trained. The handler must clean up and remove all animal waste created by the animal both inside campus buildings and outdoor campus property.
- e. The Service/Emotional Support Animal may not disrupt the operation of the College or any class. Disruptions include but are not limited to: barking, growling, pacing/constant motion, foul odor, pawing and or sniffing of others. It is the assumption of the college that all Service/Emotional Support Animals on campus are “working” animals and therefore, should not be treated as a pet. There should be no petting by others and no handling by others.

B. Responsibilities of the College Community

1. Service Animals

If the need for a Service Animal is obvious, College officials may not question the presence of the animal on campus. If the need for a Service Animal is not obvious, College officials are permitted to ask the handler two questions:

- a. Is the animal required because of a disability?
- b. What work or task(s) has the animal been individually trained to perform?

At no time may a College official require a Service Animal to demonstrate the tasks for which they have been trained nor may they inquire as to the nature of the individual’s disability.

If another person on campus has a covered disability under the ADA and it includes an allergic reaction to animals and that person has contact with a Service Animal, a request for accommodation should be made by the individual to the Director of Human Resources (if an employee) or the Disability Services Office (if a student). All facts surrounding the concern will be considered in an effort to resolve the concern and provide reasonable accommodation for both individuals.

2. Emotional Support Animals

The determination of whether a student or employee with a disability is allowed to have an Emotional Support Animal on campus shall be made on a case-by-case basis. Students and employees may request, as a reasonable accommodation for a disability, the need to have an Emotional Support Animal on campus. The College is not required to grant reasonable accommodations that would result in a fundamental alteration of a program, create an unsafe environment or would constitute an undue burden. Any requests for a reasonable accommodation for an Emotional Support Animal shall be directed to the Disability Service Office (students) or the Office of Human Resources (employees).

In determining request for accommodations for an Emotional Support Animal, the consideration is: 1) does the person have a disability (i.e., a physical or mental impairment that substantially limits one or more major life activities); 2) does the Emotional Support Animal perform tasks or services for the benefit of the person or provide emotional support that alleviates one or more of the identified symptoms for effects of the person's existing disability; and 3) is the request an undue burden on the College, does the request create an unsafe environment, or does it fundamentally alter a College program.

C. Removal of Service/Emotional Support Animals

The College has the authority to remove (requesting a bit of guidance here for removal...I know we can't specify exact length and each case will be different but it would be nice to have some policy wording for back-up) a Service/Emotional Support Animal from its facilities or properties if the Service/Emotional Support Animal becomes unruly or disruptive, unclean and/or unhealthy, and to the extent that the animal's behavior or condition poses a direct threat to the health or safety of others or otherwise causes a fundamental alteration in the College's services, programs, or activities. All cases for removal shall be decided on a case-by-case basis based on that specific situation. In appropriate situations, the College will use a progressive model beginning with a warning for a first offense and removal (either temporarily or permanently) for additional offenses. However, dependent on the severity of the situation, the first offense could result in a temporary or permanent removal.

It is a Class 3 misdemeanor "to disguise an animal as a service animal or service animal in training". N.C.G.S. § 168-4.5. In other words, it is a crime under North Carolina law to attempt to obtain access for an animal under the false pretense that it is a Service Animal.

Additionally, any employee or student who violates any portion of this procedure is subject to disciplinary action.

I. Standards for Participation in Construction Contracts

All contracts formally or informally bid will be awarded to the lowest responsible, responsive bidder taking into consideration quality, performance, reliability and the time specified in the bids for performance of the contract. Prior to bidding, contractors may be required to prequalify. For all contracts valued at \$1,000 or more, the Board will ensure that each bidder it is not a restricted company identified on the state treasurer's list per N.C.G.S. § 147, Articles 6G and 6E (see Policy 6.3.12 – Companies that Boycott Israel and Iran Divestment List).

The Board may request bids for contracts to build using the following construction delivery methods: single prime, multi-prime, construction management at-risk, dual bidding, design build, design-build bridging and public-private partnership methods permitted by law.

II. Bidding Methods

A. Formal Bidding Range (\$500,000 and greater)

All construction and repair work requiring the estimated expenditure of \$500,000 or more will be advertised for bid and awarded using the formal bidding requirements pursuant to N.C.G.S. 143-129. Dividing contracts to lower the expenditure amounts to evade formal bidding requirements is prohibited. The Board authorizes the use of newspaper advertisement, electronic advertisement or both for formal bids; however, the President is authorized to determine which method will be used for a specific purchase or categories of purchases. Unless otherwise exempted, the President shall comply with all State Construction Office bidding requirements and shall receive approval from the State Board of Community Colleges before beginning any construction and repair work under this section.

B. Informal Bidding Range (\$30,000 to \$500,000)

Informal bids will be obtained for construction and repair contracts below \$500,000. The College will make a reasonable effort to obtain three (3) quotes. Quotations from contractors may be solicited by telephone, email and fax. A record must be kept of all bids received. For telephone quotes, a written log sheet will be completed by the person receiving the quote. Unless otherwise exempted, the President shall receive approval from the State Board of Community Colleges before beginning any construction and repair work under this section if the repair work is supported in part or in total by state funds.

¹ Several community college have asked about open-ended contractors for small projects. This is an option; but, the limit must be less than \$30,000 per project. Otherwise, the selection must go through informal bidding.

The President may use the informal bidding method or solicit bid proposals and enter into Annual Service Agreements with contractors for a term of no more than two years in the following categories: a) roofing; b) HVAC; c) plumbing; and d) electrical. Annual Service Agreements are only applicable for projects costing less than \$30,000 and the College cannot divide projects to evade the bidding requirements.

The President is authorized by the Board to enter into such contracts within the price limitation. The contract must be reviewed by the Board's attorney and meet all applicable laws and Board policies.

III. Bonds for Construction Projects

A. Bid Bond

For all projects in the formal bidding range, no proposal for construction or repair work may be considered or accepted by the Board unless at the time of its filing, the bid is accompanied by a deposit with the Board of cash, a cashier's check or a certified check on some bank or trust company insured by the Federal Deposit Insurance Corporation in an amount equal to not less than five percent (5%) of the bid. In lieu of making the cash deposit, a bidder may file a bid bond executed by a corporate surety licensed under the laws of North Carolina to execute such bonds, conditioned that the surety will, upon demand, make payment to the obligee upon said bond if the bidder fails to execute the contract in accordance with the bid bond. This deposit shall be retained if the successful bidder fails to execute the contract within ten (10) days after the award or fails to give satisfactory surety.

B. Performance and Payment Bonds

For all construction and repair contracts within the financial limits specified in N.C.G.S. 44A-26(a), the Board requires from all contractors or construction manager at risk a performance and payment bond for the entire value of the project.

IV. Participation by Women and Minority-Owned Businesses

The Board will make a good faith effort to reach the State of North Carolina's verifiable percentage goal of ten percent (10%) participation in construction contracts by minority and female-owned businesses.

V. Authorization to Enter Construction Contracts

The Board hereby delegates to the President the authority to enter into all construction and repair contracts in the informal bidding range that are not supported by State funds. At the next regularly scheduled Board meeting, the President will, as information items, update the Board regarding all contracts executed under this section. All State Construction documents and requirements will be used for informal contracts.

All construction and repair contracts in the formal bidding range must be approved by the Board. All construction and repair contracts in the informal bidding range that are supported in whole or in part by State funds must be approved by the Board. All State Construction documents and requirements will be used for formal contracts.

VI. Change Order Authorization

After a contract for construction or repair work has been awarded, the need may arise to amend the terms, conditions or specifications of the contract by a change order. Change orders may not be used or divided to evade bidding requirements.

A. Change Orders Approved by the President

Unless otherwise prohibited by statute or regulation, the President is authorized to approve change orders involving additive or deductive sums up to 10% so long as funding for the change order is available within the established project budget.

At the next regularly scheduled Board meeting, the President shall report to the Board all change orders that were approved by the President including those that do not impact the contract amount. The report will include the following information: (1) the contractor's name; (2) the project name; (3) a brief description of the change; (4) the contract amount, including amount(s) of any prior changes; and (5) the change order amount. The President is not required to report any proposed change order that was denied by the President.

B. Change Orders Approved by the Board

Change orders that involve amounts over the limit specified above or are more than the remaining funds in the project budget require Board approval. The President shall present all such proposed change orders that are recommended for approval to the Board at a Board meeting. The President is not required to present to the Board any change order not recommended for approval.

If, in the President's opinion, a change order requires expedited review, the President shall notify the Board Chair who will decide whether a special meeting must be called to address the proposed change order before the next Board meeting.

Free speech, which includes the right to distribute material and peacefully assemble, is central to the College's academic mission. The College encourages and supports open, vigorous and civil debate across the full spectrum of society's issues as they present themselves to the College community. At the same time, limitations on activities on College property are necessary so that the College may fulfill its primary mission of educating students. As a result of the increasing instances of identity theft, the United States Congress passed the Fair and Accurate Credit Transactions Act of 2003 (FACTA). Public Law 108-159. This amendment to the Fair Credit Reporting Act dictated that the Federal Trade Commission (FTC) promulgated by the FTC (Red Flag rules) requires any financial institution and creditor that holds any type of consumer account or other account for which a potential risk of identity theft exists to create and implement a written Identity Theft Prevention Program in order to tackle identify theft associated with new and existing accounts. “Red Flags” refer to patterns, practices, or specific activities that could indicate identity theft. This Identity Theft Prevention Program is appropriate to our size and complexity and the nature and scope of the college’s activities.

Roanoke-Chowan Community College adopts this Identity Theft Prevention Program to enact reasonable policies and procedures to protect college employees, students, contractors and the college from damages associated with the compromise of sensitive personal information. This Program is intended to minimize the potential to steal the identity of someone associated with the college but also to prevent the college of being a source of false identity creation. The college will develop appropriate procedures to detect “Red Flags,” develop methods to prevent and mitigate identity theft, and develop plans of action once a “Red Flag” has been detected.

It should be stressed that students should provide their full name, maiden name if married, and other pertinent information to ensure the student is who they claim to be. Inconsistencies will be reconciled and if not reconcilable, actions must be taken in accordance with Section VIII.

All admission and financial data will be directly entered into Datatel using R-CCC computers or by entering financial aid data into a secure website. R-CCC needs to do verifications of students when registering to be assured that the correct student is being registered for courses. Issues that can exist include registering the incorrect student when multiple students are in the college database with the same name; use of an inactive account by someone other than the student to obtain financial aid and/or student benefits; and students attempting to register when they have been away from the college for a long period of time.

Financial Aid. Students are asked to submit their FAFSA electronically. Student signature and official transcripts are the only required documents used for identification. Students selected for verification by the Department of Education are required to provide additional documentation (financial records, income tax information, etc.).

- b. Hiring.

- i. Employees. All new employees will be requested to provide a SSN and picture identification. All new employees will be entered into the Homeland Security database within 5 days of hire. Inconsistencies will be resolved or referred to Section VIII.

- ii. Contractors. These are both Professional Service Contracts and individual firms that are contracted by the college. Every effort will be made to verify the individual and firms name to include Tax ID as appropriate.

- B. Existing Covered Account

5. When documents containing sensitive information are discarded they will be shredded using a mechanical cross cut or Department of Defense (DOD) approved shredding device. Any use by others is strictly prohibited.
 - c. Dissemination of Sensitive Data. It is customary that certain information be provided to selected organizations as a way of performing day-to-day business. Any abnormal requests for sensitive data should initially be denied until the full justification of why the information is necessary is substantiated. It must also be determined that the individual/organization requesting the information is also substantiated and verified.
 - d. Working with Banks. Formal arrangements must be made with participating banks and financial institutions on the proper methods of communication and handling transactions. Only a small selected number of individuals will be on signature cards and these will be updated as individuals depart. Periodically meetings between bank officials and college officials will take place to ensure that working arrangements are fully understood. This includes electronic payroll processing, check and credit card transactions, lock box and various savings and checking accounts.
 - e. Third Party Agencies. The college coordinates with various agencies sponsoring students. These agencies range from Federal programs to local small businesses to family members of prospective students. The relationship between the third party and the student varies. However, it is not the college responsibility to provide sensitive information to the third parties even though they are sponsoring a student. It is the student's discretion as to what type of information is passed on to third parties. Third Party Agencies should also be reminded periodically of their responsibility to keep student information confidential. Third party agencies that handle sensitive data for the college need to be evaluated no less than annually to ensure that they are in compliance with "red flag rules."
 - f. Collection Agencies. In order for collection agencies to be effective they need sensitive information to do their job. The college will contract only with approved North Carolina Collection Agencies and will only provide information electronically in the prescribed format. Collection agencies requesting additional information will be challenged and reported.
 - g. Unauthorized breaches or attempted entry into our system. Any and all breaches or attempted breaches of the security system to gain access to covered accounts will be immediately investigated and a report submitted

to the Identity Theft Prevention Officer. The report will determine whether sensitive information was obtained and a listing of potential covered accounts identified.

R-CCC will perform routine diagnostics on firewalls and the security of electronic data portals.

Security scans to detect unauthorized or attempted access should be completed at regular intervals as well as unscheduled scans to detect breaches.

Physical access to where data is stored electronically is restricted to MIS and personnel approved by the President of the college.

R-CCC utilizes a firewall to prevent unauthorized internet users from accessing its private network connected to the internet.

The internal network is segmented into vlans to further limit who can access the server vlan and what servers they can access.

Employees accessing the Datatel server have passwords that must meet our password complexity policy in which these passwords are required to be changed every 45 days.

MIS employees have their desktops configured to lock after a specified time of inactivity to prevent unauthorized access to sensitive information.

Periodically the MIS security officer should review changes to sensitive information to determine unusual or repetitive activity.

Any laptop or computer that is reported missing containing access to the Datatel system will be immediately reported to the MIS security officer and the Identity Theft Prevention Officer. A determination will be made if obtaining that computer poses any threat and if so, appropriate actions will be made to prevent unauthorized entry.

- h. Transaction Processing. As a minimum when an individual is requesting a processing of any activity to their account including, but not limited to registration activity, financial aid processing, bookstore transactions, and business office payments/inquiries, as a minimum a picture ID and/or a college ID will be needed to verify a person's identity. When corresponding by phone or e-mail sufficient information exchange will be necessary to verify the individual's identity. R-CCC will maintain PCI compliant on portals where payments are taken electronically in an effort for prevention and mitigation of red flags.

- **PREVENTING AND MITIGATING IDENTITY THEFT**

- A. Opening a Covered Account

- a. When a person does not provide any identification or provides insufficient identification, the college should deny registration or financial aid until a picture identification and a valid SSN card is presented. The person may be required to obtain a picture identification card from the Department of Motor Vehicles.

- B. Existing Covered Account

- a. The college has identified the Dean, Finance & Administration as the Identity Theft Prevention Officer. In the event that suspected identity issues arise the Prevention Officer will be notified.
 - b. The college's bookstore buys back books from students at the end of the semester. The bookstore will verify the identity of the student obtaining the cash. This, in correlation with security reports of possible book thefts, could be used to identify if stolen books are attempted to be sold. If anything seems questionable regarding the student selling back the books, bookstore personnel need to be able to verify courses

- d. Actions to take in the event that fraudulent activity is discovered may also require revision to reduce damage to the company and its customers.
- **PROGRAM ADMINISTRATION**
 - A. **Program Oversight** The Board of Trustees is required to review and approve an Identity Theft Prevention Policy. The Board of Trustees designates that the Dean, Finance & Administration be designated as the Identity Theft Prevention Officer who is responsible for the oversight, development, implementation, and administration of the Identity Theft Prevention Program.
 - B. **Staff Training** The Identity Theft Prevention Officer will identify selected individuals to be trained in FERPA. Additionally, training should be conducted for individuals involved in managing or entering data in covered accounts and that periodic reviews are performed to ensure compliance with this policy. The training needs that include multiple records, multiple account managers, and adjunct professors will need to be included.
 - C. **Oversight of Service Providers** It is the responsibility of the company to ensure that the activities of all Service Providers are conducted in accordance with reasonable policies and procedures designed to detect, prevent, and mitigate the risk of identity theft. A Service Provider that maintains its own Identity Theft Prevention Program, consistent with the guidance of the Red Flag Rules and validated by appropriate due diligence, may be considered to be meeting these requirements. Any specific requirements should be specifically addressed in the appropriate contract arrangements.

I. FULL-TIME EMPLOYEES

- A. The Board authorizes the President to hire all full-time College employees. The President shall inform the Board at the next regularly scheduled Board meeting of any new hires made since the last Board meeting.
- B. All newly hired full-time employees shall receive a letter of appointment stating that the employee shall serve a probationary period of at-will employment lasting three months. Supervisors review the employee's progress and performance during this period. If satisfactory performance is not attained, the College may extend the probationary period or not renew the contract after the probationary period. After the probationary period, full-time employees may be eligible for annual employment contracts for at least nine (9) and no more than twelve (12) months dependent on the employee's duties. If an employee is hired after the academic semester has already begun and the employee's probationary period ends during the subsequent academic year, the term of the employee's initial employment contract, if offered, shall only be for the remainder of that subsequent academic year. Nothing in this Policy or in the employee's letter of appointment shall entitle the employee to an employment contract or contract renewal. Although the College may employ someone between contract periods, any employment is terminable at the will of the College or the employee until a contract is fully executed by the employee and the College.

The President is authorized to dismiss any full-time employee during that employee's probationary period for any reason deemed sufficient except for reasons related to the employee's race, religion, color, national origin, sex, gender, age, disability, genetic information, political affiliation, status as a covered veteran or if the decision is otherwise a violation of state or federal law ("Impermissible Grounds"). The President's decision is final and not subject to Board appeal unless the employee believes his/her dismissal was solely based on Impermissible Grounds. If the employee believes the President's decision was solely based on Impermissible Grounds, the employee may appeal to the Board pursuant to Policy 3.3.6 – Right of Appeal.

II. PART-TIME AND TEMPORARY EMPLOYEES

- A. The Board authorizes the President or the President's designee to hire all part-time and temporary employees. The President shall inform the Board at the next regularly scheduled Board meeting of any new hires made since the last Board meeting.
- B. All part-time and temporary College employees shall receive a letter of appointment and shall serve as at-will employees. Nothing in this Policy or in the employee's letter of appointment shall entitle the employee to an employment

contract. Personnel hired as part-time and temporary appointments do not earn benefits.

- C. The President is authorized to dismiss any part-time or temporary employee for any reason deemed sufficient except for Impermissible Grounds. The President's decision is final and not subject to Board appeal unless the employee believes his/her dismissal was solely based on Impermissible Grounds. If the employee believes the President's decision was solely based on Impermissible Grounds, the employee may appeal to the Board pursuant to Policy 3.3.6 – Right of Appeal.

EMPLOYMENT USING OTHER FUNDS

- A. All persons employed by Roanoke-Chowan Community College through the use of funds from other state and local sources, or who are assigned to the College and paid through other sources, are temporary employees. These individuals are hired for a fixed term for a specific purpose, and nothing written in the contract or by oral agreement is to state or imply that the employment will be continued beyond that term.
- B. Persons employed with funds from sources other than state and local cannot carry over any vacation time earned beyond the term of the contract.

MISCELLANEOUS PROVISIONS

- A. The quality of the College's programs and services are dependent on the skills, commitment and enthusiasm of all of its employees. The Board seeks to employ the best qualified personnel available. In return, the Board expects its employees to accept and support the College's mission and vision. Specifically, all employees are expected to know the College's policies and procedures, devote their professional services and individual skills to the realization of the College's objectives and to discharge their duties in such a manner as to reflect positively upon the College. All College employees are expected to assume and perform all responsibilities and duties listed in their official Job Descriptions and as assigned to them by the President.
- B. No applicant will be considered for any employment position who does not complete and submit a College employment application form.
- C. Employment preference will be given to eligible veterans, their spouses or surviving spouses and surviving dependents as defined by N.C.G.S. § 128-15. This preference applies to initial employment, subsequent hiring, promotions, reassignments and horizontal transfers when two or more candidates are equally qualified for the position. To claim veterans' employment preference, all eligible veterans shall submit a Department of Defense Form 214 (Certificate of Release or Discharge from Active Duty) along with a College application for employment. To claim veterans' employment preference, eligible veterans must meet the minimum

training and experience requirements for the position and must be capable of performing the duties assigned to the position.

I. EMPLOYMENT CLASSIFICATIONS

- A. Full-Time Employee – any individual who occupies a College designated full-time position working 40 hours per week. All full-time positions are classified as either full-time curriculum or full-time non-curriculum and exempt or non-exempt. Full-time curriculum employees receive contracts for nine month periods within a fiscal year and may be contracted on a month-to-month basis per instructional needs.
- B. Part-Time Employee with Benefits – any individual who is employed for 30 to 39 hours per week for at least nine months per year. All part-time employees with benefits positions are classified as either part-time curriculum or part-time non-curriculum.
- C. Part-Time Employee – any individual who is employed for less than 30 hours per week. All part-time employee positions are classified as either part-time curriculum or part-time non-curriculum.
- D. Full-Time, Temporary Employee – any individual who is employed in a full-time position (i.e., 40 hours or more per week) but the job is temporary (i.e., generally less than six months except in extraordinary situations). All full-time, temporary employees are classified as exempt or non-exempt. For purposes of the Affordable Care Act only, any full-time, temporary employee who is anticipated at the date of hire to work in excess of three (3) months during the academic year is considered a full-time employee for purposes of an offer of health insurance.
- E. Part-Time, Temporary Employee – any individual who is employed in a part-time position (i.e., less than 30 hours per week) but the job is temporary (i.e., generally less than six months except in extraordinary situations).
- F. Emergency Appointment - Periodically circumstances occur beyond the College's control where it becomes necessary to make a faculty or staff appointment to a position without going through a formal search. An example is when a staff member or faculty member suddenly vacates their position before their contract period has ended due to unforeseeable circumstances. When such staffing needs arise within the College, they require a quick hire or "emergency appointment". Emergency appointments fall under the category of full-time temporary hires and should not exceed a year's duration, unless otherwise approved by the President. Full-time temporary appointees are not eligible to participate within the state retirement system; however, the college has the discretion of providing health care benefits on an individual basis. Once sufficient time has lapsed, not to exceed twelve months from making an emergency appointment, if the college decides to keep the position in question, a formal search shall be done according to the normal process for searches and hires.

II. WORKLOADS

The President is hereby authorized to develop administrative procedures to establish workloads consistent with this Policy.

Adopted: 6.25.2024

General Authority:

Revised: 12-5-23

Editorial Changes:

Compensatory time will be granted to a full-time, non-curriculum, non-exempt employee under the provisions of the Fair Labor Standards Act. If a non-exempt employee works more than forty (40) hours in a given work week, that employee shall receive compensatory time.

For accrual and use of compensatory time, the following rules shall apply:

- A. The employee's immediate supervisor must approve, in writing, any time over forty (40) hours per week prior to the employee working the time. Overtime work is discouraged and should only be implemented due to an emergency or extraordinary situation. Approved leave taken during a workweek (i.e., annual, sick, holiday, etc.) will not be counted as time worked for purposes of overtime.
- B. If it is necessary for an employee to work over forty (40) hours per week, one and one-half (1.5) hours of compensatory time shall be granted for each hour of overtime worked. The employee is responsible for accurately and honestly recording hours worked on time records and in accordance with College policy and practice. The employee's supervisor shall review and approve time records at the conclusion of each period to determine that all recorded overtime hours are accurate.
- C. Except in extreme circumstances and with the appropriate Vice President's approval, supervisors shall make sure that employees do not accrue more than forty (40) hours of compensatory time at any time and all accrued compensatory time must be used by the last day of the fiscal year (June 30th). If an employee fails to exhaust his/her compensatory time by the end of the fiscal year, the appropriate Vice President shall consult with the President to determine whether the unused accrued compensatory time shall be paid to the employee or if the College shall require the employee to use the leave at a time determined by the Vice President.
- D. Employees are required to use compensatory time prior to using any other accrued leave (annual, bonus, sick, etc.)
- E. The employee's immediate supervisor must approve the use of compensatory time. To the extent possible, compensatory time should be used within the pay period it was received. An employee who has accrued compensatory time and requests the use of such time must be permitted to take the time within a reasonable period after making the request if the use of the compensatory time does not unduly disrupt the College's operations.
- F. In the event an employee leaves his/her College employment, the employee must, to the extent possible, exhaust all compensatory time before the last day of employment. Unused compensatory time must be paid at a rate of not less than the average of the employee's regular pay rate for the last three years of employment or the final regular rate received by the employee, whichever is greater.

Compensatory time may not be used to extend dates of retirement, resignation or other forms of severance from the College.

- G. Compensatory time shall be accumulated in quarter hours. The College shall round up to the nearest quarter hour when calculating compensatory time.
- H. Any work from home is not allowed to be counted as part of the forty (40) hour workweek and/or compensatory leave unless pre-approved by the employee's immediate supervisor and appropriate Vice President.
- I. Failure to follow the requirements set forth in this policy is grounds for disciplinary action, up to and including non-renewal or termination.

The College recognizes that a retired state employee has valuable experience to offer. The College further recognizes that the age of the College and the longevity of many employees will predicate an increase in retirements.

The College may employ retirees of the State of North Carolina when such employment is necessary for the College's efficient and effective operation. Such employment will be authorized by the President. Retirees are subject to a mandatory six (6) month waiting period before re-employment may occur. A retiree of the Teachers' and State Employees' Retirement System ("TSERS") is subject to earnings limitations, as established by TSERS. Further, the College shall not arrange post-retirement employment with any person currently employed by the College, or other TSERS-participating agency or local government. A retiree may only be employed in an interim, part-time, temporary, or fee-for-service position and may not be employed in a position that requires membership in TSERS.

The purpose of this Policy is to define and authorize benefits to be available to employees in this classification when the restricted earnings will be less than the employee will earn under the College salary plan.

A. Benefits – Leave Accruals

Full-time employees who are also retirees of the TSERS will earn annual leave and sick leave under the same guidelines as active full-time employees.

B. Benefits – Longevity Pay

A full-time employee who is also a retiree of the TSERS is eligible for longevity pay subject to the earnings limitation.

C. Health Insurance

If a re-hired retiree returns to work and, as a result of the position and hours worked, qualifies for an offer of health insurance by the College, TSERS will transfer health insurance responsibilities back to the College and the retiree-employee will receive the legal, mandated health insurance coverage from the College as required by law.

For any official action regarding the employment status of a family member that would result in the financial gain to the Board member, the Board member shall disclose the conflict to the full Board and will not take part in the official action unless otherwise allowed by law.
- E. Employees with the authority to recommend the hiring of another employee shall not recommend the hiring of another person with whom they are "closely related."

- A. Upon completion of at least ten (10) years of total qualifying service with the College in a full-time, permanent position or part-time, permanent position (employed at least nine (9) months per year and for at least twenty (20) hours per week), an employee is eligible for Longevity Pay.
- B. Qualifying service is based on a month-for-month computation of employment with:
1. An institution in the North Carolina Community College System or a school administrative unit regardless of the source of salary and including state, local or other paid employment.
 - a. Employment for a full school year is equivalent to one full calendar year (credit for a partial year is given on a month-for-month basis).
 - b. In no event will an employee earn more than a year of aggregate service credit in a twelve (12) month period.
 - c. If an employee is in pay status for one-half (i.e., working, exhausting leave, workers' compensation, or military leave) or more of the regularly scheduled workdays in a month, credit shall be given for the entire month.
 2. Departments, agencies, and institutions of the State of North Carolina (e.g., State Department of Administration, North Carolina Department of Revenue, University of North Carolina, North Carolina Community College System, State Department of Public Instruction).
 3. Other governmental units which are now agencies of the State of North Carolina (e.g., county highway maintenance forces, War Manpower Commission, the Judicial System).
 4. County agricultural extension service.
 5. Local mental health, public health, social services, or civil preparedness agencies in North Carolina, if such employment is subject to the State Personnel Act.
 6. Authorized military leave.
 - a. Credit for military leave is granted only for persons who were employees of the State of North Carolina or other agencies listed in Section 2(a)-(e) herein who were granted leave without pay:
 - for a period of involuntary service plus ninety (90) days or for a period of voluntary enlistment for up to four years, plus ninety (90) days, so long as they returned to employment in a covered agency within the ninety (90) days; or

- for a period of active duty for service, alerts, or required annual training while in the National Guard or in a military reserve program.
 - b. Employees who enlist for more than four years or who re-enlist shall not be eligible for longevity consideration for military leave.
 - c. Employees hospitalized for a service-connected disability or injury shall be granted additional leave without pay for the period of hospitalization plus ninety (90) days or for twelve (12) months, whichever is shorter. The hospitalization must commence before reinstatement into qualifying service for the provisions of this part to apply.
- C. Aggregate service to the State of North Carolina for the longevity pay plan does not include:
- 1. Temporary service, that is, service by an employee who works in a temporary position, or who is working temporarily in the absence of a full-time regular employee on leave of absence.
 - 2. Periods of out-of-state employment with other states, schools, colleges or universities.
 - 3. Periods of employment with agencies of the federal government.
 - 4. Periods of military service other than those categories described above.
 - 5. Periods of employment for employers other than the State of North Carolina even though credit in the North Carolina Retirement System has been purchased for such employment.
- D. Annual longevity pay amounts are based on the length of aggregate service to the State of North Carolina, community colleges, and public schools as designated herein and a percentage of the employee's annual rate of pay on the date of eligibility.
- 1. Longevity pay amounts are computed by multiplying the employee's annual base salary rate as of the eligibility date by the appropriate percentage, rounded to the nearest dollar, in accordance with the following table:

YEARS OF AGGREGATE STATE SERVICE	LONGEVITY PAY RATE
10 but less than 15 years	1.50 %
15 but less than 20 years	2.25 %
20 but less than 25 years	3.25 %

25 or more years 4.50%

2. Longevity pay is not considered a part of annual base or contract pay nor is it to be represented in personnel and payroll records as part of annual base salary. (Salary increases effective on the same date as longevity eligibility date shall be incorporated in the base pay before computing longevity).
- E. The payment of longevity pay to eligible employees is automatic. Payment shall be made in a lump sum subject to all statutory deductions, during the monthly pay period in which the employee has satisfied all eligibility requirements.
1. Eligible employees on worker's compensation leave shall receive longevity payment in the same manner as if they were working.
 2. If an employee retires, resigns, dies, or is otherwise separated on or after the date of becoming eligible for a longevity payment, the full payment shall be made to the employee or to the estate of the employee in the event of death.
 3. If on the effective date of these procedures, an employee has completed the qualifying length of service but is between eligibility dates, longevity payment will be made on the next longevity anniversary date.
 4. If the employee has worked part but not all of one year since qualifying for longevity payment, the employee shall receive a prorated payment in the event of:
 - a. separation from the College, or
 - b. change in employment status to temporary part-time or to a position not covered in the Policy.
 5. If an employee separates from the College and receives a partial longevity payment and is employed by another community college, school administrative unit, or state agency, the balance of the longevity payment shall be made upon completion of additional service totaling twelve (12) months for an employee having a 12-month period of employment or upon completion of a lesser term for a teacher other than a 12-month contract. The balance due is computed on the annual salary being paid at the completion of the requirement.
 6. If an eligible employee at the time of separation has a fraction of a year toward the next higher percentage rate, payment shall be based on the higher rate; however, the basic eligibility for longevity requirement must have been satisfied before this provision can apply.
 7. Leave without pay in excess of half the work days in a month (with the exception of authorized military leave and worker's compensation leave) will delay the longevity anniversary date on a month-for-month basis.

- F. Longevity pay shall be made from the same source of funds in the same prorated amounts from which the employee's regular annual salary is paid (e.g., state, federal, local fund). The Trustees may provide longevity payments to employees from other than state allotted funds.
- G. The President shall:
1. Determine the quality of qualifying service and the longevity anniversary date for each eligible employee.
 2. Furnish to the State Board, on forms prescribed by NCCCS, data necessary for a determination of the cost of the longevity pay plan from state funds.
- H. The State President shall determine the total cost of the longevity pay plan from data submitted by each community college. The State President shall advise the State Board whether funds available for longevity pay are adequate. If funds are not adequate, the State President shall submit a budget revision to the State Budget Officer requesting additional funds from other available sources within State Aid.

I. Amount Earned

- B. A part-time employee with benefits working or on paid leave for one-half or more of the regularly scheduled workdays in any month shall earn five and one-half (5.5) sick leave hours per month (sixty-six (66) sick leave hours per year for twelve (12) month employees) (approximately two-thirds the rate of full-time employees).
- C. Unused sick leave may be used for credit towards retirement under the policies and regulations of the North Carolina Teachers' and State Employees' Retirement System.

II. Advancement

The College may advance sick leave not to exceed the amount of sick leave an employee can earn during the current fiscal year. Such sick leave advancement must be approved in advance by the President and will only be used in extraordinary situations.

III. Verification

The College may require a statement from a medical provider or other acceptable proof that the employee was unable to work for one of the accepted uses listed in Section IV. The College requires a statement from a medical doctor if an employee is absent for 3 consecutive days, indicating that the employee was unable to work due to personal or family illness.

IV. Accepted Uses

Sick leave may only be used for the following reasons:

- A. Illness or injury of the employee or the employee's immediate family. For purposes of this Policy, "immediate family" means the employee's spouse, parent, child, sibling, grandparent, or grandchild. This also includes all step, half, and in-law relationships;

All sick leave shall be taken in one-hour increments. Only scheduled work hours shall be charged in calculating the amount of sick leave taken. Saturdays and Sundays are charged only if they are scheduled workdays.

Earned compensatory time must be used before using sick leave.

B. Transfer of Leave

An employee who transferred from a North Carolina public K-12 school, North Carolina community college, a UNC System University, or a state agency ("public employers") to the College shall be credited with any sick leave which s/he had at the end of employment with the public employer provided that his/her employment was continuous.

C. Separation

When an employee separates from College employment, the College shall not pay the employee for any accrued, unused sick leave. Sick leave must first be exhausted before going on leave without pay or extended illness. While an employee is exhausting sick leave, s/he earns all benefits for which s/he is entitled.

If an employee separates from College employment and is overdrawn on sick leave, the College shall make deductions from the employee's final pay check. All deductions shall be made in one hour increments. As consideration for providing sick leave, employees voluntarily agree to such deductions from their final pay check.

Employees separated from College employment for reasons unrelated to disciplinary reasons shall be credited with all accrued, unused sick leave at the time of their separation if reinstated within one year from the date of separation.

E. Recordkeeping

III. Advancement

- A. Annual leave may be advanced by the President in an amount not to exceed what an employee can earn during the remainder of the fiscal year.
- B. For the first six (6) months of service, new employees can only earn annual leave as stipulated in Section I. Thereafter, an employee may be advanced the amount of leave they would earn during the remainder of the fiscal year.

¹ “Total State Service” means an employee working in a permanent position (working at least 30 hours per week) for a North Carolina K-12 school, North Carolina Community College, a UNC System University, a state agency or service with the United States Armed Forces or North Carolina National Guard.

- C. An employee desiring an advancement of annual leave must submit, in addition to the requested form, a statement of need outlining the circumstances which require use of as-yet-unearned annual leave. Each case will be assessed on its merits and considerations given as to the urgency of the request and the College's business needs.

IV. Accepted Uses

The primary purpose of annual leave is to allow and encourage employees to renew their physical and mental capabilities and to remain a fully productive employee.

Annual leave may also be requested for other periods of absence for personal reasons, absences due to adverse weather conditions and for personal illness or illnesses in the immediate family when the employee has exhausted sick leave. Annual leave must be exhausted before an employee goes on leave without pay, except in cases of the birth or adoption of a child as covered under Policy 3.2.13 – Family and Medical Leave Act.

V. Other Procedures

A. Scheduling Annual Leave

Annual leave shall be taken only upon authorization of the employee's supervisor, who shall designate such time or times when it will least interfere with the College's efficient operation. Employees must request annual leave in advance. A supervisor may deny an employee's request to use annual leave if the leave would otherwise hinder the efficient operation of the College or the employee has not provided reasonable notice of the request. Annual leave must be taken in units of one hour.

Only scheduled work hours shall be charged in calculating the amount of annual leave taken. Weekends and/or holidays are charged only if they are scheduled workdays.

Except for in unusual circumstances or otherwise allowed by State law or policy, or College policy, Curriculum Employees should not use annual leave on days in which the employee is scheduled to teach.

B. Separation from Employment

- 1. Lump sum payment for annual leave is made only at the time of separation from employment. An employee shall be paid in a lump sum for accumulated annual leave not to exceed a maximum of two-hundred forty (240) hours when separated from employment from the College due to resignation, dismissal, reduction-in-force, death or service retirement. Employees retiring on disability retirement may exhaust leave rather than be paid in a lump sum.

2. If an employee separates from employment and is overdrawn on annual leave, deductions will be made from the final salary check. It will be deducted in full hour units, i.e., a full hour for any part of an hour overdrawn. As consideration for providing annual leave, employees voluntarily agree to such deductions from their final pay check.
3. Payment for annual leave may be made on the regular payroll or on a supplemental payroll, reflecting the number of days of leave and the amount of payment. Annual leave may be paid through the last full hour of unused leave.
4. Retirement deductions shall be made from all annual leave payouts.
5. The last day of work is the date of separation, except when an employee exhausts sick and annual leave before disability retirement.

C. Transfer of Annual Leave

For new employees, the College does not accept annual leave from other state agencies or local educational entities.

D. Annual Leave Records

The College shall maintain records for annual leave earned and taken for each employee. The College shall notify employees of their total annual leave balance at the end of each month. The College shall retain all annual leave records of all separated employees for a period of at least five years from the date of separation.

It is the employee's responsibility to report any discrepancy or problem with his/her sick leave balance to Human Resources.

For jury duty and other court attendance, it is the employee's responsibility to inform the appropriate Vice President or Dean when the duty is scheduled and the expected duration. Employees shall provide notice of the required jury or court appearance as soon as practical.

I. Jury Duty

All employees who serve on a jury are entitled to civil leave with pay plus fees received for jury duty. The employee should report back to work as soon as jury duty is completed. They must report back to work the day following completion of the duty. If jury duty occurs on a scheduled day off, the employee is not entitled to additional time off.

II. Court Attendance

When an employee attends court in his or her official capacity as a College employee, the employee is entitled to civil leave with pay. The employee is required to give any fees received as a witness while serving in an official capacity to the College. (If court is on a day that would normally be an off-day, the time is to be considered as working time and included in total hours worked per week).

If an employee is a party or subpoenaed to appear as a witness in a court matter where the employee's appearance is not related to their College duties, the employee shall be allowed to take annual leave, compensatory leave or leave without pay for purpose of attending court.

I. Use of Leave due to Workers' Compensation Injury

When an employee suffers an accidental injury or contracts an occupational disease within the meaning of the North Carolina Workers' Compensation Act ("Act"), the employee is entitled to benefits provided by the Act. The employee is entitled to medical benefits and compensation for time lost from work due to the injury. The Act does not entitle an employee to job protection due to a workers' compensation injury.

If an employee is not able to work because of the accident, the Act requires a seven (7) day waiting period before the employee is eligible for weekly benefits. After the seven (7) day waiting period has expired, if an employee is not able to work because of the accident, an employee qualifies for compensation under the Act at the rate of sixty-six and two-thirds percent (66-2/3%) of an employee's average weekly wage, but no more than the amount established by the Act.

If the injury results in disability of more than twenty one (21) calendar days from the date of disability, the Act provides that compensation shall be allowed for the seven (7) day waiting period. At any time during the period of disability, an employee may use accrued leave in order to make up the difference between the compensation provided under the Act and their average weekly wage.

II. Responsibility of Employer and Employee

In accordance with N.C.G.S. 97-22, the employee or their representative must provide written notice of an accident to the employee's supervisor as soon as possible. No compensation shall be payable unless such written notice is given within thirty (30) days after occurrence of the accident or death, unless reasonable excuse is made to the satisfaction of the North Carolina Industrial Commission ("Commission") for not providing adequate notice and the Commission is satisfied that the employer has not been otherwise prejudiced by the delay.

The College is required to report an employee injury to the Commission using I.C. Form No. 19. The injured employee is responsible for claiming compensation. A claim must be filed by the employee through the College with the Commission within two (2) years from the date of injury. Otherwise, the claim is barred by law.

III. Continuation of Benefits

A. Performance Increase. Upon reinstatement, an employee's salary will be computed based on the last salary plus any legislative increases to which the employee is entitled.

- B. Annual and Sick Leave. While on workers' compensation leave, an employee will continue to accumulate annual and sick leave to be credited to his/her account for use upon return.

Accumulation of annual leave may in some cases exceed the 240-hour maximum as set forth in Policy 3.2.6. In those cases:

1. The maximum to be carried forward to the next fiscal year may be exceeded by the amount of vacation accumulated while the employee is out of work due to their workers' compensation injury. The excess may be used after returning to work or be added to the employee's remaining balance of leave carried until the end of the fiscal year following a full year after the employee's return to work, at which time the excess will be paid in a lump sum to the employee.
2. If the employee separates during the period that excess annual leave is allowed, the excess annual leave to be paid in a lump sum may not exceed the amount accumulated during the first twelve (12) months of when the employee is out of work and receiving workers' compensation benefit.

- C. Health Insurance

While an employee is out of work and receiving compensation under the Act, the employee is in pay status and will continue coverage under the state's health insurance program.

The College may award bonus leave to full-time employees only when authorized by the General Assembly. The award of bonus leave may be prorated based on the months of employment the employee works.

- A. Scheduling Bonus Leave – Bonus leave may be used under the same circumstances as annual leave pursuant to Policy 3.2.6 and shall be taken only upon authorization of the appropriate Vice President. Based on the College's staffing needs, an individual may be required to take bonus leave at a different time than the employee requested.
- B. Maximum Accumulation – There is no maximum accumulation of bonus leave.
- C. Transfer of Bonus Leave – Bonus leave may be transferred into the College from other state agencies or community colleges at the time of hire. Upon separation due to resignation, dismissal or a reduction-in-force, bonus leave is transferable to an employee's account with another state agency or community college.
- D. Separation – Payment of Bonus Leave:
 - 1. Lump sum payment for bonus leave is made only at the time of separation from the College service due to resignation, dismissal, reduction-in-force, death or service retirement.
 - 2. Employees retiring on disability may exhaust bonus leave rather than be paid in a lump sum.
 - 3. Payment for bonus leave may be made on the regular payroll or on a supplemental payroll, reflecting the number of days of bonus leave and the amount of payment. Bonus leave may be paid through the last full hour of unused bonus leave. Overdrawn annual or sick leave amounts may be deducted from bonus leave prior to payment.

A. Use of Leave

1. If the President closes the College as a result of adverse weather or emergency, no employees will be required to take any leave. Essential employees (i.e., security, grounds, maintenance, etc.) who are required to work on closed days will be provide with comparable time-off at a later date with supervisor approval.
2. If the College is open but the employee believes they cannot make it to the designated work site safely, the employee will be required to do one of the following:

 - c. Payroll deduction for time lost.

Make-up time must be completed before the end of the fiscal year.

B. Loss of Instructional Time

2. Documenting make-up through the use of an alternate assignment; or
3. Extending the semester by the time missed.
4. Clinical classes: Any clinical time missed due to inclement weather must be made up in order to meet the requirements of the various accrediting boards. The Dean of College Transfer and Health Sciences, Director of Allied Health, and Director of Nursing (for nursing and EMS) will work with the clinical agencies to reschedule any missed clinical time and submit a report to Academic Affairs.

C. Cancellation Or Reschduling of Organizational Activities

I. PURPOSE

The Voluntary Shared Leave Program ("Program") allows a College employee to voluntarily donate a portion of their leave to a fellow College employee who, due to that employee's serious or prolonged medical condition or that employee's immediate family member's serious or prolonged medical condition, has exhausted all their bonus, annual, and sick leave and is being placed on leave-without-pay status.

Based on the rules as contained herein, College employees may participate in the Program by:

- A. Donating annual, bonus or sick leave to an immediate family member in any State agency, public school or community college;
- B. Donating annual or bonus leave to a coworker's immediate family member who is an employee in a State agency or public school provided the employee and coworker both work at the College; and/or
- C. Donating annual, bonus or sick leave to a non-immediate family member employee at a North Carolina community college.

II. DEFINITIONS

- A. **Donor** - the employee who donated leave.
- B. **College Employee** - a permanent or probationary full-time or part-time employee that accrues sick and annual leave.
- C. **Immediate Family Member** - a spouse, parent, child, brother, sister, grandparent or grandchild. The term also includes the step, half, foster and in-law relationship and dependent living in the employee's household.
- D. **Recipient** - the employee or the employee's immediate family who receives leave.
- E. **Serious or Prolonged Medical Condition** - a medical condition of an employee or their immediate family that will require their absence from duty for a period of at least twenty (20) consecutive workdays. If an employee has had previous random absences for the same condition that has caused excessive absences or if the employee has had a previous, but different serious or prolonged medical condition within the last twelve (12) months, the College may make an exception to the twenty (20) day period.

III. LEAVE REASONS

A. Qualifying Reasons

To receive voluntary shared leave, a prospective recipient must have complied with existing leave rules and:

1. Have a serious and prolonged medical condition (or a member of the employee's immediate family has a medical condition that requires the employee's absence for a prolonged period);
2. Apply for or be nominated to become a recipient;
3. Produce medical evidence to support the need for leave beyond the available accumulated leave; and
4. Be approved by the President to participate in the Program.

A College employee on maternity leave may be eligible to receive voluntary shared leave to cover the period of disability related to the pregnancy and/or birth as documented by a physician.

B. Non-Qualifying Reasons

A College employee who is receiving benefits from the Disability Income Plan of North Carolina ("DIPNC") is not eligible to participate in the Program. Shared leave may be used during the required waiting period and following the waiting period provided DIPNC benefits have not begun.

An employee on workers' compensation leave who is drawing temporary total disability compensation may be eligible to participate in the voluntary shared leave program. Use of donated leave under the workers' compensation program shall be limited to use with the supplemental leave schedule as described in 25 NCAC 01E .0707.

This Policy does not apply to short-term or sporadic conditions or illnesses. This would include such things as sporadic, short-term recurrences of chronic allergies or conditions; short-term absences due to contagious diseases; or short-term, recurring medical or therapeutic treatments. These examples are illustrative, but not all inclusive. Each case, however, must be examined and decided based on its conformity to this Policy's intent and must be handled consistently and equitably. Voluntary shared leave cannot be used for parental care of a newborn child absent a documented prolonged health condition.

IV. APPLICATION FOR LEAVE

A prospective recipient may apply or be nominated by a fellow employee to participate in the Program. The application may be in the form of a letter or statement to the President or to the Human Resources Department. The request must include a description of the medical condition, the estimated duration of the illness and, in most cases, a certification from a physician. After review of the current leave status and eligibility by the Director of Human Resources, the request will be presented to the President for approval.

V. LEAVE CONTRIBUTION AND DONATION

- A. An employee may begin using voluntary shared leave after all available bonus, annual and sick leave has been exhausted. While using voluntary shared leave, employees continue to earn leave.
- B. The amount of voluntary shared leave a recipient may receive is one thousand forty (1,040) hours per year (prorated for part-time employees), either continuously or, if for the same condition, on a recurring basis. However, the President may grant continuation, on a month-to-month basis, to a maximum of two thousand eighty (2,080) hours, if the President would have otherwise granted leave without pay.
- C. A College employee donating sick leave to an immediate family member may donate up to one thousand forty (1,040) hours but may not reduce the donor's sick leave account below forty (40) hours. Employees who donate sick leave shall be notified in writing of the State retirement credit consequences of donating sick leave. The minimum amount of sick leave to be donated is four (4) hours.
- D. A College employee may donate up to five (5) days of sick leave to a non-immediate family member employee of a North Carolina community college. The combined total of sick leave donated to a recipient from non-immediate family member donors shall not exceed twenty (20) days per year. Donated sick leave shall not be used for retirement purposes. Employees who donate sick leave shall be notified in writing of the State retirement credit consequences of donating sick leave. The minimum amount of sick leave to be donated is four (4) hours.
- E. The minimum amount of annual and/or bonus leave that may be donated per recipient is four (4) hours per year. The maximum amount of annual leave that may be donated:
 - 1. May not be more than the amount of the donor's annual accrual rate; and
 - 2. May not reduce the donor's annual leave balance below one-half of the yearly annual leave accrual rate.
 - 3. Bonus leave may be donated without regard to the above limitations on annual leave.
- F. All leave donated shall be credited to the recipient's sick leave account and is available for use on a current basis or may be retroactive for up to sixty (60) calendar days to substitute for advanced vacation or sick leave already granted to

the recipient or to substitute for leave without pay. Donated leave shall be applied to advanced leave before applying it to leave without pay.

- G. To donate voluntary shared leave, a donor must, at the time of donation:
 - 1. Be an active employee (not separated);
 - 2. Be in a position that earns leave; and
 - 3. Have sufficient leave balances.

VI. UNUSED SHARED LEAVE

A. End of Medical Condition

Any unused leave at the expiration of the medical condition, as determined by the President, shall be treated as follows:

- 1. The recipient's sick leave account balance shall not exceed a total of forty (40) hours (prorated for part-time employees).
- 2. Any additional unused donated leave shall be returned to donor(s) on a pro-rata basis and credited to the leave account from which it was donated.

B. Separation from Service

If a recipient separates from service due to resignation, death, or retirement, participation in the Program ends. Unused leave shall be returned to the donor(s) on a pro-rata basis and credited to the same account from which it was donated.

C. Transfer

If a recipient transfers to another North Carolina state agency, public education system or community college, unused voluntary shared leave shall be returned to the donor(s) and credited to the same account from which it was donated.

VII. CONFIDENTIALITY

An employee's medical information is confidential. When disclosing information on an approved recipient, only a statement that the recipient has a prolonged medical condition (or the family member) needs to be made. If the employee wishes to make the medical status public, the employee must sign a release to allow the status to be known.

VIII. INTIMIDATION OR COERCION PROHIBITED

An employee may not intimidate, threaten, coerce, or attempt to intimidate, threaten, or coerce any other employee for the purpose of interfering with any right which the employee

may have with respect to donating, receiving, or using leave under this Program. Such action shall be grounds for disciplinary action, up to and including, dismissal.

- A. For the birth of a child and to care for the child after birth, provided the leave is taken within a twelve (12) month period following birth;
- B. For the employee to care for a child placed with the employee for adoption or foster care, provided the leave is taken within a twelve (12) month period following adoption;
- C. For the employee to care for the employee's child, spouse or parent, where that child, spouse or parent has a serious health condition;

III. PROCEDURE

A. Paid/Unpaid Leave

When applicable, all eligible employees are required to use appropriate accrued paid leave (i.e., annual, bonus, compensatory and sick leave) for any portion of

FMLA leave. All benefits accrue during any period of paid leave; however, no benefits or seniority will be accrued during a period of unpaid FMLA leave. Any use of paid leave runs concurrent with FMLA leave and counts toward the FMLA leave entitlement.

Holidays occurring during an FMLA period of a full week count toward the FMLA leave entitlement. Holidays occurring in a partial week of FMLA do not count toward the FMLA leave entitlement unless the employee was scheduled to work on the holiday.

B. Intermittent Leave or Reduced Work Schedule

Under certain circumstances, FMLA leave may be taken intermittently or on a reduced leave schedule which reduces the regular workday or workweek. If the employee's request for intermittent leave or leave on a reduced work schedule is foreseeable because of a planned medical treatment, the College may transfer the employee temporarily to another position for which the employee is qualified and which better accommodates recurring periods of leave. The alternative position must have equivalent pay and benefits. There is no limit on the size of an increment of leave when intermittent or reduced leave is taken. The College may limit leave increments to the shortest period of time that the payroll system uses to account for absences or leave, provided it is one (1) hour or less. An employee may not be required to take more FMLA leave than necessary to address the circumstances that precipitated the need for the leave.

C. Notices

1. Notice to Employer

In all instances where the employee is required to provide the College notice of requested FMLA leave, the employee shall inform the Human Resources office and his/her immediate supervisor. It is the responsibility of the employee to explain the reasons for FMLA leave in sufficient detail as to allow the College to determine that the leave qualifies under the FMLA. If the employee fails to adequately explain or document FMLA qualifying reasons for the leave after a request by the College, leave may be denied. Where the necessity for FMLA leave for the birth or placement of a child is foreseeable, the employee shall notify the College at least thirty (30) days before the date the leave is to begin or the employee's intention to take such leave. In other cases, the employee shall provide such notice as soon as practicable. For foreseeable leave where it is not possible to give as much as thirty (30) days' notice, "as soon as practicable" means at least verbal notification within one (1) or two (2) business days of when the need for leave becomes known to the employee. An employee shall provide at least verbal notice sufficient to make the College aware that the employee needs FMLA leave and the anticipated timing and duration of the leave. The College may also require an employee to comply with the College's usual

and customary notice and procedural requirements for requesting leave. If the employee fails to give timely advanced notice when the need for FMLA leave is foreseeable, the College may delay the taking of FMLA leave until thirty (30) days after the date the employee provides notice to the College of the need for FMLA leave. An employee may not be entitled to FMLA leave if he or she fails to provide adequate notice of the leave and certification of the medical condition as provided within this policy and the law.

2. Notice to Employee

Within five (5) business days of the employee notifying the College of the need for FMLA leave, the College shall give the employee a written notice detailing the specific rights, expectations and obligations of the employee on FMLA leave. The College shall use the U.S. Department of Labor model notice form. Within five (5) business days after receiving sufficient information to determine whether the need for leave is FMLA qualifying, the College shall give the employee notice that informs the employee of the amount of leave that will be counted against the employee's FMLA leave entitlement. The College shall use the U.S. Department of Labor model designation form.

D. Medical Certification

Any request for FMLA leave for a serious health condition shall be supported by a certification issued by the health care provider of the eligible employee or of the son, daughter, spouse or parent of the employee as appropriate. Such medical certification should be attached to the employee's request for FMLA leave, or in the case of unforeseen leave, generally within two (2) business days after the leave begins. In the case of foreseeable leave, the College may delay the taking of FMLA leave to an employee who fails to provide timely certification after being requested by the College to furnish such certification (within fifteen (15) calendar days, if practicable) until the required certification is provided. In the case of unforeseeable leave, if the employee does not provide the medical certification within a reasonable time under the pertinent circumstance, the College may delay the continuation of FMLA leave. If the employee never produces the required medical certification, or if the certification does not confirm the existence of a serious health condition as defined under FMLA, then the leave is not FMLA leave. In any case in which the College has reason to question the appropriateness of the leave or its duration, the College may request certification at some later date. If the College has reason to doubt the validity of the certification provided, the College may require, at its expense, that the eligible employee obtain the opinion of a second (or third) health care provider. Second and third opinions are not permitted for the military caregiver leave.

If the College deems a medical certification to be incomplete or insufficient, the College must specify in writing what information is lacking and give the employee seven (7) calendar days to cure the deficiency.

The College may not ask for recertification any more frequently than every thirty (30) days. If the initial certification is for more than thirty (30) days, the College must wait for the initial leave period set forth in the certification to run before asking for recertification. Recertification may only be required when employees are taking leave for their own serious health conditions. Under the qualified exigency leave, the College may not request recertification of the covered service member's active duty or call to active duty orders. Also, recertification is not permitted for the military caregiver leave.

The College's representative contacting the health care provider must be a health care provider, human resource professional, a leave administrator, or a management official, but in no case may it be the employee's direct supervisor. Further, the College may not ask health care providers for additional information beyond that required by the medical certification form.

E. Confidentiality

All records and documents relating to medical certifications, recertification or medical histories of an employee or an employee's family members shall be maintained in a separate medical file from the employee's personnel file and shall be treated as confidential medical records in accordance with the Americans with Disabilities Act of 1990 ("ADA").

F. Fitness-for-Duty/Notice of Intent to Return to Work

The College may require an employee on FMLA leave to report periodically on the employee's status and intent to return to work. The College shall require that the employee provide reasonable notice within two (2) business days, where foreseeable, of a change in circumstances or duration of FMLA leave. As a condition of restoration for any employee who has taken FMLA leave for the employee's own serious health condition (except for intermittent leave), the College shall require each such employee obtain (at the employee's expense) and present certification from the employee's health care provider, with regard to the particular health condition that caused the employee's need for FMLA leave, that the employee is able to resume work, if such certification is job-related and consistent with business necessity. The College may delay restoration to employment until an employee submits a required fitness-for-duty certification. Unless the employee provides either a fitness-for-duty certification or a new medical certification for a serious health condition at the time FMLA leave is concluded, the employee may be terminated.

G. Restoration to Work

Except as provided under "Exemption" below, any eligible employee who takes approved FMLA leave shall be entitled upon return from such leave:

1. To be restored by the College to the same position of employment held by the employee when the leave commenced; or
2. To be restored to an equivalent position with equivalent employment benefits, pay, and other terms and conditions of employment.

If the employee is unable to perform an essential function of the position because of a physical or mental condition, including the continuation of a serious health condition, the employee has no right to restoration to another position under the FMLA. However, the College will review such situations on a case-by-case basis under the ADA.

Exemption:

If the employee is a salaried FMLA-eligible employee who is among the highest paid ten percent (10%) of all College employees (i.e., a "key employee"), the College may deny restoration of such employee if the denial is necessary to prevent substantial and grievous economic injury to the operations of the College, and after notification to the employee to that effect, the employee elects not to return to employment.

Taking FMLA leave shall not result in the loss of any employment benefit accrued prior to the date on which the leave commenced. However, an employee is not entitled to the accrual of any seniority or employment benefits during unpaid FMLA leave.

H. Group Health Coverage

The College shall maintain the employee's coverage under any group health plan (as defined in the FMLA regulations) on the same conditions as coverage would have been provided if the employee had been continuously employed during the entire FMLA leave period. However, the College may recover the premium that it paid for maintaining such group health plan coverage for the employee under certain circumstances set forth in the Notice provided to employees when they request FMLA leave. The College's obligation to maintain health insurance coverage ceases under FMLA if an employee's premium payment is more than thirty (30) days late, after the College has provided written notice to the employee, mailed at least fifteen (15) days before coverage is to cease, that the payment has not been received.

I. Miscellaneous

An employee's entitlement to benefits other than group health benefits during a period of FMLA leave shall be determined by the College's policy regarding

benefits for other types of leave (paid or unpaid, as appropriate). Maintenance of health insurance policies that are not a part of the College's group health plan (where no contributions are made by the College) is the sole responsibility of the employee.

The College shall not interfere with an eligible employee's rights under the FMLA, shall not discharge or otherwise discriminate against employees who exercise such rights, and shall not retaliate against employees who file, initiate or otherwise assist in charges or investigations against the College.

J. Posting and Requirements

The Executive Director of Human Resources or designee shall ensure that notices of FMLA provisions and information on procedures for filing complaints are posted in places that are readily accessible to employees and applicants.

Editorial Changes:

Leave without pay may be granted to an employee for: a) educational purposes which will better equip the employee for the performance of his/her duties and responsibilities; b) to do special work for the federal/state government in cases of emergency or when the College is to profit by the experience gained or the work performed; c) for vacation purposes; d) for reasons specified in College policy; or e) for other reasons deemed justified by the appropriate Vice President and the President or otherwise required by law.

I. Maximum Amount

Leave without pay normally shall not exceed twelve (12) months. Any exception to this should be agreed upon by the appropriate Vice President and the President. For military leave without pay, see Policy 3.2.15 – Military Leave.

II. Employee Responsibility

The employee shall apply in writing to his or her supervisor for leave without pay at least two (2) weeks prior to such leave. The employee is obligated to return to duty within or at the end of the time granted. If the employee finds s/he will not return to work, the employee must notify the College immediately. Failure to report to work at the expiration of a leave without pay, unless an extension has been requested, shall be treated as a resignation.

III. College Responsibility

The decision to grant leave without pay is an administrative one for which the Vice President and President must assume full responsibility. Factors to consider are workload, need for filling employee's job, chances of employee's returning to duty and chances of the College's ability to reinstate employee to a position of similar status and pay. If it is necessary to fill a position vacant by leave without pay or if it is necessary to terminate an employee on leave without pay, the position may be filled by a temporary or permanent appointment provided the employee on leave without pay is notified of such action immediately.

IV. Retention of Benefits

While on leave without pay, the employee shall retain all accumulated annual leave and sick leave and time earned towards salary increments; however, the employee ceases to earn any additional sick or annual leave on the date leave without pay begins except in cases where an employee is receiving worker's compensation benefits. The employee also ceases to earn time toward salary increments except while on military leave, educational leave or while receiving worker's compensation benefits. Employees on leave without pay (excluding military leave or workmen's compensation) for more than one-half of the total workdays in any month will be responsible for paying the State Health Plan premium if they wish to continue coverage.

V. Payment for Non-workdays – Short Periods of Leave without Pay

A short period of leave without pay is a period of not more than 10 workdays. An employee on leave without pay for a short period is entitled to be paid for non-workdays (weekends and holidays), if they are scheduled to work that day and only when he or she is in pay status at least half the day immediately preceding or following the non-workdays.

Editorial Changes:

The College shall designate and observe certain days each year as holidays. All eligible employees will be given a day off with pay for each holiday as provided herein.

- A. The President shall cause to be published the schedule of holidays to be observed before July 1st each year for the next academic year. A holiday that occurs on a Saturday or Sunday generally will be observed by the College on either the preceding Friday or following Monday. The holiday schedule shall not exceed twelve (12) paid holidays per academic year.
- B. An eligible employee is a full-time employee who:
 - 1. Is in pay status through the day on which the holiday is scheduled; or
 - 2. On a leave of absence without pay but was in pay status for half or more of the workdays in the month.
- C. The College recognizes that some eligible employees may wish to observe, as periods of worship or commemoration, certain days that are not included in the College's regular holiday schedule. In such cases, eligible employees may take other earned leave for those reasons if it does not unduly disrupt the College's business and is approved by the employee's immediate supervisor.
- D. The College retains the right to schedule work on a holiday for some or all eligible employees should it become necessary and critical to the College's operation. In such cases, the employee will be given the time-off at another time on an hour-for-hour basis unless the Fair Labor and Standards Act stipulates otherwise. For purposes of this Policy, a holiday is a total of eight (8) hours.
- E. In the event the College must establish an alternative operational schedule, an alternative holiday schedule may be developed in keeping with the College's operational needs provided that all employees are given the same number of holidays and the holidays do not exceed twelve (12) days. The alternative holiday schedule must be approved by the President prior to any observed holidays.
- F. When a holiday falls during a week in which an employee is taking FMLA leave for the entire week, the entire week is counted toward the employee's FMLA entitlement. However, if the employee is also using accrued paid leave during FMLA leave, the employee will not be charged accrued leave on the holiday. If the College closes for an extended holiday lasting a week or more while an employee is taking FMLA leave, the extended holiday does not count against the employee's FMLA leave entitlement.

When personal difficulties adversely affect job performance the College will provide an opportunity for an employee to seek professional counseling services through its Employee Assistance Program (EAP).

The Employee Assistance Program (EAP) is designed to assist employees in resolving personal problems that affect their current job performance.

An employee may become a participant in the program by either self-referral or supervisor referral.

There is no charge to the employee for the initial diagnostic screening through the second appointment. The employee may go to a certified psychological or counseling professional selected by the College or he/she may select an appropriate advisor to provide the service. Any information discussed between the employee and the service provider will be strictly confidential.

After the initial three visits to EAP the employee will be required to pick up the cost of continued assistance. Subsequent sessions may be covered under the current State Health Plan. Leave during an employee's work day to attend EAP sessions will be treated and charged out as normal sick leave and annual leave.

Participation by an employee in the EAP Program does not constitute a waiver of or limit to the College's responsibility to maintain standards of discipline and performance. Nor does it prohibit the college from taking appropriate disciplinary actions for misbehavior, which may include dismissal. Employees participating in the Employee Assistance Program are expected to maintain satisfactory job performance.

**ROANOKE-CHOWAN
COMMUNITY
COLLEGE**

PAID PARENTAL LEAVE

**TEMPORARY
POLICY**

This is a temporary policy approved by the President/Board of Trustees in accordance with North Carolina Session Law 2023-14. This temporary policy is effective retroactively from July 1, 2023, and shall remain in place until a formal policy is adopted by the State Board of Community Colleges and the College's Board of Trustees. This temporary policy expires on the effective date of a permanent policy adopted by the Board of Trustees.

I. For the purpose of this policy, the following definitions shall apply.

- (1) "Child" means a newborn biological Child or a newly-placed adopted, foster or otherwise legally placed Child under the age of 18, whose Parent is an eligible employee.
- (2) "Parent" means:
 - (A) the mother or father of a Child through birth or legal adoption; or
 - (B) an individual who cares for a Child through foster or other legal placement under the direction of a government authority.
- (3) "Public safety concern" means a significant impairment to the College's ability to conduct its operations in a manner that protects the health and safety of students, employees, or other individuals on the College campus.
- (4) "Qualifying event" means when an employee becomes a Parent to a Child.

II. Eligibility for Paid Parental Leave.

- (1) Employees who become Parents via childbirth, adoption, foster care, or another legal placement are eligible for Paid Parental Leave if:
 - (A) Employee is in a permanent, time-limited, or probationary appointment. Temporary employees are not eligible for Paid Parental Leave.
 - (B) At the time of the qualifying event, the employee meets each of the following conditions:
 - (i) For the immediate 12 preceding months, the employee has been employed without a break in service by the College in a permanent, time-limited, or probationary appointment. Periods of worker's compensation or short-term disability months preceding the qualifying events do not make the employee ineligible for Paid Parental Leave. Further, periods of leave without pay for illness, educational purposes, vacation, or other reasons deemed by the President shall not constitute a break in service.

- (ii) The employee has been in pay status with the College for at least 1,040 hours during the previous 12-month period. Exhaustion of Family and Medical Leave does not affect eligibility for Paid Parental Leave.

III. Leave Available to Full-Time Employees.

- (1) Full-time employees eligible for Paid Parental Leave may take, in their discretion, up to the following amounts of leave:
 - (A) Eight weeks of paid leave after a parent gives birth to a child.
 - (B) Four weeks of paid leave after any other qualifying event.
- (2) Each week of paid parental leave shall result in compensation at 100% of the eligible employee's regular, straight-time weekly pay excluding shift differentials, premium pay, or overtime.

IV. Leave Available to Part-Time Employees.

- (1) Part-time employees (regardless of whether they work half-time or more) shall receive Paid Parental Leave if the employee meets all other requirements for eligibility.
- (2) Part-time employees eligible for Paid Parental Leave may take, in their discretion, a prorated leave amount of:
 - (A) Four weeks of paid leave after a Parent gives birth to a Child.
 - (B) Two weeks of paid leave after any other qualifying event.
- (3) Each week of Paid Parental Leave shall result in compensation at 100% of the eligible employee's regular, straight-time weekly pay excluding shift differentials, premium pay, or overtime.

V. Use of Other Leave.

- (1) Paid parental leave is in addition to any other leave authorized by this state or federal law, or policies established by the College, provided that the paid parental leave:
 - (A) Shall not be counted against or deducted from an eligible employee's sick, vacation, or other accrued leave; and
 - (B) Shall run concurrently with any leave to which the employee may be entitled under the Family and Medical Leave Act, 28 U.S.C. 2601 *et seq*, provided the employee received appropriate notice.

- (g) Requesting Use of Paid Parental Leave.
- (1) Eligible employees may take Paid Parental Leave in one continuous period or may take intermittent use of Paid Parental Leave. Requests for intermittent use of Paid Parental Leave are subject to the College's approval as stated in Paragraph (4) of this section.
 - (2) Whenever possible, eligible employees shall notify the College's Human Resources Department at least 10 weeks in advance of their intention to use Paid Parental Leave. Employees may withdraw their request for Paid Parental Leave at any time.
 - (3) Absent unusual circumstances, the employee shall be required to comply with all other College leave request procedures.
 - (4) The College will not deny, delay, or require intermittent use of Paid Parental Leave to employees who gave birth and seek to use Paid Parental Leave in one continuous period.
 - (5) For all other employees not subject to Paragraph (4) above, the College may delay providing Paid Parental Leave or may provide Paid Parental Leave intermittently if it determines that providing the leave will cause a public safety concern at the College. For example, the extension of Paid Parental Leave to an eligible employee who did not give birth may constitute a Public Safety Concern if:
 - (A) Providing the Paid Parental Leave would result in College staffing levels below what is required by federal or state law to maintain operational safety;
 - (B) Providing the Paid Parental Leave may impact the health or safety of staff, students, or other individuals on the College's campus; and
 - (C) The College has been unable to secure supplemental staffing after requesting or diligently exploring alternative staffing options.
 - (6) If the College determines that it must delay Paid Parental Leave, or make Paid Parental Leave intermittent, because of a public safety concern under paragraph (4) above, the College shall provide Paid Parental Leave as soon as practical following the Qualifying Event.
 - (7) If both Parents are eligible employees of the College, each may receive Paid Parental Leave. Both Parents may take their leave simultaneously or at different times, pending no Public Safety Concern.

VI. Leave Usage.

- (1) Paid Parental Leave may be used only once for a Qualifying Event within a 12-month period. The fact that a multiple birth, adoption, or other legal placement

occurs (e.g., the birth of twins or adoption of siblings) does not increase the total amount of Paid Parental Leave granted for that event.

- (2) Unused Parental Leave is forfeited 12 months from the date of the Qualifying Event.
- (3) Paid Parental Leave shall not accrue or be donated to another employee.
- (4) Employees shall not be paid for the parental leave upon separation from the employer. Parental leave shall not be used for calculating an employee's retirement benefits and shall not accrue or be donated as voluntary shared leave.
- (5) Leave usage must be recorded in the same required increments as all other leave under College policy.
- (6) If the employee requires leave before the actual birth or adoption due to medical reasons or to fulfill legal adoption obligations, other available accrued leave shall be utilized in accordance with the College's leave policies. Paid Parental Leave shall not be used prior to the Qualifying Event.

The Executive Director of Human Resources, or designee, shall maintain all employees' personnel files. The College shall maintain in individual personnel files only those records which are required or necessary and relevant to accomplish legitimate personnel administrative needs.

I. Employee Development Plans and Evaluations

An employee development and evaluation process has been established to ensure relevant feedback between faculty and staff and the respective supervisors. This evaluation procedure is designed and intended to offer suggestions for improvement and develop strategies for the attainment of specific goals or the revision of related processes.

All employees will be evaluated annually. Each year, every full-time employee will have a pre-evaluation conference with his/her supervisor. An outcome of this conference will be a development plan to evaluate the performance of the employee and to develop strategies for improvement. The Personnel Office will be responsible for coordinating and monitoring the evaluation process and may implement a timeline for the evaluation process.

Development plans and evaluations will be retained in the personnel file.

Supervisors may only use evaluation instruments that have been approved by the Personnel Office. The President may use a different evaluation instrument and procedures when evaluating employees reporting directly to the President; however, these employees shall be evaluated annually.

In addition to the above, all curriculum employees may be evaluated by students through course evaluations.

II. President's Evaluation

The Board shall evaluate the performance of the President annually. The evaluation instrument and methodology shall be selected by the Board, but at a minimum, the evaluation shall include the following categories:

- A. General Administration
- B. Relationship
 - 1. Internal relationships with faculty, staff, students and trustees.
 - 2. External relationships with business and industry, the media, governmental bodies and the general public.
- C. Personal Attributes
- D. Personnel Administration
- E. Fiscal and Facilities Administration
- F. Academic Administration

Prior to June 30th each year, the Board shall submit, in writing, to the State Board a report of the President's evaluation with the following information:

- A. The time period for which the President was evaluated and the date the evaluation was completed;

- B. Description of the methodology used for the evaluation;
- C. Certification that the evaluation included a written assessment of the President's performance in each of the categories identified in Section II(A)-(F) herein;
- D. Certification that the full Board received a copy and discussed the evaluation results and the results were discussed with the President;
- E. Certification that the full Board received a copy of and reviewed the President's contract if the President has a contract;
- F. A listing of Board members in attendance at the meeting when the President's evaluation was conducted; and
- G. Certification that appropriate action has been taken if the President's performance is less than satisfactory in any of the categories identified in the evaluation.

If the President has a contract, the Board shall note in the meeting minutes that they have reviewed the President's contract.

General Authority:

Revised: 11-23-04, 10-24-06, 6-15-15

Editorial Changes:

All disciplinary action is intended to be progressive in nature. However, the type of disciplinary action will be based on the factual situation as well as the nature, severity and type of offense. If warranted by the facts and situation, even for first time offenses, administrators/supervisors may recommend dismissal.

Except as stated elsewhere in the policy, employees shall receive two (2) warnings for minor performance or conduct issues: first, an oral warning with a follow-up letter from the supervisor to the employee documenting the deficiencies in performance or conduct which were discussed and the improvement(s) required; second, a written warning/reprimand which will serve notice upon the employee that a continuation of the deficiencies in performance or conduct may result in disciplinary action, which may include dismissal.

I. WARNINGS

A. Oral Warnings with Follow-Up Letter

1. The employee's supervisor shall meet with the employee and review with the employee exactly what is expected of them and explain to the employee how they have not met the College's expectations.
2. The supervisor shall provide the employee an opportunity to explain their actions.
3. The supervisor shall make recommendations for corrections and establish a reasonable period of time for the employee to correct the issues.
4. The supervisor shall provide the employee a letter regarding the oral warning and the College's expectations. A copy of the letter, and all subsequent letters, shall be included in the employee's personnel file.

B. Written Warnings

After giving an oral warning and allowing for a reasonable period of time to correct the issues outlined in the supervisor's follow-up letter to the employee, if the employee has not corrected the issues, the supervisor shall meet with the employee for the purpose of delivering a written warning. The written warning shall further document the continued issues and shall state that if the employee does not immediately correct the issues, the employee may be subject to additional disciplinary action which could include dismissal. Before issuing to the employee the written warning, the President, Human Resources, and any intermediate superior/supervisor shall review the contents of the letter. A copy of the written warning, and all subsequent letters, shall also be included in the employee's personnel file.

C. Serious Misconduct

For serious misconduct, as determined by the President, an employee may be subject to termination or other disciplinary action without first receiving oral or written warnings.

II. SUSPENSION

Suspensions may be used in two ways: as an independent discipline action or in conjunction with an investigation and dismissal proceedings.

A. Independent Discipline Action

1. If a supervisor determines that an employee's actions warrant suspension, the supervisor shall prepare and provide a written report, with a summary supporting that determination, to the appropriate Vice President and Human Resources. The Vice President shall review the report and provide his/her written recommendation to the President.
2. The President shall determine whether to suspend an employee with or without pay. The President may make such determination without a recommendation from a supervisor and/or Vice President. The President may choose other disciplinary action, too.
3. The President shall meet with the employee and give the employee an opportunity to be heard. After hearing from the employee, the President shall make a determination regarding the suspension, whether it shall be paid or unpaid and the length of the suspension. The President or the employee's supervisor shall inform the employee of the President's determination. The President shall prepare a follow-up written statement providing the circumstances and facts which led to the suspension. A copy of the letter shall be included in the employee's personnel file. In cases where the employee's continued presence on campus is not in the College's best interest or a health or safety issue, the President may immediately suspend the employee with pay. Prior to changing any paid suspension to unpaid suspension, the President shall meet with the employee and provide the employee with an opportunity to be heard.
4. When an employee is suspended, they shall leave the College property at once and not be allowed to return until the end of the suspension unless authorized by the President.
5. Failure of the employee to report back to work when requested, or at the suspension expiration date, will be considered a voluntary resignation of employment and any subsequent reinstatement or re-employment shall be on the basis of new employment.

6. An employee may appeal the President's decision to impose suspension without pay to the Board of Trustees pursuant to Policy 3.3.6; however, the suspension without pay will not be tolled pending the appeal.

B. Suspension to Allow for an Investigation

The President, or designee, may suspend an employee, with pay, for up to ninety (90) days while conducting an investigation as to whether the employee engaged in conduct that would warrant dismissal or other disciplinary action. At the end of the ninety (90) day period, the President shall dismiss the employee, reinstate the employee or implement another disciplinary action. For good cause, the President may extend the ninety (90) day suspension period.

III. DISMISSAL

A. At Will Employees

1. If a supervisor determines that an employee's actions warrant dismissal, the supervisor shall prepare and provide a written report, with a summary supporting that determination, to the appropriate Vice President who shall, after meeting and consulting with the supervisor and Human Resources, provide the written report to the President. The President may decide to terminate an employee without a recommendation from the immediate supervisor or appropriate Vice President.
2. If necessary, the President may suspend the employee pursuant to Section II(B). After reviewing the written report, the President shall either dismiss the matter or meet with the employee and provide the employee with an opportunity to be heard. If, after the meeting, the President decides to dismiss the employee, the President shall provide the employee with written notice of dismissal. The notice shall be included in the employee's personnel file.
3. An employee may appeal the President's decision of dismissal to the Board of Trustees pursuant to Policy 3.3.6; however, the suspension or dismissal shall not be tolled pending the appeal. The employee's only basis for appeal is if the President's actions were impermissible based on a violation of state or federal law or if the actions were based on the employee's race, religion, color, national origin, sex, sexual orientation, gender identity, age, disability, genetic information, political affiliation or status as a covered veteran in accordance with all applicable federal, state and local laws.

B. Contract Employees

1. If a supervisor determines that an employee's actions warrant dismissal, the supervisor shall prepare and provide a written report, with a summary supporting that determination, to the appropriate Vice President who shall, after meeting and consulting with the supervisor and Human Resources, provide the written report to the President. If necessary, the President shall suspend the employee pursuant to Section II (B). The President or designee may further investigate the alleged conduct.
2. At the conclusion of the investigation and after review of the written report, the President shall either dismiss the matter or meet with the employee and present him/her with a written notice of charges and provide the employee with an opportunity to respond. If, after the written notice of charges meeting, the President decides to dismiss the employee, the President shall provide the employee with written notice that the employee is being dismissed and the reasons for the dismissal. The notice shall be included in the employee's personnel file.
3. An employee may appeal the President's decision to impose suspension without pay and/or dismissal to the Board of Trustees pursuant to Policy 3.3.6; however, the suspension or dismissal shall not be tolled pending the appeal.
4. For serious misconduct, the President, or designee, may skip any of the procedures in subsection 1 and immediately meet with the employee and provide a written notice of charges.

Cross Reference: Policy 3.3.6 – Right of Appeal.

I. DEFINITIONS

1. Non-renewal means the decision not to offer a new contract at the end of the current contract period.
2. Impermissible Grounds means the use of the employee's race, religion, color, national origin, sex, gender identity, sexual orientation, age, disability, genetic information, political affiliation, or status as a covered veteran in accordance with all applicable federal, state and local laws; or if the decision is otherwise a violation of state or federal law.

II. NON-RENEWAL PROCESS

At least 30 days prior to the end of the contract period, the President or designee will notify, via hand-delivery, certified mail and/or campus email, any employee who will not be offered a new employment contract. The College may non-renew the employee's contract for any reason that is not based on Impermissible Grounds. The failure of the College to provide notice of non-renewal prior to the expiration of any contract does not entitle the employee to a new contract.

The employee has the right to appeal the President's decision to the Board of Trustees as outlined in Policy 3.3.6 – Right of Appeal provided; however, the Board of Trustees will only hear and consider an employee's appeal if the employee is alleging that the non-renewal is based on Impermissible Grounds.

If an employee continues working beyond the term of any contract and the College and employee have not entered into a new or extended contract, the employee shall become an at-will employee and the College or employee may terminate the employment relationship at any time subject to any state or federal laws.

III. RESIGNATIONS

Any employee who does not wish to be nominated for re-employment should notify the appropriate Vice President in writing at least thirty (30) calendar days prior to the expiration of the current contract. Faculty employees are expected to give at least one (1) semester of notice in writing to the President. The actual leave date should coincide with the completion of an academic term in order not to disrupt classroom instruction.

In cases where, in lieu of disciplinary action and dismissal, the employee tries to unilaterally resign, the President does not need to accept the resignation and may continue with the disciplinary and dismissal process.

- IV. Employees separating from College employment for any reason must complete a check-out form and have it approved by the appropriate persons noted on the form before a final

pay check will be issued. This form provides for certification that all necessary reports are complete and keys, identification card, and other College property have been returned.

Failure to return college property may result in a reduction of pay from the employee's last pay check to recover the loss, replacement and/or repair of the property. An administrative fee of five percent of the amount due the College will be assessed to offset the cost incurred by the College for the reclamation of its property.

The administration is also authorized to pursue criminal prosecution against employees who take and refuse to return property of the College.

- C. No later than ten (10) business days from the date of the hearing, the Committee shall provide the employee with its written determination to uphold, reject or modify the President's decision. The determination shall be included in the employee's personnel file. II. Hearing Procedure

- A. The hearing shall be conducted with only the members of the Committee, the employee, the President and other appropriate College administrators and relevant witnesses. The employee, the Committee, and the President may also be represented by legal counsel. If an employee chooses to have counsel present, the employee is responsible for retaining and paying for those services. The Board's legal counsel shall act as a procedural officer during the hearing and give advice to the Committee regarding necessary rulings and matters of due process. A Committee member who has a significant conflict of interest or bias should disqualify himself/herself or be excused by the Committee's adoption of a motion to disqualify. For purposes of the appeal, a majority of the Committee members must be present. The Committee will make an audio recording of the hearing and a copy of the audio will be made available to the employee upon request. If the

- C. The burden is on the employee to demonstrate that they did not violate the Employee Code of Conduct or engage in the reason(s) underlying the disciplinary action or employment termination or, in appropriate cases, that the President's determination was based on illegal discrimination.
- D. At least five (5) business days prior to the hearing, the parties shall exchange all documentary evidence that the parties plan on using at the hearing. The President shall be responsible to assemble all the documents and make each Committee member and the parties a packet for the hearing. The packet must contain the following in this order: a) a copy of these Procedures; b) a copy of the President's written determination that is being appealed; c) a copy of the employee's request for appeal to the Committee; d) the President's documents for the hearing, if any; and e) the employee's documents for the hearing, if any. The President shall provide the employee a copy of the packet prior to the hearing.
- E. The hearing shall begin with the President's presentation of evidence. The President's presentation of evidence is limited to one (1) hour unless extended by the Committee Chair. The President, or their legal counsel, shall present and examine their witnesses and evidence. The Committee will have an opportunity to question the witnesses and review the submitted evidence. The employee may cross-examine the President's witnesses and the time used by the employee to cross-examine witnesses shall not count against the President's one (1) hour of time.

At the conclusion of the President's presentation of evidence, the employee will present their evidence. Either the President or Employee may appeal the Personnel Committee's decision to the full Board of Trustees. The Board of Trustees shall determine whether to hear the matter and any hearing will be set in a timely manner. Any appeal hearing before the Board will be based on the record established at the Personnel Committee hearing and no new evidence will be allowed unless the evidence was unavailable at the time of the Personnel Committee's hearing and with approval of a majority of the present Board of Trustees members. The Chair of the Board of Trustees may set reasonable time limitations on the appeal presentations. After the hearing, the Board shall deliberate in closed session and provide its decision in writing to both the President and employee. The Board of Trustees' decision is final.

In order to maintain a harmonious and cooperative relationship between the College and its employees, the College provides for the settlement of problems and differences through an orderly grievance procedure. Every employee shall have the right to present their problem or grievance free from coercion, restraint, discrimination or reprisal. The Policy provides for prompt and orderly consideration and determination of employee problems or grievances by supervisors and the President.

A grievance is any matter of employee concern or dissatisfaction within the College's control except: (a) employee disciplinary matters pursuant to Policy 3.3.4; (b) the non-renewal of an employment contract pursuant to Policy 3.3.5; (c) discrimination and harassment pursuant to Policy 3.3.7; (d) reduction in force and/or involuntary leave without pay pursuant to Policy 3.3.9; or (e) any other matter that has a specific grievance process outlined in College policy.

A. Informal Grievance Process

If an employee has a grievance, it should first be discussed with their immediate supervisor within five (5) days from the date of the situation that is grieved. The supervisor may call higher level supervisors into the discussion if the employee agrees or the supervisor may consult with higher level supervisors to seek any needed advice or counsel from their administrative superiors before giving an answer. The employee shall receive an answer within five (5) days or be advised as to the conditions which prevent an answer within five (5) days and when an answer may be expected. In any event, an answer shall be provided in writing within ten (10) days. The circumstances should be documented by both the supervisor and the grievant.

B. Formal Grievance Process

If the decision reached by the Informal Grievance Process is not satisfactory to the grievant, they may file a written grievance with the Director of Human Resources ("Director") within five (5) days after receipt of the Informal Grievance Process decision. The written grievance must contain with specificity the facts supporting the grievance. Depending on the nature of the appeal, the Director will determine to what extent additional facts will be required. The supervisor and employee shall provide all pertinent information the Director requests and the Director will review the facts and hold whatever discussions they deem necessary. The Director shall provide a written decision to the proper administrators or superiors and grievant within ten (10) dates of receipt of the grievance. In the absence of an appeal, the Director's decision will be carried out within a reasonable period of time and the grievance considered resolved.

C. Appeal to the President

If the decision reached by the Formal Grievance Process is not satisfactory to the grievant, the grievant may, within five (5) days receipt of the Director's decision, appeal the Director's decision to the President. The appeal must be in writing and provided to the President. The President will conduct an "on the record review" of the documents and supporting materials presented during the Formal Grievance Process and, if needed, conduct any further investigation. The President can accept, reject or modify the Director's determination and will make a decision within ten (10) days and the decision will be communicated to all appropriate persons. The President's decision shall be final.

D. Grievances Involving the President

In the event a grievance is being filed against the President, the grievant shall first follow the Informal Grievance Process outlined above and meet with the President. If the grievant is not satisfied with the resolution at the Informal Grievance Process, they may continue with the Formal Grievance Process but file the written grievance with the Board Chair. The Board Chair shall delegate the matter to the College Attorney to conduct an investigation. The Board Attorney will have the authority to conduct the investigation and will file a written report to the Board and the grievant within thirty (30) days.

The Board shall review the Board Attorney's report and if necessary, allow for the grievant and President to address the Board. The Board shall issue a written decision within thirty (30) days receipt of the Board Attorney's report.

In the event that more time is necessary for either the Board Attorney to conduct an investigation and/or the Board to review the matter, the Board Chair may extend all deadlines as necessary.

1. If at any stage of the grievance the grievant does not take the next step within the time allotted, the grievance shall be settled in the manner recommended or decided by the administration at the last step.
2. All reference to number of days in this procedure shall be determined to mean College working days. In the event a grievance is not filed or processed in the manner and within the time set forth above, it shall be forever barred.
3. The grievant may withdraw the grievance at any level.

I. POLICY STATEMENT

The College may terminate employment or may require any employee or class of employees to take involuntary leave without pay at any time because of: 1) a financial exigency; or 2) a program change for institutional reasons.

II. DEFINITIONS

- A. Employee means full-time and part-time employees who are not considered "at will".
- B. Financial Exigency means any decrease in the College's financial resources that are brought about by decrease in enrollment, decrease in funding from any source (federal, state, local, institutional, etc.) or by other action or events requiring the immediate expenditure or diversion of College resources that prevent or inhibit the College's ability to continue the employment or level of the employee's compensation or a class of employees and cause a need for reduction in force and/or involuntary leave without pay.
- C. Impermissible Grounds means the use of the employee's race, religion, color, national origin, sex, gender identity, sexual orientation, age, disability, genetic information, political affiliation, or status as a covered veteran in accordance with all applicable federal, state and local laws; or if the decision is otherwise a violation of state or federal law.
- D. Involuntary Leave without Pay means a period of mandatory separation from work during which an employee may not take or use any form of paid leave. All state mandated benefits shall continue to accrue during any period of leave without pay.
- E. Program Change means any elimination, curtailment or reorganization of an educational offering or support department which may or may not be related to a financial exigency.
- F. Reduction in Force means the termination of employment during a contract period as a result of financial exigency or program change. A non-renewal is not considered a reduction in force under this policy; see Policy 3.3.5 – Contracts Nonrenewal and Resignations.

III. INVOLUNTARY LEAVE WITHOUT PAY/REDUCTION IN FORCE

A. General Criteria for the President's Decision

All decisions made under this Policy will take into consideration the needs of the population being served with respect to the College's mission and goals while attempting to minimize the level of impact and quality of services provided. Responsibility will rest with the President working collaboratively with senior level administrators to determine the employee(s) affected by involuntary leave without pay or reduction in force based on recommendations from Vice Presidents, department heads and/or other management personnel associated with the departments where proposed actions will be implemented.

Further, the President will consider relevant factors when considering a reduction in force or, if applicable, involuntary leave without pay, which may include, but are not limited to:

1. Written recommendations regarding staffing needs from supervisors;
2. Specific and overall program enrollment history and needs;
3. Source of available funds and applicable restrictions;
4. Other beneficial service by an employee to the College;
5. Length of service in the North Carolina Community College System with a higher priority being given to the length of service for the College; and
6. Employee performance evaluations.

These factors are not listed in any particular order or priority.

B. President's Decision and Notice to Affected Employees

Once the President makes their decision, they shall give written notice of termination and/or involuntary leave without pay to each affected employee. The written notice will be given as soon as practicable, and in any event, no less than ten (10) business days prior to the effective date of termination and no less than five (5) business days prior to a period of involuntary leave without pay. The written notice shall include: 1) a statement of condition requiring termination and/or involuntary leave without pay; 2) a general description of the procedures followed in making the decision; and 3) a copy of this Policy. The President shall also send a copy of the notice to the Chair of the Board of Trustees ("Chair").

C. Request for an Appeal

An employee may appeal the President's decision to impose a reduction in force or involuntary leave without pay to the Board of Trustees pursuant to Policy 3.3.6; however, the Board of Trustees will only hear and consider an employee's appeal if the employee is alleging that the non-renewal is based on Impermissible Grounds. The decision to reduce in force or to place an employee on leave without pay shall not be tolled pending the appeal.

D. Continuation of Health Insurance

If an employee has at least twelve (12) months of service and is terminated in accordance with this Policy due to a financial exigency, the employee may retain health insurance coverage for up to twelve (12) months. The College shall continue to pay the employer portion of the cost of health insurance coverage for twelve (12) months, but the employee must continue to pay the employee portion of the cost of coverage. A former employee covered by this section shall lose eligibility if the former employee is provided health insurance coverage on a non-contributory basis by a subsequent employer.

IV. EXCLUSIVE REMEDY

The rights and remedies set forth herein constitute the sole and exclusive process in the event of a termination by reduction in force or involuntary leave without pay. No other personnel action or grievance may be asserted or considered under this Policy.

In accordance with N.C.G.S. §§ 14-234, 133-32 and Chapter 138A and in order to avoid conflicts of interest, the appearance of a conflict of interest or the appearance of impropriety, the Board of Trustees and College employees shall adhere to the following rules:

A. Contracts with the College

Board members and employees shall not do any of the following:

1. Obtain a direct benefit from a contract that he/she is involved in making or administering on the College's behalf unless a legal exception applies;
2. Influence or attempt to influence anyone who is involved in making or administering a contract on the College's behalf; or
3. Solicit or receive any gift, favor, reward, service, or promise of reward, including a promise of future employment, in exchange for recommending, influencing, or attempting to influence the award of a contract by the College.

A Board member or employee is involved in administering a contract if he/she oversees the performance of the contract or has authority to interpret or make decisions regarding the contract. A Board member or employee is involved in making a contract if he/she participates in the development of specifications or terms of the contract or participates in the preparation or award of the contract. An employee derives a direct benefit from a contract if the employee or his/her spouse does any of the following: (a) has more than ten percent (10%) ownership or other interest in an entity that is a party to the contract; (b) derives any income or commission directly from the contract; or (c) acquires property under the contract.

B. Receipt of Gifts

Unless a legal exception otherwise applies, no Board member or College employee may accept gifts from any person or group desiring to do or doing business with the College unless such gifts are instructional products or advertising items of nominal value that are widely distributed.

C. Reporting Requirements

Any Board members or employees who have questions regarding this Policy or whose actions could be construed as involving a conflict of interest shall report as follows:

1. College employees shall report to the President.
2. President/Board Members shall report to the Board Chair.
3. Board Chair shall report to the College's legal counsel.

D. N.C. State Ethics Act

- Pursuant to N.C.G.S. § 138A-3(30)(k), all voting Board members, the President, and the VP Administrative & Fiscal Services (“Covered Persons”) are subject to the N.C. State Ethics Act. Covered Persons shall complete and file a public disclosure of economic interests as required under the Act, adhere to the ethics standard required under the Act, and shall complete all required mandatory ethics education and training.

E. Contracts with Non-Profits

A Board member who is also a director, officer, or governing board member of a nonprofit organization will not (1) knowingly vote on, participate in deliberations on, or administer any contract with that nonprofit; (2) influence or attempt to influence the deliberation or vote of others on any such contract; or (3) solicit or receive any gift, reward, or other benefit in exchange for recommending, influencing, or attempting to influence the award of such contract in violation of G.S. 14-234.3. A Board member must notify the Chair of any potential conflict under this section and, if the Board votes on the matter, a Board member with a conflict under this section may not participate in the debate or vote on the matter. Once the Board member’s recusal is recorded in the minutes of the Board, the Board may approve the contract.

Any contract entered into in violation of this section is void.

F. Appearance of a Conflict

Board members and employees shall make every effort to avoid even the appearance of a conflict of interest. An appearance of conflict exists when a reasonable person may conclude from the circumstances that a Trustee or employee’s ability to protect the public interest, or perform public duties, is compromised by familial, personal, or financial interests. An appearance of conflict may exist even in the absence of a true conflict of interest.

Any applicable State Board administrative regulations and rules and any applicable North Carolina state law will take precedence over this Policy.

I. POLITICAL ACTIVITY – NON-SOLICITATION

No College employee shall solicit support for a political candidate or any issue on a referendum during regular College working hours, on College property, using College stationery or e-mail, or other College resources. The Board of Trustees, however, may authorize the President or the President's designee to solicit support during regular College working hours for referendums that directly support the College's interest.

A. COLLEGE EMPLOYEES

As an individual, a College employee retains all rights and obligations of citizenship provided in the Constitution and laws of North Carolina and the Constitution and laws of the United States. Therefore, the College encourages an employee to exercise his/her rights and obligations of citizenship.

Any College employee who decides to run for a public office shall, prior to or at the time of filing for that office, notify the President of his/her intention to run and shall, in writing, certify that his/her will not campaign or otherwise solicit support during regular work. Further, any employee who seeks a public office shall, in writing, certify that s/he will not involve the College in his/her political activities.

Any employee who is elected or appointed to a part-time public office shall certify, in writing, through the President to the Board of Trustees that the duties of elected office will not interfere with the employee's ability to carry out the duties of the employee's position with the College and that if those duties do interfere, as determined by the President or Board of Trustees, the employee will request leave.

Any employee who is elected or appointed to a full-time office or the General Assembly shall take a leave of absence, without pay, upon assuming that office. The Board of Trustees shall determine the length of the leave of absence.

B. COLLEGE PRESIDENT

If the President decides to run for public office, he shall notify the Board of Trustees, prior to filing for that office, of his intention to run and certify, in writing,

If the President is elected or appointed to a full-time public office or to the General Assembly, s/he shall take a leave of absence, without pay, upon assuming that office. The Board of Trustees shall determine the length of the leave of absence.

The President is prohibited from soliciting support for election to public office during regular work hours. The President is also prohibited from soliciting support on College property unless otherwise authorized by the Board of Trustees. The authorization shall be determined on a case-by-case basis. The Board of Trustees shall notify the State Board of Community Colleges if the President becomes a candidate for public office or if the President is elected or appointed to a public office.

C. DEFINITIONS

Public office means any national, state or local governmental position of public trust and responsibility, whether elective or appointive, which is created or prescribed or recognized by constitution, statute or ordinance. Students, staff, faculty and visitors are legally prohibited from carrying a weapon onto campus unless a legal exception applies. For purposes of this policy, a "weapon" includes firearms, explosives, BB guns, stun guns, air rifles or pistols and certain types of knives or other sharp instruments (see N.C.G.S. § 14-269.2).

The prohibition does not apply if the weapon is on campus pursuant to one of the reasons listed in N.C.G.S. § 14-269.2(g). It is the individual's responsibility to know and understand the law prior to bringing any weapon onto campus. Failure to follow the law, regardless of the person's intent, will result in appropriate disciplinary action and a referral to local law enforcement.

It is permissible for an individual to bring a handgun onto campus under the following limited circumstances:

- A. The firearm is a handgun; AND
- B. The individual has a valid concealed handgun permit (or is exempt from the law requiring a permit); AND
- C. The handgun remains in either: a closed compartment or container within the locked vehicle of the permit holder; or a locked container securely affixed to the locked vehicle of the permit holder; AND
- D. The vehicle is unlocked only when the permit holder is entering or exiting the vehicle; AND
- E. The handgun remains in the closed compartment or container at all times except for a reasonable amount of time for the person to transfer the handgun from the closed compartment or container to his person or from his person to the closed compartment or container.

Firearms (and other weapons prohibited on campus) may not be stored or transported in College-owned or rented vehicles.

The illegal use of controlled substances, substances that cause impairment, and abuse of alcohol are harmful to the health, well-being and safety of the College's employees and students. Employees and students who illegally use controlled substances, substances that cause impairment, or who abuse alcohol are less productive, less reliable and prone to greater absenteeism resulting in unnecessary costs, delays, academic failure and safety risks. The College is committed to maintaining a safe workplace and an educational environment free from the influence of illegal controlled substances, substances that cause impairment, and alcohol.

I. PROHIBITED BEHAVIOR

All College employees and students are prohibited from unlawfully possessing, using, being under the influence of, manufacturing, dispensing, selling or distributing alcohol, illegal or unauthorized controlled substances or drug paraphernalia. Using or being under the influence of substances that cause impairment is prohibited for all employees and students.

This Policy does not apply to the use of alcohol in instructional situations (e.g., cooking classes, laboratory experiments) or in conjunction with events which meet the requirements of all state laws. This Policy does not apply to the proper use of lawfully prescribed controlled substances by a licensed health-care provider to the student or employee who is prescribed the controlled substance and using it in the manner in which the healthcare provider prescribed it.

II. DEFINITIONS

For purposes of this Policy, the following definitions shall apply:

- A. *Alcohol* means any beverage containing at least one-half of one percent (0.5%) alcohol by volume, including malt beverages, unfortified wine, fortified wine, spirituous liquor and mixed beverages.
- B. *Controlled Substance* means any substance listed in 21 CFR Part 1308 and other federal regulations, as well as those listed in Article V, Chapter 90 of the North Carolina General Statutes. Generally, the term means any drug which has a high potential for abuse and includes, but is not limited to heroin, marijuana, cocaine, PCP, GHB, methamphetamines, and crack. This term also includes any drugs that are illegal under federal, state or local laws and legal drugs that have been obtained illegally or without a prescription by a licensed healthcare provider or are not intended for human consumption.
- C. *Substance* means any substance taken that may cause impairment, including but not limited to bath salts, inhalants, or synthetic herbs.

- D. *Conviction* means the entry in a court of law or military tribunal of: (1) a plea of guilty, nolo contendere, no contest or the equivalent; (2) a verdict of guilty; or (3) a prayer for judgment continued or a deferred prosecution.
- E. *Reasonable Suspicion* is the legal standard required before the College can require an employee to take a drug or alcohol test. Some of the factors that constitute reasonable suspicion are: a) direct observation of drug use or possession; b) direct observation of the physical symptoms of being under the influence of drugs; c) impairment of motor functions; d) pattern of abnormal or erratic conduct or behavior; or e) reports from reliable sources or credible sources (anonymous tips may only be considered if they can be independently corroborated).

III. DUTY TO REPORT

Pursuant to Procedures 4.3.3.1 – Arrests and Convictions, all employees who are arrested, indicted, cited or convicted for a criminal offense are required to inform, in writing, his/her supervisor. This includes being arrested or receiving a citation for a violation of any federal or state controlled substance or alcohol statute. If an employee’s arrest, conviction or citation has an effect on the employee’s ability to perform his/her job duties or brings negative attention to the College, the employee may be subject to disciplinary action in accordance with this Policy.

Convictions of employees working under federal grants that are convicted of violating a federal or state controlled substance or alcohol statute on the College’s property, or as part of any activity initiated by the College, shall be reported to the appropriate federal agency. A College official must notify the U.S. government agency, which made the grant, within ten (10) days after receiving notice from the employee or otherwise receives actual notice of a conviction of a controlled substance or alcohol statute occurring in the workplace.

Students employed under the College Work Study Program are considered to be employees of the College if the work is performed for the College in which the student is enrolled. For work performed for a federal, state, local public agency, a private nonprofit or a private for-profit agency, students are considered to be employees of the College unless the agreement between the College and the organization specifies that the organization is considered to be the employer.

IV. CONSEQUENCES FOR VIOLATIONS

Violation of this Policy will subject students and employees to disciplinary action including, but not limited to: suspension, expulsion, non-renewal or termination of employment or the requirement that the student or employee satisfactorily participate in a drug or alcohol abuse assistance or rehabilitation program at the student or employee’s expense and approved by the College and agree to certain conditions.

Article V of Chapter 90 of the North Carolina General Statutes makes it a crime to possess, manufacture, sell or deliver or possess with intent to sell or deliver a controlled substance. N.C.G.S. § 90-95. As citizens, all members of the College community are expected to

know and comply with these laws. Legal matters may be referred to local law enforcement. Employees and students who are in violation of alcohol and drug laws may suffer legal consequences ranging from fines up to incarceration. Furthermore, any substance taken that may cause impairment, including but not limited to bath salts, inhalants, or synthetic herbs, is also considered a violation of the drug and alcohol Policy.

V. CONTROLLED SUBSTANCES AND ALCOHOL TESTING

Upon a conditional offer of employment, new employees may be required to be tested for substances, including controlled substances or alcohol.

Employees may be required to be tested for substances, including controlled substances or alcohol, based on individualized, reasonable suspicion. The required observations for reasonable suspicion testing shall be made by an administrator, supervisor or other trained official and the person who makes the determination that reasonable suspicion exists shall not be the same person who conducts the test. This section does not apply to law enforcement officers serving the College through the local sheriff's department. Law enforcement officers must adhere to their normal standards when conducting a search.

All substances, including controlled substances and alcohol testing, shall be administered by a non-College, third party laboratory chosen by the President. The testing shall be performed at the laboratory. A representative from Human Resources and the employee's immediate supervisor will accompany the employee to the testing site utilizing a College vehicle (if available). The chosen laboratory shall use standard testing protocols that will maintain the confidentiality of the employee and student. All tests shall be reviewed by a medical review officer not affiliated with the College. Employees will have the opportunity to provide any information to the medical center which the employee considers relevant to the test, including identification of currently or recently used prescription or non-prescription drugs. The College shall pay for the initial test. If the employee wishes to dispute the results with a subsequent re-test, the employee shall be responsible for the cost of the re-test.

Pending the results of the testing, (if not instant), the employer can suspend the employee on leave with pay. The College must give the employee written notice of positive results and notice of the right to a re-test (at the employee's expense) pursuant to G.S. 95-232(f). If the results are positive, the supervisor may recommend disciplinary action pursuant to Policy 4.3.4.

VI. POST-ACCIDENT TESTING

In the event of a work-related injury, if the supervisor has reason to suspect that impairment is involved in the accident s/he should report the incident to a representative from the Human Resources Department and the employee may be tested as set forth above.

VII. DISSEMINATION TO COLLEGE COMMUNITY

This Policy shall be maintained on the College's website and a copy of this policy will be maintained in the College's Human Resources Office and Student Services Office.

VIII. POLICY REVIEW

The College Administration will review this Policy annually.

I. COMMUNICABLE DISEASE

Communicable diseases, those that have serious effects on human health, can pose a threat to the College community. The College will take all reasonable measures to ensure the safety of members of the College community during global and local infectious disease events. Communicable disease is defined as an illness due to a specific infectious agent or its toxic products that arises through transmission of that agent or its products from an infected person, animal, or reservoir to a susceptible host, either directly, or indirectly through an intermediate plant or animal host, vector, or the inanimate environment. Examples of communicable disease include but are not limited to acquired immunodeficiency syndrome (AIDS), coronavirus-19 (covid-19), chicken pox, hepatitis, measles, tuberculosis, meningitis, mononucleosis, whooping cough, and other viral diseases that reach a pandemic level, and for purposes of this Policy only, those communicable diseases which constitute a disability pursuant to the Americans with Disabilities Act.

The College shall not exclude individuals with communicable diseases unless a determination is made that the individual presents a health risk to themselves or others. The College shall consider the educational or employment status of those with a communicable disease on an individual basis.

A. Procedure

1. All information and records that identify a person as having a communicable disease shall be strictly confidential.
2. Disclosure of medical information shall be made by the President only to those on a need-to-know basis in order to protect the welfare of persons infected with a communicable disease or the welfare of other members of the College community.
3. Unauthorized disclosure of medical information by an employee of the College is prohibited. Violation of this prohibition may result in the suspension from, or termination of employment.
4. A person who knows or has a reasonable basis for believing that they are infected with a communicable disease is expected to seek expert advice about their health circumstances and is obligated ethically and legally to conduct themselves responsibly toward other members of the College community.
5. Faculty and staff of the College and employees of contractors, or contracted services, who are infected with a communicable disease are urged to notify

the appropriate Dean/Director so that the College can respond appropriately to their health needs. Students are urged to share information with the appropriate Dean/Director for the same reason.

6. A person infected with a communicable disease (including the AIDS virus whether active AIDS, AIDS-Related Complex, or undetectable viral load) will not be excluded from enrollment or employment or restricted in their access to the College's services or facilities unless, in individual cases, the College administration determines that exclusion or other restrictions are necessary for the health and welfare of others at the College.
7. Included in making decisions in individual cases which restrict access to employment may be the College President, Legal Counsel for the College, the Deans/Directors, the individual's personal physician, the local Health Director (or designee) and if necessary, another physician with expertise in managing communicable disease cases.
8. The College shall provide information regarding communicable diseases, including AIDS.

B. Immunizations

Prior to admission or employment, the College may require students and employees to be immunized from certain communicable diseases, including but not limited to measles, mumps, rubella, tetanus, varicella, and meningitis. Students and employees are excused from providing proof of one or more of the required vaccinations if the student or employee has one of the following:

- physician's written statement of immunity due to having had the infection;
- a statement of contraindication to a vaccine (accompanied by a physician's statement);
- a lab titer documenting immunity; or
- a statement of religious exemption

Religious and medical exemption letters will be accepted in lieu of immunization information. Medical exemption letters must be accompanied by a physician's statement.

The immunizations listed here are not meant to supersede more restrictive requirements for employment or participation in a specific College program or class, such as childcare, classes that lead to a medical degree or certificate, or clinical programs.

C. Public Health Incidents

Should influenza, or any other communicable disease, reach a pandemic level, the President shall regularly monitor the situation by communicating with local and state health officials and by reviewing media sources.

Should any communicable disease reach a pandemic level within or near the College's service area, the President, after consulting with local, state or federal health officials, may take the following actions if it is determined to be in the best interest of the College community to prevent the spread of the disease:

- a. Close the College or certain College buildings and/or programs temporarily;
- b. Limit or prohibit employee travel and/or student field trips;
- c. Prohibit those infected with a communicable disease from coming onto the College campus;
- d. To the extent allowed by law, requiring or encouraging employees and students to receive immunizations (not already required by the College) that prevent the spread of an infectious or communicable disease before coming back onto the College campus; and
- e. Other specific actions deemed necessary for the safety of the College community

The President shall not quarantine any student or employee while on campus unless the quarantine is ordered by local, state or federal health officials. Persons who are infected with a communicable disease that has reached a pandemic level, or know of someone in the College community who is, should contact college officials immediately. Students should contact the Dean of Student Services and employees should contact the Human Resources Office.

Any actions undertaken pursuant to this policy will be in accordance with applicable federal and state laws, College policies, and in the best interest of all parties.

II. OCCUPATIONAL EXPOSURE TO BLOODBORNE PATHOGENS

The College shall comply with federal regulations and state statutes regarding bloodborne pathogens as set forth in the Federal Register, 29 CFR §1910.1030, and the North Carolina Administrative Code, 10A NCAC 41A, by attempting to limit/prevent occupational exposure of employees to blood or other potentially infectious bodily fluids and materials that may transmit bloodborne pathogens and lead to disease or death.

A. Reasonably Anticipated Occupational Exposure

An employee who could "reasonably anticipate", as a result of performing required job duties, to face contact with blood, bodily fluids or other potentially infectious materials is covered by the OSHA Bloodborne Pathogens Standard, the North Carolina Administrative Code, and this Policy. "Occupational Exposure" includes any reasonably anticipated skin, eye, mucous membrane or parenteral (brought into the body through some way other than the digestive tract) contact with blood or other potentially infectious materials that may result from the performance of an employee's duties. "Good Samaritan" acts, such as assisting a co-worker or student

with a nosebleed would not be considered "reasonably anticipated occupational exposure."

B. Universal Precautions

Universal precautions will be in force at all times. All blood, body fluid and other potentially infectious material will be handled as if infected. The program standards for the control of potential exposure to HIV and HBV as outlined in the OSHA Rule "Occupational Exposure to Bloodborne Pathogens" Standard 1910.1030, the NC Administrative Codes, or the most current standards available will be followed.

C. Testing

An employee who suspects that s/he has had exposure to blood or body fluid may request to be tested, at the College's expense, provided that the suspected exposure poses a significant risk of transmission, as defined in the rules of the Commission for Health Services. The HIV and HBV testing of a person who is the source of an exposure that poses a significant risk of transmission will be conducted in accordance with 10A NC Administrative Code 41A .0202 (4) (HIV) and 41A .0203(b)(3) (HBV). The College will strictly adhere to existing confidentiality rules and laws regarding employees with communicable diseases, including HIV or HIV-associated conditions.

D. Exposure Control Compliance

The College shall comply with OSHA Regulation 29 CFR 1910.1030 and promote a healthy and safe environment for both employees and students. The College proposes to do this through minimizing the risk of transmission of infectious diseases that are blood or body fluid borne. To achieve compliance with OSHA Regulation 29 CFR 1910.1030, the College will maintain an Exposure Control Plan covering the following areas:

1. Procedures,
2. Protective equipment,
3. Hepatitis vaccinations,
4. Post-exposure and follow-up care, and
5. Training.

A copy of the Exposure Control Plan is available in the office of Administrative Services.

The College recognizes the necessity for freedom in legitimate academic decisions that foster an environment where faculty and students can freely inquire, study and evaluate in order to gain greater understanding. To that end, the College endeavors to give faculty members the freedom to conduct individual academic affairs in accordance with each person's best judgment.

- A. Faculty members will conduct themselves within the boundaries of the law as established by the North Carolina General Statutes and the State Board Code of Community Colleges.
- B. Faculty members shall use their best judgment as to appropriate material in developing and implementing course material. Faculty members shall refrain from introducing controversial materials and subject matters that have no bearing or academic relationship to that particular class or subject matter. Faculty members shall encourage students to do likewise.
- C. In the academic setting, faculty members shall refrain from insisting upon the adoption of any particular point of view as authoritative in controversial issues. Engaging in personal attacks during any discussion should be avoided by faculty members and students.
- D. Faculty members shall use their best judgment in conducting classes and in interactions with other members of the College community.
- E. Faculty members shall keep abreast of the main academic trends and themes in their respective fields and incorporate these into their scholarship and teaching.
- F. Faculty members shall organize their subject matter and present it in ways that present the optimum value for their students, subject to reasonable guidelines reflected in College, departmental and faculty policies and procedures. Faculty members shall also require an amount and quality of work from their students which, under the College's standards, justify the course.

Any questions or issues concerning the parameters of academic freedom at this College should be addressed to the appropriate Vice President. In the event the faculty member cannot reach an informal resolution, s/he may file a grievance pursuant to Policy 3.3.8. – Grievance.

This Policy is not intended to limit the rights of faculty or students in discussing any matter outside of the academic setting. However, no College employee or student shall purport to speak on behalf of the College unless specifically authorized to do so by an authorized College official.

Adopted: 6.25.2024

Teleworking, or working remotely, is a benefit and privilege of working at the College and will be considered in situations in which it can be mutually beneficial for both the College and its employees. Teleworking satisfies the College's creative sustainability efforts by reducing consumption of natural resources, to decrease pollution and to ease congestion related to commuting to work by automobile. However, the College has determined that some positions, by their very nature, do not lend themselves to teleworking. For example, positions that require the supervision of other employees are not suitable for teleworking and will not be considered. On the other hand, the College finds that some positions are naturally suited to Teleworking. If an employee is interested in Teleworking, the employee's immediate supervisors must first evaluate the suitability. In unusual situations, and in order to ensure continuity of College operations, the President may grant teleworking approval for positions that would not normally be considered appropriate for teleworking.

I. Demonstration of Suitability

Both full-time and part-time positions can be considered for a Teleworking arrangement. When considering Teleworking, the supervisor and employee are responsible for demonstrating that the following conditions can be met:

- A. The employee can participate in departmental, division and campus-wide meetings appropriate to the position.
- B. Teleworking does not adversely affect the College, departmental assignments/projects, student advising and assistance, customer relations, employee's completion of assigned duties or other work areas.
- C. There is adequate and suitable work available for the employee to perform away from campus.
- D. The employee has been employed by the College for a minimum of one year and during that time, maintained a good work record prior to making his/her request to telework (e.g., no excessive or unexcused absences, no corrective action within the last twelve (12) months of employment, and no misuse or loss of equipment).

EXCEPTION CLAUSE FOR HARD TO FILL POSITIONS:

A hard-to-fill position is typically defined as a role that has a prolonged vacancy (6 months or more) due to a shortage of qualified candidates, specialized skill requirements, or high market demand. Factors that determine whether a position is hard to fill may include:

- Specialized expertise: Requires unique or highly technical skills that are difficult to find in the local job market.
- Competitive labor market: The position competes with private sector or other institutions offering higher salaries or better benefits.

- Geographic challenges: A limited local talent pool makes recruitment difficult.
- High turnover or low applicant volume: Positions with historically high vacancy rates or minimal qualified applicants.

Ensuring Productivity for Remote Employees

To verify that employees are working their required hours off-site, supervisors can implement the following strategies:

1. Clear Performance Expectations: Define job responsibilities, deliverables, and performance metrics in a remote work agreement.
 2. Regular Check-Ins: Schedule weekly or biweekly one-on-one meetings to discuss progress, challenges, and upcoming tasks.
 3. Project & Task Tracking: Use tools like Trello, Asana, Microsoft Teams, or Google Workspace to monitor tasks, deadlines, and completed work.
 4. Time Tracking & Accountability: Require employees to log their work hours or submit a brief end-of-day summary outlining accomplishments and next steps.
 5. Communication Standards: Set expectations for response times, virtual availability, and participation in team meetings.
 6. Periodic On-Site Work & Evaluations: Since employees will be on campus two days per week, supervisors can use these days for in-person collaboration, feedback sessions, and performance assessments.
 7. Use of Technology: Utilize VPN access logs, document version histories, or system activity reports if necessary to ensure engagement with work systems.
- E. Suitable equipment and technology services can be provided and/or maintained by the College and/or employee so that work can be effectively performed in a teleworking arrangement.
- F. The employee can be adequately supervised when teleworking.

II. Employee Requirements

All employees approved to telework must agree to the following:

- A. Campus meetings, events and student advising/assistance shall not be scheduled around an employee's teleworking arrangement. All teleworking employees shall attend required campus meetings and events and provide student advising/assistance in fulfillment of his/her job duties.
- B. Teleworking employees are responsible for all travel and per-diem to and from the employee's home to the workplace regardless of distance.

- C. Teleworking employees are required to respond in a timely manner to work related voicemail and electronic mail. Unless otherwise agreed upon with the employee's supervisor, the employee is expected to work during the College's normal hours of operation while teleworking, 8:00 a.m. – 5:00 p.m. during weekdays.
- D. Teleworking arrangements may be revised or discontinued at any time. The initial agreement must have a defined duration with a three (3) month or less probationary period. If the employee meets the outcome expectations of teleworking during the probationary period, a new agreement may be executed for an additional three to six months.
- E. Teleworking employees are responsible for maintaining a dedicated home office and technology environment that maintains the security and confidentiality of College and student information and is a safe working environment.
- F. The College and the teleworking employees shall agree on the equipment, if any, and the maintenance thereof to be provided by the College and/or the employee to enable the teleworking arrangement.
- G. The supervisor shall articulate how the employee's performance will be measured and how the employee will participate in performance reviews.
- H. A teleworking employee scheduled to work on a day in which the College is closed due to adverse weather is still expected to work as scheduled.

III. Teleworking Request

The employee shall complete and submit the appropriate teleworking request form to his/her immediate supervisor. If the employee's immediate supervisor agrees with the teleworking request, s/he should add supervisor comments to the form and present it to the Executive Director of Human Resources ("Director"). If approved, the Director will then present the information to the President. If approved by the President, the agreement will be signed by the employee, the employee's immediate supervisor, the Director and the President. The agreement will be included as an addendum to the employee's employment contract.

IV. Safety and Liability

The employee must designate a work space at his home or other alternative work site. The employee must protect the work space from any known hazard or danger that could affect College equipment or the employee. The College may require the employee to provide a picture of the designated work area.

If a teleworking employee is injured in his/her work space, the employee will immediately alert his/her supervisor no later than the end of the next business day. The employee consents to allow the College or its designee to inspect the work space after a reported accident.

V. Terminating a Teleworking Agreement

In the event the College or the employee wishes to discontinue the teleworking arrangement, the College shall determine whether the employee will remain an employee with the College and work on-site. If appropriate, a cross-training period with a replacement will commence for thirty (30) days. This period will give the College time to allocate a replacement employee and give the remote employee ample time to train and transfer duties to the individual. All equipment owned by the College will be returned by the end of the transition period.

VI. Employees with Disabilities

This policy does not apply to teleworking as an Americans with Disabilities Act (ADA) accommodation. If teleworking is considered a reasonable accommodation pursuant to the ADA, the College will follow its ADA process with respect to such accommodation. In addition, employees with disabilities who are required or permitted to telework by the College will be provided reasonable accommodations as necessary to fulfill their job duties while teleworking.

I. SECONDARY EMPLOYMENT

Full-time College employees' primary professional obligation is to the College. Full-time employees who engage in secondary employment have the responsibility to ensure that any such employment does not interfere with their work at the College as outlined in the employee's position description and the College's policies and procedures. The employee shall not utilize College time, facilities, supplies or equipment in relation to any secondary employment.

Prior to beginning any secondary employment, the employee shall provide a written notice of intent for secondary employment to the President or President's designee. The notice shall contain, at a minimum: 1) the name and contact information of the prospective secondary employer; 2) the proposed job duties; and 3) the estimated hours per week devoted to the secondary employment. The Board of Trustees shall approve or disapprove any secondary employment of the President.

II. OUTSIDE COMPENSATION

College employees are encouraged to provide leadership and professional expertise to various constituencies or organizations whether locally, regionally or nationally who may request their services as a result of their College employment provided that the outside activity does not interfere or compete with their full-time duties at the College. A College employee must receive the approval of his/her immediate supervisor prior to committing to any outside activity which occurs during the normal workday. College employees may accept outside compensation for services rendered during annual leave, holidays, semester breaks or other such times when classes are not in session or if the services provided take place outside the scheduled or the normal workday. Outside compensation does not include nominal honorariums that staff or faculty members receive as a representative of the College for services provided for workshops, seminars, SACS visits or state or regional committee involvement. Exceptions to this section of the Policy must be approved by the President.

Adopted: 6.25.2024

I. OVERVIEW

In accordance with Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990 and other applicable federal and state law, the College may be required to accommodate an otherwise qualified individual with a disability by making a reasonable modification in its services, programs or activities. This Policy addresses the use of Service Animals and other animals on campus by qualified individuals with disabilities or individuals authorized to provide training.

II. DEFINITIONS

- A. **Emotional Support Animal** – an animal selected or prescribed to an individual with a disability by a healthcare or mental health professional to play a significant part in a person's treatment process (e.g., in alleviating the symptoms of that individual's disability). An emotional support animal does not assist a person with a disability with activities of daily living and does not accompany a person with a disability at all times. An emotional support animal is not a "Service Animal".
- B. **Service Animal** – an animal that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual or other mental disability. The work or tasks performed by a Service Animal must be directly related to the handler's disability. Examples of work or tasks include, but are not limited to, assisting individuals who are blind or have low vision with navigation and other tasks, alerting individuals who are deaf or hard of hearing to the presence of people or sounds, providing nonviolent protection or rescue work, pulling a wheelchair, assisting an individual during a seizure, alerting individuals to the presence of allergens, retrieving items such as medicine or the telephone, providing physical support and assistance with balance and stability to individuals with mobility disabilities, and helping persons with psychiatric and neurological disabilities by preventing or interrupting impulsive or destructive behaviors. Service Animals may or may not have been licensed by a state or local government or a private agency. Service Animals are limited to service dogs and, in some cases, miniature horses.
- C. **Pets** – any animal that is not an Emotional Support Animal or a Service Animal.

III. ANIMALS ON CAMPUS

Pets are not permitted on campus and may not be left in vehicles on College property. There are occasions when a student or employee may need to bring an animal onto campus for the purpose of meeting an educational objective. Such requests should be made to the appropriate academic Dean prior to the animal being allowed onto campus. Subject to the rules set forth in section IV and V below, Emotional Support Animals and Service Animals

are permitted in any area of campus where employees or students are permitted, with a few exceptions for health and safety reasons.

IV. PROCEDURES REGARDING SERVICE/ EMOTIONAL SUPPORT ANIMALS

A. Responsibilities of the Service/Emotional Support Animal Owner/Handler

1. Registration

a. Service Animals

Students and employees are not required to register Service Animals. However, they are encouraged to notify the Disability Services Office (students) or the Office of Human Resources (employees) if they intend to use a Service Animal on campus so that appropriate College officials are aware of the animal's presence and to assist with the Service Animal's access to areas within the College's campus. Visitors with Services Animals are not required to register their animals.

b. Emotional Support Animals

After the College has made a determination that an Emotional Support Animal is allowed on campus (see Section B.2), the student or employee must register the animal with the Disability Services Office (students) or the Office of Human Resources (employees).

2. Care and Supervision

a. The care and supervision of a Service/Emotional Support Animal is the responsibility of the animal's owner and/or handler. The handler must ensure the animal is in good health and has been inoculated and licensed in accordance with local regulations with the burden of proving licensure and inoculation on the person with a disability. Dogs must wear a rabies tag at all times.

b. The Service/Emotional Support Animal must be under the control of the handler at all times and may not be left alone. A Service/Emotional Animal must be restrained by a leash or other appropriate device that does not exceed six (6) feet in length. In situations where a leash or other device interferes with a Service Animal's ability to perform its task or service, the Service Animal must remain under the control of the handler at all times.

c. The owner and handler of the Service/Emotional Support Animal is responsible for any damage of personal property or any injuries to an individual caused by the Service/Emotional Support Animal.

- d. The handler must ensure the animal is “housebroken” and trained and must clean up and remove all animal waste created by the animal.
- e. The Service/Emotional Support Animal may not disrupt the operation of the College or any class.

B. Responsibilities of the College Community

1. Service Animals

If the need for a Service Animal is obvious, College officials may not question the presence of the animal on campus. If the need for a Service Animal is not obvious, College officials are permitted to ask the handler two questions:

- a. Is the animal required because of a disability?
- b. What work or task(s) has the animal been individually trained to perform?

At no time may a College official require a Service Animal to demonstrate the tasks for which they have been trained nor may they inquire as to the nature of the individual’s disability.

If another person on campus has a covered disability under the ADA and it includes an allergic reaction to animals and that person has contact with a Service Animal, a request for accommodation should be made by the individual to the Director of Human Resources (if an employee) or the Disability Services Office (if a student). All facts surrounding the concern will be considered in an effort to resolve the concern and provide reasonable accommodation for both individuals.

2. Emotional Support Animals

The determination of whether a student or employee with a disability is allowed to have an Emotional Support Animal on campus shall be made on a case-by-case basis. Students and employees may request, as a reasonable accommodation for a disability, the need to have an Emotional Support Animal on campus. The College is not required to grant reasonable accommodations that would result in a fundamental alternation of a program or would constitute an undue burden. Any requests for a reasonable accommodation for an Emotional Support Animal shall be directed to the Disability Service Office (students) or the Office of Human Resources (employees).

In determining request for accommodations for an Emotional Support Animal, the consideration is: 1) does the person have a disability (i.e., a physical or mental impairment that substantially limits one or more major life activities); 2) does the Emotional Support Animal perform tasks or services for the benefit of the person or provide emotional support that alleviates one of more of the identified symptoms or effects of the person's existing disability; and 3) is the request an undue burden on the College or does it fundamentally alter a College program.

C. Removal of Service/Emotional Support Animals

The College has the authority to remove a Service/Emotional Support Animal from its facilities or properties if the Service/Emotional Support Animal becomes unruly or disruptive, unclean and/or unhealthy, and to the extent that the animal's behavior or condition poses a direct threat to the health or safety of others or otherwise causes a fundamental alteration in the College's services, programs, or activities.

It is a Class 3 misdemeanor "to disguise an animal as a service animal or service animal in training". N.C.G.S. § 168-4.5. In other words, it is a crime under North Carolina law to attempt to obtain access for an animal under the false pretense that it is a Service Animal.

Additionally, any employee or student who violates any portion of this procedure is subject to disciplinary action.

Any employee who is aware of any criminal conviction of another employee should notify the Director of Human Resources.

2. Credit history checks- a credit history will be conducted on the final candidate(s) for any positions which are bonded or have access to, or responsibility for, cash receipts, cash accounts, blank checks, or checking accounts.

The College acknowledges the ownership rights associated with intellectual property and requires students and employees to adhere to all applicable state and federal laws.

Intellectual property may be defined as any intellectual or creative works that can be copyrighted, trademarked or patented. Such works may include but are not limited to literary, musical, dramatic or artistic works, computer software, multimedia presentations, brand marks or inventions.

I. Works Made for Hire

The College recognizes that the "works made for hire doctrine" applies to College employees. Under this doctrine and this policy, a work made for hire is defined as a work prepared by any employee within the scope of his or her employment. Other works created under the terms of an agreement between the College and a creator may also be deemed works made for hire under that agreement. Works made for hire include any materials that may receive protection under federal patent, copyright, or trademark law. The College retains its ownership of works made for hire and all rights incidental to that ownership except as stated below.

This policy does not include independent works by employees that were not created within the scope of employment and without College support.

II. Academic Exception for Copyrightable Works

The College recognizes an academic exception to the works made for hire doctrine. Unless otherwise determined by the College prior to the creation of the Work, it is the College's policy that employees own and retain the copyright, and all rights incidental to that ownership, to works created for traditional academic purposes regardless of any use of College resources used in making the work.

This exception applies only to works that may be legally registered in the United States Copyright Office, including but not limited to, textbooks, scholarly monographs, trade publications, maps, charts, articles, novels, nonfiction works, supporting materials, artistic works, syllabi, lecture notes, educational software and multimedia. Employees, however, may not use College resources to commercialize or publish a work without written approval from College administration.

For any creative work that falls under this exception, the employee grants and the College retains a perpetual, royalty-free, non-exclusive right to use the work for educational, research, and marketing purposes.

This exception does not apply to trademarks, inventions, or patent ownership.

III. Student Works

Except as stated herein, the College recognizes that students retain ownership of intellectual property submitted in fulfillment of academic requirements. By enrolling in

the College, the student gives the College a perpetual, non-exclusive, royalty-free license to mark, modify, and use any work as may be required by the process of instruction, or for other educational, research, or marketing purposes.

This section does not apply to class or lab notes created by a student.

The College shall retain the ownership of all patentable inventions created by a student in fulfillment of academic requirements under the following conditions: the development of the invention involved substantial use of College resources, including use of facilities, time, and/or other resources.

IV. Other Agreements

In support of its mission, the College, an employee, or a student may voluntarily enter into other agreements for ownership of intellectual property or the sharing of royalties. In these instances, the written agreement is controlling, not this policy.

In the case of a work created under the provisions of a grant, the terms of the grant will determine the ownership and all rights incidental to the ownership of the property created, not this policy.

All revenue derived by the College from the creation and production of intellectual property shall be used for educational and research purposes that directly support the College's mission.

V. Dispute Resolution

- A. Prior to creating works using College resources, employees and students should direct intellectual property ownership questions to the appropriate Vice President.
- B. Employees. If issues related to ownership of intellectual property arise and cannot be resolved informally, College employees may seek resolution through Policy 3.3.8 – Employee Grievance Policy. Prior to initiating litigation, both parties will participate in voluntary mediation before a neutral third-party mediator and will equally share the cost of such mediation.
- C. Students. If issues related to ownership of intellectual property arise and cannot be resolved informally, College students may seek resolution through Policy 5.3.6 – Student Grievance Policy. Prior to initiating litigation, both parties will participate in voluntary mediation before a neutral third-party mediator and will equally share the cost of such mediation.

I. Open Door Admissions

Except as otherwise specified herein, the College maintains an open-door admission policy to all applicants who are legal residents of the United States and who are high school graduates or are at least eighteen (18) years of age. The College shall not solicit or use information regarding the accreditation of a secondary school located in North Carolina that a person attended as a factor affecting admission to the College or to any program of study, loans, scholarships or other educational activity at the College unless the accreditation was not conducted by a State agency. For purposes of this Policy, the term “accreditation” shall include certification or any other similar approval process. Student admission processing and placement determination shall be performed by College officials. Admission requirements for an emancipated minor shall be the same as for an applicant who is eighteen (18) years old or older. Non-emancipated minors may be admitted and allowed to attend the College pursuant to 1D SBCCC 200.95.

The open-door policy does not mean there are no restrictions on admission into specific College programs. Students shall be admitted into specific College programs when they demonstrate aptitude for these programs as determined by personal interest, academic background, placement tests and personal interviews. If an academic deficiency exists, applicants will be given an opportunity to remove the deficiency by taking preparatory work.

For more specific information regarding certain admissions criteria, see Procedure 5.1.1.1.

II. Admissions Denials

A. Basis for Denials

1. Suspension/Expulsion from another Educational Entity.

If the College suspends or expels a student for non-academic disciplinary purposes, the College shall record the suspension or expulsion in the student's educational record. Upon receipt of a written request signed by the student and subject to all applicable privacy laws, the College shall, in accordance with the student's request, inform other colleges and universities of the term and circumstances of the student's non-academic disciplinary suspension or expulsion, if any. The College reserves the right to refuse admission to any applicant during any period of time that the applicant is under a period of suspension or expulsion from another educational entity for non-academic disciplinary reasons.

2. Safety Concern.

The College reserves the right to refuse admission to any applicant if it is necessary to protect the safety of the applicant or other individuals. When making a safety determination, the College may refuse admission to an applicant when there is an articulable, imminent and significant threat to the applicant or other individuals. When refusing admission based on safety concerns, the Dean of Students Services shall document:

- a. Detailed facts supporting the rationale for denying admission;
- b. The time period within which the refusal to admit shall be applicable and the supporting rationale for the designated time period; and
- c. The conditions upon which the application that is refused would be eligible to be admitted.

3. Residency for Distance Learning.

The College is not authorized to provide distance learning courses outside of North Carolina unless state authorization has been granted from the state in which the applicant resides. State authorization requires colleges to seek and secure authorization to offer instruction in that state.

Admission of applicants residing outside of North Carolina to an on-line degree, diploma, certificate program or individual on-line courses offered by the College is dependent on the College's ability to secure authorization from the applicant's state of residence.

State authorization does not affect the cost of attending the College. Tuition requirements, including those for out-of-state students, still apply. This requirement does not apply to non-credit continuing education courses.

4. Undocumented Immigrants.

An undocumented immigrant is any immigrant who is not lawfully present in the United States. The College shall not admit undocumented immigrants unless all of the following conditions apply:

- a. The undocumented immigrant attended and graduated from a United States public high school, private high school or home school that operates in compliance with State or local law.
- b. The undocumented immigrant must comply with all federal and state laws concerning financial aid.
- c. The individual shall not be considered a North Carolina resident for tuition purposes and must be charged out-of-state tuition regardless of whether the individual resides in North Carolina.

- d. When considering whether to admit the individual into a specific program of study, the College shall take into account that federal law prohibits states from granting professional licenses to undocumented immigrants.
- e. Students lawfully present in the United States shall have priority over any undocumented immigrant in any class or program of study when capacity limitations exist.
- f. An admitted undocumented student will not be permitted to register for a class or program of study or be placed on a waiting list until the conclusion of the last published registration date for the term.

5. Readmissions.

The College reserves the right to refuse readmission to a former student who has unsettled financial obligations at the College or who has not complied with previous disciplinary requirements.

6. Criminal Justice Education and Training.

The College requires students enrolled in courses mandated under N.C.G.S. § 17C and 17E, the North Carolina Criminal Justice Education and Training Standards Commission or the North Carolina Sheriffs' Education and Training Standards Commission to be sponsored by law enforcement agencies until completion of the program. The student must be sponsored by a law enforcement agency to be admitted into the program. Failure to have such sponsorship shall result in an admission's denial.

7. Non-Criminal Justice Education and Training Firearm Courses.

Except for courses governed by Criminal Justice Education and Training, if the College has a program that requires students to possess a firearm, prior to admission, the student must provide proof of eligibility to possess firearms. For purposes of this Policy, "firearm" means a handgun, shotgun or rifle that expels a projectile by action of an explosion; "proof of eligibility" means: i) a current, valid State-issued permit to purchase a firearm; ii) a current, valid State-issued concealed carry permit from North Carolina; iii) a current, valid State-issued concealed carry permit from a state with a reciprocal concealed carry agreement with North Carolina; iv) proof of an exemption from permit requirements pursuant to N.C.G.S. § 14-415.25; or v) a background check to determine whether the applicant can lawfully possess a firearm in North Carolina pursuant to N.C.G.S. §§ 14-269.8; -404(c); -415.1; -415.3; and -415.25.

B. Appeal for Admissions Denials

If an applicant is denied admissions to the College for any of the reasons specified in Section II(A)(1)-(7), within five (5) calendar days following the receipt of the reasons specifying the denial, the applicant may file a written appeal with the Vice President of Instruction and Student Services for a reconsideration. The written appeal shall contain the applicant's reasons why he/she should be admitted and shall include any supporting documentation. The Vice President of Instruction and Student Services shall also meet with the applicant and provide the applicant an opportunity to respond. Within ten (10) calendar days from receipt of the applicant's written appeal, the Vice President of Instruction and Student Services shall make his/her determination and provide the applicant with a written response.

If the applicant does not agree with the Vice President of Instruction and Student Services' determination, within five (5) calendar days following the receipt of the Vice President of Instruction and Student Services' determination, the applicant may file a written appeal with the President. The President shall conduct an "on the record review" and shall make a determination within ten (10) calendar days after receipt of the applicant's written appeal. The President's decision is final.

- A. Course work transferred or accepted for credit toward an undergraduate degree must represent collegiate course work relevant to the degree with course content and level of instruction resulting in student competencies at least equivalent to those of students enrolled in the College's undergraduate degree program.
- B. Any such earned credit must meet the minimum College academic standards of a grade of "C" or better and must parallel the content of similar courses offered. The maximum amount of credit allowed to be transferred is seventy five percent (75%) of the College's curriculum. Any course taken at a North Carolina Community College System institution will be accepted for the equivalent course except as specified herein.

For all others, the following criteria will be considered in determining the acceptability of the transfer course work:

- 1. Accreditation of the school by a regional or national accrediting body recognized by the United States Department of Education. Accreditation does not guarantee acceptance of transfer credit.
 - 2. Equivalency of course descriptions, outcomes and analysis of course level, content, quality, comparability, and degree program relevance. It shall be the student's responsibility to provide documentation of this equivalency, which may include, but is not limited to, syllabi, course catalogs, course outcomes, etc.
 - 3. Use of recognized guides, such as those published by the American Council on Education, the American Association of Collegiate Registrars and Admissions Officers and the National Association of Foreign Student Affairs.
 - 4. If the school was not accredited by a regional or national accrediting body recognized by the United States Department of Education at the time the course was taken, additional documentation will be required. It shall be the student's responsibility to provide any additional documentation requested.
 - 5. For skills-based courses, particularly those in the advanced technology programs, demonstration of student skills may be a component of the evaluation process. Once a course is approved for transfer from a particular school, the course will be entered on a master list maintained by Student Services. Courses will be re-evaluated at least once every two years. Decisions related to acceptance of credit will be made by the appropriate faculty member(s) and Dean, in consultation with the Vice President of Instruction and Student Services.
- C. The responsibility for determining transfer credit from other colleges and universities rests with the Registrar and counseling staff. When there is doubt about the appropriateness of transfer credit or when a student wishes to appeal a transfer credit decision, the transcript will be referred to the appropriate faculty member(s) and Dean, whose decision will be final. In such cases, the Dean will note the decision in the student's academic file. Time

limits may be imposed in certain situations, such as for allied health program courses. Student Services and the appropriate Dean will maintain a list of courses that have time limits for transfer.

- D. When a student transfers from a postsecondary institution to the College, the following steps will be implemented:
1. The student fills out an application for admission and is responsible for providing an official high school transcript and an official transcript from any other postsecondary institution. The student should allow at least one month for the transcript evaluation process prior to registering for classes.
 2. The counseling staff evaluates the transcript and credit is accepted in accordance with the College's program offerings and the procedure stated herein. No credit for a course with a grade lower than a "C" may be transferred. The transcript evaluation is conducted in cooperation with the appropriate faculty member(s) and Dean, as applicable.
 3. The student is given placement test(s), if applicable.
 4. The student continues with registration procedure.
- E. Non-curriculum to Curriculum Transfer Credit: Non-curriculum course work from the College related to curriculum instruction may be transferred or accepted for credit towards curriculum courses in specific programs. Students must have earned a minimum letter grade of a "C", passed the final assessment with a proficiency of 70% or better or successfully passed the applicable credentialing exam. The appropriate Dean for each division will approve non-curriculum course material prior to officially granting curriculum credit. Faculty teaching courses for which CE to CU credit may be awarded must meet all SACSCOC credential requirements.

To review additional opportunities for awarding credits for prior learning, see the College's Policy on Credits for Prior Learning, Policy 5.2.9.

The General Assembly, in cooperation with the Department of Public Instruction and the North Carolina Community College System, has established special provisions by which students under 18 may be admitted to the College.

These special provisions are as follows:

Career and College Promise - Session Law 2011-145, the Appropriations Act of 2011, authorized the State Board of Education and the State Board of Community Colleges to establish the Career and College Promise program to offer structured opportunities for qualified high school students to dually enroll in Community College courses that provide pathways that lead to a certificate, diploma, degree, or State or industry-recognized credential as well as provide entry-level job skills.

House Bill 1246—Academically Gifted Minors – allows a student under the age of 16 to enroll in a community college if the president of the college or the president’s designee finds that the student is intellectually gifted and has the maturity to justify admission to the College.

Home Schooled Students—The conditions by which community colleges may allow students who are being home schooled have been established by DPI and the NCCCS.

Basic Skills – The mission of the Basic Skills program is to provide educational opportunities for adults 16 years or older who are out of school.

This policy authorizes the President to establish procedures consistent with these special provisions, by which students under 18 are admitted/enrolled in the College.

I. ATTENDANCE REQUIREMENTS

The following attendance requirements shall apply to all College students:

- A. Students are expected to attend and be on time for all scheduled classes and labs. Students should refer to the course syllabus for individual course attendance requirements. At the instructors' discretion, students may make-up work missed. When students must be absent, it is vital that they remain in contact with their instructors.
- B. Any student who has not attended at least one face-to-face class meeting or completed one assignment/activity for an online class by the date in which ten percent (10%) of the class has passed will be reported by the instructor as "never attended". A student who has never attended a class by the ten percent (10%) date is no longer enrolled in the class and will not earn credit or receive a tuition refund for the course.

Under extenuating circumstances, a student who has never attended by the ten percent (10%) date may petition for reinstatement in the class and earn course credit. The student should notify the instructor, in writing, of the extenuating circumstances prior to the ten percent (10%) percent date of the class and provide compelling documentation to support the request for reinstatement. Reinstatement will only be considered by the instructor when the absences were due to unforeseeable and uncontrollable circumstances. An instructor's decision regarding reinstatement may be appealed to the appropriate Dean within two (2) business days. The Dean's decision is final. Students reported as "never attended" may request to have their status changed to "audit".

- C. Any student who has been absent for two consecutive weeks in a 16-week term or one week in shorter academic terms will be administratively withdrawn from the course. A student in an online or hybrid course will be administratively withdrawn following two consecutive weeks in a 16-week term (or one week in shorter academic terms) of missed assignments, missed attendance (for hybrid), and lack of communication with the instructor regarding course participation. Consistent with policies establishing attendance in online courses, logging into a course site but failing to perform the aforementioned actions does not constitute attendance. A grade of "WF" will be assigned for any course from which the student is administratively withdrawn. Administrative withdrawals will be allowed up to the published Administrative Withdrawal deadline each semester (approximately the 85% point of the semester). Thereafter, the earned grade will be posted.

Under extenuating circumstances, a student may petition, in writing, the instructor, for reinstatement in the course upon demonstrating the capacity and likelihood of satisfactorily completing requirements as indicated on the course syllabus. Reinstatement will only be considered when the absence was due to unforeseeable

and uncontrollable circumstances. Tuition refunds or credits will not result from an administrative withdrawal.

- D. A student's absence while participating in a College-sponsored or approved activity will be considered an excused absence for participating students. Such excused absences will not be considered in the students' class attendance for drop purposes, nor will excused absences be included in the determination of a grade for "participation" of which class attendance is a part. The responsibility for making up class work rests entirely with the student. All assignments, tests, labs, class time and final exams to be missed due to College sponsored or approved activity will be rescheduled prior to the excused absences or otherwise rescheduled at the discretion of the instructor.
- E. The College provides reasonable accommodations, including a minimum of two (2) excused absences each academic year, for religious observances required by a student's religious practice or belief. Such reasonable accommodations must be requested in accordance with the procedures for this Policy and include the opportunity for the student to make up any tests or other work missed due to an excused absence for a religious observance. An accommodation request imposes responsibilities and obligations on both the College and the student requesting the accommodation. College faculty are required, as part of their responsibility to their students and the College, to adhere to this Policy and ensure its full and fair implementation by reasonably accommodating students' religious practices or beliefs. Regardless of any accommodation that may be granted, College students are responsible for satisfying all academic objectives, requirements and prerequisites as determined by their instructor and the College.
1. Academic year: The sequence of fall, spring and summer semesters.
 2. Reasonable accommodation: Any change in an academic course or program of study with respect to the way tasks or responsibilities are customarily done that enables a student to observe his/her religious practice or belief without creating an undue hardship.
 3. Religious practice or belief: A practice or observance that is sincerely held within the tenants of that religious belief.
 4. Undue hardship: An accommodation that would require significant expense or difficulty for the College or would result in the inability of the student to perform an essential function of his or her course/program of study. The determination of undue hardship is dependent on the facts of each individual situation.

I. Student Voluntary Withdrawal from Course(s)**A. Ten Percent (10%) Date**

A student may withdraw from a course for a partial refund on or before the official ten percent (10%) date of the semester. For more information on tuition/fee refunds, see Policy 6.1.4 – Tuition/Fee Refunds. In the case of withdrawal on or before the official ten percent date (10%) date of the semester, the withdrawn course(s) will not be included on the transcript.

B. Seventy Five Percent (75%) Date

At any point prior to the seventy five percent (75%) date of the semester, a student may voluntarily withdraw from his/her courses. Students will not be allowed to voluntarily withdraw from courses past the seventy five percent (75%) date. All applicable deadlines will be published in the College's official calendar.

It is the student's responsibility to withdraw from course(s) if he/she cannot meet the requirements of the course. The student should first consult his/her instructor or advisor before requesting to be withdrawn from a course. Students receiving financial aid should also consult a financial aid advisor before requesting to be withdrawn from a course. Withdrawing from a course could substantially delay the completion of the student's program of study and may have impacts on future financial aid eligibility.

To officially begin the withdrawal process, the student should notify the Enrollment Management Office of his/her intent to withdraw from the course. The student should complete the online Withdrawal Request Form or visit Student Services and complete a withdrawal form.

Students must officially withdraw from any course they stop attending in order to ensure that they will not receive an "F" in the course. In the case of a withdrawal, the student will receive a "W" which will not include the grade point average but will appear in the student's official transcript.

C. Exception to Seventy Five Percent (75%) Date

The Vice President for Instruction and Student Services ("Vice President") may make exceptions in cases of extenuating medical circumstances and award a grade of "W" during the final twenty five percent (25%) of the academic term. A student must comply with the following steps if he/she desires a medical withdrawal:

1. Submit medical documentation supporting a request for a medical withdrawal within thirty (30) calendar days of the last attended class unless medical documentation is provided that satisfactorily explains a longer time

period. It is most feasible that the request and documentation be submitted before the end of the semester (and end of the classes) in question. The documentation must be submitted to the Vice President.

2. The Vice President will review all submitted documentation and make a decision regarding voluntary medical withdrawal within ten (10) business days after the receipt of said documentation.
3. The decision of the Vice President will be communicated to the student via registered mail, hand-delivered or electronically with confirmation of receipt from the student. The Vice President's decision is final.
4. Students who are granted medical withdrawals will receive the grade of "W" in all courses in progress and/or specified in the request.
5. Specific conditions for re-admittance are stipulated at the time of withdrawal. These conditions may specify a minimum period of time for the withdrawal and/or may require a letter of medical clearance from a physician, psychologist or psychiatrist stating that in the professional expert's opinion the student is now capable of handling the College's academic and social demands.

II. Student Involuntary Withdrawal from Course(s)

- A. Students who register for a course and do not attend classes prior to ten percent (10%) will be dropped by the instructor.
- B. Any student who accumulates absences in excess of ten percent (10%) of the course contact hours may be withdrawn from the class at the instructor's discretion. If the student is withdrawn from a class during the final twenty five percent (25%) period of the term for excessive absences, the student will receive a grade of "F".
- C. Students may be involuntarily withdrawal from courses for disciplinary reasons subject to the student discipline policies.

Any individual may audit a College class based on the following:

- A. The individual pays the normal tuition and fees. However, any person who is at least 65 years old may audit non-self-supporting basis courses without the payment of tuition and fees provided the individual meets the other criteria listed herein.
- B. Auditing students do not take tests or examinations, they do not receive grades, credit or financial aid, and cannot later change the “audit” to credit.
- C. Students auditing a course must meet the same course prerequisite and attendance standards as all other students in the course. Auditing a course will not meet the prerequisite of any sequential or higher-level course.
- D. Auditing is subject to open seats in the course and a student who audits a course shall not displace other students seeking to enroll in the course.
- E. Students who audit a course and withdraw or are dropped from the course will be issued a grade of “W”.
- F. Students who desire to audit must inform their instructor at the first-class session, complete the appropriate forms and return them to the Registrar’s Office within 15 class days. Audits appear on the grade report as “Y”.

A final grade is awarded at the end of each course for which a student is registered. Instructors determine final grades by using the following system:

A	Excellent	90-100
B	Good	80- 89
C	Average	70-79
D	Poor	60-69
F	Failure in performance or failure to remove an “I” grade	

The following chart provides a list of the grades that students can receive and a description of each. *I - Incomplete. Students may receive an “I” at the discretion of the instructor when 80% of the course has been completed and the final work required has not been completed because of extenuating circumstances. An “I” must be removed by the last day of classes of the next semester, or it will automatically become an F (see R-CCC Academic Calendar). Students cannot re-enroll in courses in which an “I” grade is the grade of record. If the student fails to remove the “I” during the required time, the student must re-enroll in the course **IF CREDIT FOR THE COURSE IS REQUIRED.**

*AU - Audit. This grade is assigned to students who audit a course or who repeat a course in which a grade of C or higher has been earned.

*W - Withdrawal. A “W” is received when a student officially withdraws from a course by the 60 percent point of the course. A “W” is assigned for administrative withdrawals resulting from disciplinary action (i.e., suspension, etc.).

*WP - Withdrawal Passing. Student is passing the course with an average of at least 60% at the time of drop.

*WF - Withdrawal Failing. Student is failing the course with an average of less than 60% at the time of drop.

*CE - Credit by Examination. Student shows proficiency by examination. This grade is awarded for credit hours only.

*CL - College Level Examination Program (CLEP). This grade is awarded to students who have taken and met the credit-granting score standard for CLEP.

*AP - Advanced Placement. This grade is awarded to students who take the College Entrance Board’s Advanced Placement Examination and who meet the credit-granting score standard for AP.

*MT - Military Training. This grade is awarded to veteran students who may receive college credits through DAN TES, a testing program service by the Educational Testing Service.

*BL - Basic Law Enforcement Training. This grade is awarded to students who have completed Basic Law Enforcement Training. The training must be for curriculum credit and not continuing education credit.

*P Grades. A student in developmental, supplemental, or transitional courses will receive either of the below passing grades based upon the course. They are not considered a part of the program's total hours required for graduation. However, the grade is recorded on the student's permanent college transcript.

*P - Passing

*P1 - Pass Tier 1 of the course

*P2 - Pass Tier 2 of the course

*P3 - Pass Tier 3 of the course (for Math only)

*R - Repeat. A grade of R (repeat) will be issued for unsuccessful completion supplemental or transitional courses. They are not considered a part of the program's total hours required for graduation. However, the grade is recorded on the student's permanent college transcript.

**An "In Progress" or Re-enroll grade is given in transitions courses when progress has been made but required objectives for the course have not been met. It is given in lieu of a D or F grade and has a neutral effect on the student's GPA. "IP" and "R" grades remain on the transcript.

***The "P1", "P2", "P3", "IP" and "R" grades are used in transitions math, transitions English and reading courses. "P" indicates an 80% mastery of the course content. When the student's mastery of course content is less than 80%, the student receives an "R" grade. "R" and "IP" grades have a neutral effect on the student's GPA. Students receiving an "R" grade in a prerequisite course must reenroll in that course and may not proceed to the sequential course until achieving 80% mastery of course content.

*Note: These grades do not affect a student's GPA or quality points.

Grade Appeal

A student has the right to appeal a final course grade when he/she believes that his/her performance in a course has been incorrectly or inappropriately evaluated by the instructor. Any such appeal should be initiated within the first two weeks of the next semester after the grade was issued.

Grade Changes

Any change of grade, except course repeats and incomplete grades, must be made by the instructor and approved by the academic dean. If changes are necessary and the instructor is no longer available, the decision to change a grade rest with the academic dean and with approval by the Vice President of Instruction and Student Services. A grade will only be changed if an error was made in computing or recording it. This must be done within the first three weeks of the start of the next semester.

Grade-Point Averages (GPAs)

For determining GPAs, final grades have the following values or points: A=4; B=3; C=2; D=1; F=0. Other grades are not included in the GPA. The cumulative GPA is computed by multiplying the points for each course by the semester hours for that course, then dividing by the total number of semester hours. A GPA of 2.0 for work taken at R-CCC is required for graduation. Some departments may have additional graduation requirements.

Please note: Students taking transitional English and Math courses will earn a grade of P (for Pass) or R (for Repeat). Since these courses are pre-curriculum level courses, meaning that they help prepare students for success in curriculum level coursework, credit hours or quality points are not earned for grade-point average calculations, nor are they considered as part of any program's total hours required for graduation. The grade earned for this course, however, is recorded on the student's permanent college transcript, which future colleges or employers may request.

Satisfactory Academic Progress

Each curricular student is expected to make satisfactory academic progress (SAP) toward obtaining a degree, diploma, or certificate. At the end of each semester, a student's GPA for that period and his/her cumulative GPA are examined. The minimum cumulative GPA for remaining in good standing is shown in the following scale.

Attempted Credit Hrs.	GPA Diploma	GPA Degree
1-15	1.50	1.50
16-27	1.65	1.65
28-39	1.80	1.80
40-53	2.00	1.95
54 & above	2.00	2.00

Adopted: 6.25.2024

This Policy shall apply to grade appeals unrelated to issues pertaining to the Code of Student conduct. The grade appeal process applies only to final course grades. In the event a student appeals a grade that prevents progression in a program, the student will be allowed to enroll and attend the following semester pending the outcome of the appeal. For sequential classes that have a clinical component, the student will be allowed to take the academic coursework but will not be allowed to participate in the clinical component of the class until the appeal is over. If the grade is upheld, the student will be administratively dropped from the course and refunded the tuition.

- A. If a student is dissatisfied with his or her grade, the student must first meet with the instructor who assigned the grade within ten (10) business days after official receipt of that grade. The instructor will make a written determination and provide it to the student. In cases where the student is unable to meet in person with the instructor, the student may contact the instructor by letter or email. If the instructor is no longer employed at the College, the student may proceed to step two.

- B. If the student is still dissatisfied with the instructor's determination, within ten (10) business days thereafter, the student may meet with the Academic Dean. The student must present the instructor's written determination. In cases where the student is unable to meet in person with the Academic Dean, the student may contact the Dean by letter or email. The Academic Dean will make a written determination and provide it to the student.

- C. If the student is dissatisfied with the Academic Dean's determination, within ten (10) business days thereafter, the student may file a written appeal with all documentary evidence to the Vice President of Instruction and Student Services ("Vice President"). The Academic Dean shall also file a written response, attaching the instructor's prior written decision, to the Vice President. The Vice President shall perform an "on the record review" and will make a determination within ten (10) business days after receipt of the student's appeal. If needed for clarification, the Vice President may meet with the student or ask the student or Academic Dean to submit additional information. The Vice President shall make a written determination and provide a copy of the decision to the student and the instructor. The Vice President's decision is final.

- A. A student is considered to be making unsatisfactory academic progress and will be placed on academic probation when his/her cumulative grade point average falls below 2.0.
- B. A student on academic probation for one semester will be required to consult with an academic advisor before registering for another semester.
- C. During this conference, the academic advisor and student will determine that one of the following actions is required:
 - 1. Continue with normal academic load next semester;
 - 2. Reduce academic load next semester;
 - 3. Either 1 or 2 above and participate in academic assistance in the form of tutoring, counseling sessions, learning lab or other appropriate resources;
 - 4. Enroll in preparatory courses of study; or
 - 5. Transfer to another program of study.
- D. If a student is on academic probation for two consecutive semesters, the student will be placed on academic suspension for the next semester and, prior to readmission, must meet with academic advisors and counselors. In lieu of academic suspension, the President may, at his/her discretion, institute other consequences that the President deems more appropriate for the specific situation.

The purpose of a prerequisite and/or a co-requisite is to ensure student success in subsequent coursework. While successful completion of prerequisites and/ or co-requisites is the traditional way students demonstrate readiness, in exceptional circumstances students may demonstrate readiness through other means. In such cases, prerequisites or co-requisites may be waived with appropriate approvals and permission of the Vice President of Instruction and Student Services. Documentation of the approved waiver will be maintained on file.

I. REPEATING COURSES

A. Curriculum Courses

Curriculum courses with earned grades of “D” or “F” may be repeated. Courses with earned grades of “C” or higher may be repeated only by special permission from the appropriate Dean. When courses are repeated, the highest earned grade and hours will be computed in the cumulative grade point average. The first course (grade and hours) will be shown on the transcript and will not be included in the cumulative grade point calculations. If a student receives three “F” grades for the same course, the student must wait at least two academic terms before repeating the course. Exceptions may be made by the Dean.

B. Extension Education Courses

Students may enroll in extension education courses as many times as necessary to accomplish their individual educational/training goals provided they continue to show progress, do not prohibit others from participating, are willing to pay fees, and do not violate North Carolina Community College System policy. Extension Education programs/courses are designed to enable participants to progress, at their individual achievement rates, in gaining knowledge and skills in specific educational areas.

II. COURSE SUBSTITUTES

When it is determined to be in the best interest of the student’s declared educational objective, appropriate courses may be substituted for other courses for graduation purposes. Necessary course substitutions within the major field (courses reflecting the prefix of the student’s major curriculum) require the approval of the Academic Dean. Course substitutions from curriculums outside the student’s major area, which have been made for the purpose of addressing the general education or related course requirements, must be approved by the Academic Dean. The Dean must notify the Registrar’s Office in writing of all applicable course substitutions on an individual student basis.

Adopted: 6.25.2024

The College may award Credits for Prior Learning ("CPL") as designated by law and state regulations for the following prior learning methods:

1. Apprenticeship
2. Certification and licensures
3. Courses listed in high school to community college articulation agreements
4. Military education and training
5. Standardized examinations
6. Challenge exams/Proficiency
7. Portfolio assessment
8. Public Safety Training ("PST") prefix courses

The College may award curriculum CPL when the documentation of prior learning meets or exceeds a demonstration of learning outcomes at the College's standards for awarding credit for the corresponding curriculum course. The College shall award CPL in a manner consistent with State Board regulations.

To be eligible to receive CPL, students must 1) meet all admission requirements for their program of study; 2) be enrolled in a curriculum program to which the credit will directly apply; and 3) request a prior learning assessment consistent with Procedure 5.2.9.1.

A. CREDIT THROUGH APPRENTICESHIP¹

The College shall award CPL based on statewide articulation as approved by the Curriculum Committee for related instruction provided by external entities for registered apprenticeship programs. All apprenticeships must be approved and registered with the North Carolina State Apprenticeship Agency through ApprenticeshipNC.

The College, participating employer, and North Carolina Community College System shall cooperatively put together an apprenticeship agreement that will require at least 2,000 hours of on-the-job learning plus an additional amount of classroom instruction.

Upon successful completion of a registered apprenticeship, the individual will receive work-based learning course credit.

B. CREDIT THROUGH CERTIFICATION AND LICENSURES

Students seeking CPL via industry recognized and/or state regulated credentials will complete a request form for a prior learning assessment, attach supporting documentation that substantiates credential attainment, and submit it to the designated college official or office for consideration. Designated faculty/staff should review the request form and supporting documentation to determine whether the student is eligible to receive academic credit.

¹ ApprenticeshipNC is responsible for implementing equal opportunity standards relating to apprenticeship, and the State Board of Community Colleges has incorporated and adopted federal regulations in Title 29, Part 30 of the Code of Federal Regulations to implement equal opportunity in apprenticeships. Consult with your local attorney if you have questions about federal apprenticeship compliance obligations.

Students are responsible for providing evidence of their valid (non-expired) certification(s) which must have been issued within five (5) years prior to their request for articulated credit. Students must be enrolled in the associated program to receive course credit.

C. HIGH SCHOOL TO COMMUNITY COLLEGE ARTICULATION AGREEMENT CREDITS

North Carolina Department of Public Instruction high school courses that are listed in the High School to Community College Articulation Agreement are eligible for Combined Course Library curriculum course credit. Transcripts of high school courses must be submitted to the College.

D. MILITARY EDUCATION AND TRAINING

Servicemen and veterans may be awarded college credit for service schools they have attended. The service schools must be accredited by a regional accrediting agency. Before applying for credit, students should contact the service school(s) and ask them to which regional accrediting agency they belong.

E. STANDARDIZED EXAMINATIONS

The College may award CPL credit for the following standardized examinations:

1. College Board Advanced Placement Program ("AP"): College course credit will be granted to students who pass the AP examinations with a score of three, four, or five.
2. Cambridge Assessment International Education: College course credit will be granted to students who score a grade of e/E or better based on the AS and A Level exam(s) taken.
3. College-Level Examination Program ("CLEP"): College course credit will be granted to students who participate in CLEP Subject Examinations and achieve the minimum passing score as recommended by the American Council on Education.
4. DANTES Subject Standardized Tests: College course credit will be granted to students who score at or above the credit-granting score recommended by the American Council on Education.
5. International Baccalaureate Diploma Programme: College course credit will be granted to students who earn a grade of 70% or higher in courses taken from a recognized international institution, validated by a US credentialing agency.

F. REQUESTING CHALLENGE/PROFICIENCY EXAMINATION

CPL may be awarded through examinations created and administered by academic units that offer the course. The examination is constructed to allow the student to demonstrate mastery of the learning outcomes of the course.

If a department offers credit by examination, no eligible student can be refused the opportunity to take the exam for course credit. A student must meet all pre-requisite requirements before they are eligible to take the challenge/proficiency examination for a course.

Students meeting challenge exam eligibility requirements, as provided by the State Board, state and federal law, and this policy, are responsible for submitting a challenge examination request.

As defined in the State Board of Community Colleges Code, developmental courses, supplemental courses, and courses including clinical practice are not eligible for challenge exams/proficiency.

G. PORTFOLIO ASSESSMENT PROCESS

CPL may be awarded through a portfolio assessment process managed by an academic department of the College. A portfolio is "a formal communication" presented by a student as a request for prior learning credit.

Prior learning assessment by portfolio assessment will follow a course-equivalency credit model. Students demonstrate college-level learning by submitting a portfolio consisting of an organized collection of evidence that demonstrates mastery of the learning outcomes of a specific course offered at the College.

To submit a portfolio for assessment, students must contact the department offering the course and follow the schedule established by the department. Courses eligible for credit by portfolio assessment are determined by the department. All portfolio assessments will be completed by discipline-appropriate faculty trained in assessing portfolios for credit. Departments offering prior learning assessment by portfolio will establish rubrics to guide faculty assessment and scoring.

H. CREDIT THROUGH PUBLIC SAFETY TRAINING PREFIX COURSES

Courses in the Combined Course Library with a Public Safety Training (PST) prefix may be used for awarding prior learning credit for industry-recognized public safety training and/or credentials.

Credit shall be considered for public safety training that meets the criteria outlined in the Public Safety Training course descriptions as listed in the Combined Course Library.

Official documentation from the training provider or credentialing entity shall be provided to the College to validate the training.

I. Purpose of Student Conduct Review

The College has an obligation to provide a safe place for its students to learn and a safe place for its employees to work. When any College employees or students have a concern about a student's potential to have a negative consequence on the safety of College employees, other students or themselves, they are encouraged to report the matter to the Vice President for Instruction and Student Services ("Vice President"). If warranted, a Behavioral Assessment Team ("BAT"), a cross-functional multidisciplinary group focused on prevention and early-intervention for students exhibiting concerning behaviors, may be used to address the situation. The following procedures are outlined to guide this process.

II. Procedures for Conduct Review

A. Step One

College employees or students who are concerned about a student displaying elevated levels of distress, disturbance, or dysregulation (e.g. suicidal thoughts or impulses, violent and aggressive impulses, depression, disruptive behavior, physical or sexual abuse) or displaying behavior that poses a direct threat to the health, welfare and safety of the College community are encouraged to contact the Vice President of Instruction and Student Services.

B. Step Two

The Dean of Students will conduct a review based on the report. When conducting the review, the Dean of Students shall consider, among other things: (a) the severity of the reported behavior; (b) whether the reported behavior represents a direct threat to the health, welfare and safety of the College's community; (c) the student's academic, attendance and discipline records; (d) whether this type of behavior has been reported in the past; and (e) whether or not the reported behavior, if true, violates the Code of Student Conduct.

When conducting the review, the Dean of Students may: (a) speak with the student; (b) gather additional evidence or information by interviewing members of the College community; (c) compile additional documentation; and (d) review other evidentiary sources.

Based on the result of the conduct review, the Dean of Students may do the following: (a) treat the matter as a disciplinary action pursuant to Procedure 5.3.2 – Student Code of Conduct, if a violation is believed to have occurred; (b) make a written referral of his/her findings to BAT for review; or (c) no further action is warranted. If the Dean of Students makes a referral to BAT, he/she shall inform the student in writing concerning the referral and shall provide both the student and BAT with a copy of his/her conduct review findings.

III. BAT Review and Determination

A. Membership

Members of the BAT are:

1. A College Dean appointed by the Vice President (Chair)
2. Student Services Counselor
3. Psychology Instructor
4. Campus Resource Officer
5. One at-large appointee by Vice President
6. Other appointees as needed

B. BAT Review

If referred by the Vice President, the BAT will review the concern to determine if the speech or behavior in question is creating, or may lead to, an unsafe environment and impede the success of the student in question. The BAT's report will be based on the nature of the behavior, the severity of the safety risk and the student's needs.

As a part of this evaluation, the BAT will review the Dean of Student's findings and may meet with the individual(s) bringing forth the concern, witnesses and the student in question. Further, the BAT may request or require that the student be evaluated by outside professional(s) to determine their suitability to be a student at the College. The student will have an opportunity to review any documentary evidence reviewed by the BAT and will be allowed to address the BAT and may be accompanied by an advocate; however, only the student will be allowed to address the BAT and not the advocate.

C. BAT Determination

Upon completion of the review, the BAT will submit their written findings and determination to the student and Dean of Students. The BAT may include, but is not limited to, the following recommendations in their findings:

1. No action required.
2. Propose a resolution to address miscommunication.
3. Propose an action plan to address concerning behaviors and support student success.
4. Refer student for an external psychological assessment at the College's expense and without further recommendation for an assessment.
5. Refer the matter to Policy 5.3.2 – Student Code of Conduct to initiate appropriate disciplinary action if a violation is believed to have occurred. The BAT is not authorized to suspend or involuntarily withdraw a student.

A student's failure or refusal to comply with determination of the BAT as administered by the Dean of Student Services will constitute a basis to charge the student with an offense under Policy 5.3.2 – Student Code of Conduct and administer according to Procedure 5.3.2.2 – Discipline and Appeal Procedure for Non-Academic Violations.

All documentation associated with each concern addressed will be maintained in the student's permanent record.

D. Incident Follow-up

If warranted, the BAT, at its discretion, may require periodic follow-ups with the student. The desire and frequency of such follow-ups shall be included in the BAT's written determination. Failure by the student to participate in required follow-ups may be treated as a disciplinary infraction.

The College is committed to providing each of its students a drug and alcohol-free environment in which to attend classes and study. From a safety perspective, the users of drugs or alcohol may impair the well-being of students, interfere with the College's educational environment and result in damage to College property.

All students shall adhere to the following:

- A. All students are prohibited from unlawfully possessing, using, being under the influence of, manufacturing, dispensing, selling or distributing alcohol, illegal or unauthorized controlled substances or impairing substances at any College location.
 1. *Controlled Substance* means any substance listed in 21 CFR Part 1308 and other federal regulations, as well as those listed in Article V, Chapter 90 of the North Carolina General Statutes. Generally, the term means any drug which has a high potential for abuse and includes, but is not limited to heroin, marijuana, cocaine, PCP, GHB, methamphetamines, and crack. This term also includes any drugs that are illegal under federal, state or local laws and legal drugs that have been obtained illegally or without a prescription by a licensed healthcare provider or are not intended for human consumption.
 2. *Alcohol* means any beverage containing at least one-half of one percent (0.5%) alcohol by volume, including malt beverages, unfortified wine, fortified wine, spirituous liquor and mixed beverages.
 3. *Impairing Substances* means any substance taken that may cause impairment, including but not limited to bath salts, inhalants, or synthetic herbs.
 4. *College Location* means in any College building or on any College premises; in any College-owned vehicle or in any other College-approved vehicle used to transport students to and from College or College activities; and off College property at any College-sponsored or College-approved activity, event or function, such as a field trip or athletic event, where students are under the College's jurisdiction.
 5. *Reasonable Suspicion* is the legal standard required before the College can require a student to take a drug or alcohol test. Some of the factors that constitute reasonable suspicion are: a) direct observation of drug use or possession; b) direct observation of the physical symptoms of being under the influence of drugs; c) impairment of motor functions; d) pattern of abnormal or erratic conduct or behavior; or e) reports from reliable sources or credible sources (anonymous tips may only be considered if they can be independently corroborated).

- B. Student use of drugs as prescribed by a licensed physician is not a violation of Policy; however, individuals shall be held strictly accountable for their behavior while under the influence of prescribed drugs.
- C. Students may be required to be tested for substances, including controlled substances or alcohol, based on individualized, reasonable suspicion. The required observations for reasonable suspicion testing shall be made by an administrator, supervisor or other trained official and the person who makes the determination that reasonable suspicion exists shall not be the same person who conducts the test. This section does not apply to law enforcement officers serving the College through the local sheriff's department. Law enforcement officers must adhere to their normal standards when conducting a search.
- D. The College does not differentiate between drug users, drug pushers or sellers. Any student in violation of Section A herein will be subject to disciplinary action up to and including termination or expulsion and referral for prosecution.
- E. A student who violates the terms of this Policy will be subject to disciplinary action in accordance with Policy 5.3.2 – Standards of Student Conduct. At his/her discretion, the Dean of Student Services may require any student who violates the terms of this Policy to satisfactorily participate in a drug abuse rehabilitation program or an alcoholic rehabilitation program sponsored by an approved private or governmental institution as a precondition of continued enrollment at the College.
- F. Each student is required to inform the College, in writing, within five (5) days after he/she is convicted for violation of any federal, state, or local criminal drug statute or alcoholic beverage control statute where such violation occurred while on or at a College location. Failure to do so could result in disciplinary action.
- G. In addition to this Policy, students employed by the College, including students employed under the College's Work Study Program, shall adhere to the requirements in Policy 3.4.4 – Alcohol and Drugs on Campus.

I. GRIEVANCE PROCESS OVERVIEW

In order to maintain a harmonious and cooperative environment between and among the College and its students, the College provides for the settlement of problems and differences through an orderly grievance procedure. Every student shall have the right to present his/her problems or grievances free from coercion, restraint, discrimination or reprisal. This Policy provides for prompt and orderly consideration and determination of student problems and grievances by College administrators and ultimately the President.

A grievance is any matter of student concern or dissatisfaction with the College's control except: (a) student discipline matters regarding academic and non-academic violations (Policy 5.3.2 – Student Conduct); (b) discrimination and unlawful harassment, including sexual harassment and sexual violence (Policy 5.3.4 – Discrimination and Unlawful Harassment); (c) a grade appeal (Policy 5.2.5 – Grade Appeal); or (d) any other matter that has a specific grievance process outlined in that policy or procedure.

II. INTERNAL GRIEVANCE PROCESS

1. Informal Grievance – Step One

In the event the alleged grievance lies with an instructor/staff member, the student must first go to that instructor/staff member and attempt to informally resolve the matter. Both the student and instructor/staff member must have an informal conference to discuss the situation and document the attempts taken to resolve the grievance at this level. In the event that the student is unsatisfied with the resolution reached at the informal conference, he/she may proceed to Step Two within ten (10) business days after the informal conference. Not proceeding to Step Two within the time period will result in the grievance not being heard and the matter being closed.

If the grievance concerns issues unrelated to a particular instructor/staff member (for example, an issue with College policy), the student can skip the informal process and proceed to Step Two.

2. Formal Grievance – Step Two

If the grievance is not resolved at Step One (or, given the nature of the grievance, Step Two begins the process) the student may file a written grievance with the Dean of Student Services (“Dean”). The written grievance must contain, with specificity, the facts supporting the grievance and the attempt, if applicable, to resolve the grievance at the information level.

The Dean (or, depending on the nature of the grievance, another appropriate Dean) shall review the written grievance and conduct whatever further investigation, if any, is necessary to determine any additional facts that are needed to resolve the grievance. The Dean shall provide his/her written decision within ten (10) business

days after receipt of the grievance.

In the event that the student is unsatisfied with the resolution reached by the Dean, he/she may proceed to Step Three within ten (10) business days after receipt of the Dean's written determination. Not proceeding to Step Three within the time period will result in the grievance not being heard and the matter being closed.

3. Appeal – Step Three

If the student is not satisfied with the Dean's determination, the student may appeal to the Vice President of Instruction and Student Services. The appeal must be in writing, must provide a written summary of the specific facts and must contain any other documentation pertinent to the matter. The Vice President will conduct an "on the record" review and conduct any further investigation that is necessary to ascertain the facts needed to make a determination. The Vice President may, at his/her discretion, establish a committee to further investigate the matter and make a recommendation to the Vice President.

At the conclusion of the investigation and not later than fifteen (15) business days after receipt of the student's appeal, the Vice President shall provide a written decision to the student.

The Vice President's decision is final.

III. EXTERNAL GRIEVANCE PROCESS

1. North Carolina Community College System

The College is a member of the North Carolina Community College (NCCC) System. If a student is dissatisfied with the result of a grievance within the College, the student may file a grievance with the NCCC System. The student must exhaust the College's internal grievance process prior to filing a grievance with the NCCC System. The contact information for the NCCC System Office is:

Pursuant to the Student Right to Know and Campus Security Act (the “Act”), the College is required to publicly disclose relevant graduation and transfer rate information for its students. The Act is a consumer information report designed for public access to relevant graduation and transfer information to enable students to make informed decisions regarding their college choice. The College makes available to currently enrolled as well as prospective students the graduation and transfer rate for the most recent cohort of entering students based on a one-year reporting period.

The Acts’ report is a cohort based study. The cohort is made up of students who enrolled as first-time college students who attended full-time (i.e., twelve [12] or more hours) and had declared themselves as degree seeking. The graduation and transfer rate for the cohort is calculated one year after the cohort's initial date of enrollment. These numbers can be misleading because many community college students attend part-time. Those students are not included in this report. Moreover, students with academic goals other than transfer or degree seeking students are not included in this report. Also, not included with the report are those students who leave school to serve in the armed services, an official church mission or with a recognized foreign aid service of the Federal government.

The report is updated annually and is available in the student services’ office.

In addition, CSAs have a legal obligation to file a report of suspected criminal activity with law enforcement and with the Vice President of Administrative and Fiscal Service’s Office to ensure statistical inclusion of all Clery Act Crimes in the College’s Annual Security Report when those crimes occur on or near College Property. Any individual identified by the College as a CSA shall receive notification of that designation and the requirement that the individual report information about Clery Act Crimes. I. COMPLIANCE WITH FERPA RIGHTS

- A. The Family Educational Rights and Privacy Act (“FERPA”) provides students with certain rights to privacy of their educational records and rights of access by others to their educational records. College employees are expected to fully comply with this Policy.
- B. For purposes of this Policy, “student” means an individual who is or has been in attendance at the College. I. OVERVIEW

In accordance with Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990 and other applicable federal and state law, the College may be required to accommodate an otherwise qualified individual with a disability by making a reasonable modification in its services, programs or activities. This Policy addresses the use of Service Animals and other animals on campus by qualified individuals with disabilities or individuals authorized to provide training.

II. DEFINITIONS

- A. **Emotional Support Animal** – an animal selected or prescribed to an individual with a disability by a healthcare or mental health professional to play a significant part in a person's treatment process (e.g., in alleviating the symptoms of that individual's disability). An emotional support animal does not assist a person with a disability with activities of daily living and does not accompany a person with a disability at all times. An emotional support animal is not a "Service Animal".
- B. **Law Enforcement Animal** – an animal that is trained and may be used to assist a law enforcement officer in the performance of the officer's official duties.
- C. **Service Animal** – an animal that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual or other mental disability. The work or tasks performed by a Service Animal must be directly related to the handler's disability. Examples of work or tasks include, but are not limited to, assisting individuals who are blind or have low vision with navigation and other tasks, alerting individuals who are deaf or hard of hearing to the presence of people or sounds, providing nonviolent protection or rescue work, pulling a wheelchair, assisting an individual during a seizure, alerting individuals to the presence of allergens, retrieving items such as medicine or the telephone, providing physical support and assistance with balance and stability to individuals with mobility disabilities, and helping persons with psychiatric and neurological disabilities by preventing or interrupting impulsive or destructive behaviors. Service Animals may or may not have been licensed by a state or local government or a private agency.

III. ANIMALS ON CAMPUS

Only Law Enforcement Animals and Service Animals are permitted on College property. Emotional Support Animals or any other animals are not permitted on College property and may not be left in vehicles on College property. There are occasions when a student or employee may need to bring an animal onto campus for meeting an educational objective. Such requests should be made to the appropriate administrator prior to the animal being allowed onto campus. Subject to the rules set forth in section IV and V below,

Service Animals are permitted in any area of campus where employees or students are permitted with a few exceptions for health and safety reasons.

IV. PROCEDURES AND RESPONSIBILITIES REGARDING SERVICE ANIMALS

A. Responsibilities of the Service Animal Owner/Handler

1. Registration

- a. Students are encouraged to contact the Disability Services Office and employees the Office of Human Resources to register their Service Animal prior to bringing it onto campus. Disability Services and Human Resources supports students and employees with Service Animals by informing appropriate College faculty and staff of the Service Animal's presence, informing first responders and to assist with the Service Animal's access to areas within the College campus.
- b. Visitors with Service Animals are not required to register the animals on campus.

2. Care and Supervision

- a. The care and supervision of a Service Animal is the responsibility of the animal's owner and/or handler. The handler must ensure the animal is in good health and has been inoculated and licensed in accordance with local regulations with the burden of proving licensure and inoculation on the person with a disability. Dogs must wear a rabies tag at all times. The Disability Services Office (students) and Human Resources (employees) will review the expectations of this policy with the handler and owner at the time of registration.
- b. The Service Animal must be under the control of the handler at all times and may not be left alone. A Service Animal must be restrained by a leash or other appropriate device that does not exceed six (6) feet in length or otherwise be under the control of the handler if the leash or tether will interfere with the ability of the Service Animal to perform required tasks.
- c. The owner and handler of the Service Animal is responsible for any damage of personal property or any injuries to an individual caused by the Service Animal.
- d. The handler must ensure the animal is "housebroken" and trained and must clean up and remove all animal waste created by the Service Animal.

- e. The Service Animal may not disrupt the operation of the College or any class.

B. Responsibilities of the College Community

If the need for a Service Animal is obvious, College officials may not question the presence of the animal on campus. If the need for a Service Animal is not obvious, College officials are permitted to ask the handler two questions:

1. Is the animal required because of a disability?
2. What work or task(s) has the animal been individually trained to perform?

At no time may a College official require a Service Animal to demonstrate the tasks for which they have been trained nor may they inquire as to the nature of the individual's disability.

If another person on campus has a covered disability under the Americans with Disabilities Act and it includes an allergic reaction to animals and that person has contact with a Service Animal, a request for accommodation should be made by the individual to the Director of Human Resources (if an employee) or the Disability Services Office (if a student). All facts surrounding the concern will be considered in an effort to resolve the concern and provide reasonable accommodation for both individuals.

C. Removal of Service Animals

The College has the authority to remove a Service Animal from its facilities or properties if the Service Animal becomes unruly or disruptive, unclean and/or unhealthy, and to the extent that the animal's behavior or condition poses a direct threat to the health or safety of others or otherwise causes a fundamental alteration in the College's services, programs, or activities.

It is a Class 3 misdemeanor "to disguise an animal as a service animal or service animal in training". N.C.G.S. § 168-4.5. In other words, it is a crime under North Carolina law to attempt to obtain access for an animal under the false pretense that it is a Service Animal.

Additionally, any employee or student who violates any portion of this procedure is subject to disciplinary action.

I. DEFINITIONS

- A. *Domicile*: a person's fixed, and permanent home and place of habitation of indefinite duration (for an indefinite period of time); it is the place where he or she intends and is able to remain permanently and to which, whenever the person is absent, he or she expects to return. Domicile may be established by birth, law and/or choice.
- B. *Nonresident*: is a person who does not qualify as being domiciled in North Carolina.
- C. *Residence*: a place of abode, whether permanent or temporary. A person may have many residences but only one permanent residence.
1. *Permanent Residence*: the legal residence or domicile.
 2. *Temporary Residence*: one's abode for an undetermined or temporary duration.
- D. *Resident*: is a person who qualifies as being domiciled in North Carolina.

For more complete definitions of these and other terms, consult the North Carolina Residency Determination Service ("RDS") [Guidebook](#). All the definitions contained in the [RDS Guidebook](#) are incorporated herein by reference.

II. RESIDENCY STATUS

A. Establishing Residency

Residency status of all applicants must be determined for the purpose of tuition assessment. Nonresidents are admitted under the same admission requirements as residents but are required to pay out-of-state tuition except for courses classified as self-supporting curriculum courses or continuing education courses.

To qualify as a resident, an applicant must have established a permanent residence in North Carolina and maintained that permanent residence for at least 12 uninterrupted months immediately prior to his or her classification as a resident. The applicant must maintain his/her residence for purposes of maintaining a bona fide domicile rather than maintaining a mere residence for purposes of enrollment in an institution of higher education. All applicants for admission shall be required to make a statement as to his/her length of residence in the State. An applicant shall not be classified as a resident until s/he provides evidence related to his/her legal residence and its duration.

To determine whether a student has established a domicile in North Carolina, as opposed to a mere temporary residence, one must first determine if the student has capacity to establish residency and then reach a conclusion about the intent of the student, as measured by objectively verifiable conduct of the student. The conduct of the student, taken in total, must demonstrate an intention to make North Carolina his or her permanent dwelling place. The determination of domicile does not depend on one fact or a required combination of certain circumstances. The determination is made based on all the facts and circumstances taken together and viewed as a whole showing by a preponderance of evidence (more likely than not) that some particular location is the student's domicile. Oftentimes, this evidence will include personal statements provided by the student regarding his/her intention to make a residence his/her domicile. While such statements are appropriate evidence to consider, there is no requirement that they be accepted at face value. Student's personal statements should be considered carefully but also cautiously even if there is no concrete evidence that the student is being untruthful. The student's conduct and actions taken toward establishing a domicile are generally of greater evidentiary value than personal statements, especially when the student's conduct and actions are inconsistent or in conflict with the student's statements of intent. Statements of a student's intent to take actions towards establishing domicile at some time in the future generally are not considered sufficient.

For a student to be classified as a resident, the balancing of all the evidence must show that there is a preponderance of evidence supporting the student's claim of domicile. To satisfy this requirement, more of the evidence than not must consist of a cluster, focus or accumulation of favorable information that the student established a domicile in North Carolina at a point in time at least 12 months prior to the domiciliary classification. Because there is almost always variation among cases and individuals, the domiciliary inquiry is more a function of reasonable review and balancing of the total circumstances of each individual case rather than a formulaic computation.

Each applicant for admission is required to complete the RDS application for initial consideration concerning residency before, during or after submitting an application for admission.

B. Special Rules for Domicile

In addition to establishing a person's domicile as noted above, the determination of domicile and residence status for tuition purposes is also affected by special rules set out in North Carolina statutes. For some, but not all, of these special rules, eligible nonresidents remain classified as out-of-state students and are charged in-state tuition rates. For more specific information regarding these special results, consult the Manual.

These special rules impact the following categories of students:

1. Minors;

2. Members of the Armed Forces and their families;
3. Non-military federal personnel, volunteers and missionaries;
4. Non-U.S. citizens;
5. Prisoners/inmates;
6. Married persons; and
7. Special Exemptions for certain community college students:
 - i. Business-sponsored students - When an employer (other than the armed services) pays tuition for an employee to attend a community college and the employee works at a North Carolina business location, the employer shall be charged the in-state tuition rate.
 - ii. Business and military transferred families - A community college may charge in-state tuition to up to one percent (1%) of its out-of-state students (rounded up to the next whole number) to accommodate the families transferred into North Carolina by business or industry, or civilian families transferred into North Carolina by the military. A student seeking this benefit shall provide evidence of the following:
 - Relocation to North Carolina by the student and if applicable, the student's family, within the 12 months preceding enrollment;
 - Written certification by the employer on corporate letterhead that the student or some member of the student's family was transferred to North Carolina for employment purposes;
 - Certification of student's compliance with the requirements of the Selective Service System, if applicable; and
 - If a family member of the transferred individual is applying for this benefit, the family member must also establish the familial relationship with the transferred individual; live in the same residence as the transferred individual; and provide evidence of financial dependence on the transferred individual.
 - iii. Students sponsored by a non-profit entity - A lawfully admitted nonresident of the United States who is sponsored by a North Carolina non-profit entity is eligible for the in-state resident community college tuition rate. The student is considered to be "sponsored" by a North Carolina nonprofit entity if the student resides in North Carolina while attending the community college

and the North Carolina nonprofit entity provides a signed affidavit to the community college verifying that the entity accepts financial responsibility for the student's tuition and any other required educational fees. A North Carolina nonprofit may sponsor no more than five nonresident students annually under this provision. This provision does not make a person a resident of North Carolina for any other purpose.

- iv. N.C. public school graduates - Any person lawfully admitted to the United States who satisfied the qualifications for assignment to a public school under North Carolina law (G.S. 115C-366) and graduated from the public school to which the student was assigned shall be eligible for the State resident community college tuition rate.
- v. Refugees - A refugee who lawfully entered the United States and who is living in this State shall be deemed to qualify as a domiciliary of this State under G.S. 116-143.1(a)(1) and as a State resident for community college tuition purposes. While the refugee must live in North Carolina to be eligible for in-state tuition, the refugee is not required to be domiciled in North Carolina for the 12-month qualifying period.
- vi. Nonresidents of the United States - A nonresident of the United States who has resided in North Carolina for a 12-month (365 days) qualifying period and has filed an immigrant petition (Forms I-130, I-360, or I-140) with the United States Citizen and Immigration Service (USCIS) shall be considered a North Carolina resident for community college tuition purposes.
- vii. Federal law enforcement officers, firefighters, EMS personnel and rescue and life-saving personnel - Federal law enforcement officers, firefighters, EMS personnel, and rescue and lifesaving personnel whose permanent duty stations are within North Carolina are eligible for the State resident community college tuition rate for courses that support their organizations' training needs. The State Board of Community Colleges must approve the courses designed to support law enforcement officers, firefighters, EMS personnel, and rescue and lifesaving personnel's training needs prior to the college awarding the State resident community college tuition rate.

C. Loss of Resident Status

If a person has been properly classified as a resident for tuition purposes and enjoyed that status while enrolled at an institution of higher education in this state, a change in that person's state of residence does not result in an immediate, automatic loss of entitlement to the in-state tuition rate. Students in this situation

are allowed a “grace period” during which the in-state rate will still be applicable even though the student is no longer a legal resident of North Carolina. The grace period can apply under certain circumstances both to currently enrolled students as well as to students who are no longer enrolled or who have graduated.

1. Currently Enrolled Students

To qualify for the grace period if the student is currently enrolled, the student must satisfy the following conditions:

- i. The student must have been properly classified as a resident for tuition purposes on the basis of a valid finding that the student in fact was domiciled in North Carolina and had been for the required 12-month period prior to classification; and
- ii. At the time of change of legal residence to a state other than North Carolina, the individual must have been enrolled in an institution of higher education in North Carolina. “Enrolled” shall include both persons who are actually attending the institution during an academic term as well as those whose consecutive attendance of academic terms has been interrupted only by institutional vacation or summer recess periods. A person whose change in legal residence occurred during a period while not enrolled is not entitled to the benefit of the grace period.

The grace period extends for 12 months from the date of the change in legal residence, plus any portion of a semester or academic term remaining at the time the change in legal residence occurred. No change in applicable tuition rates resulting from the expiration of the basic 12-month grace period will be effective during a semester, quarter, or other academic term in which the student is enrolled; the change in tuition rates are effective at the beginning of the following semester, quarter, or other academic term. Once perfected, the grace period is applicable for the entire period at any institution of higher education in the State.

2. Students who are no Longer Enrolled

To qualify for the grace period if the student is no longer enrolled, the student must satisfy the following conditions:

- i. The student must have been properly classified as a resident for tuition purposes at the time the student ceased to be enrolled or graduated from an institution of higher education in this state; and
- ii. If the student subsequently abandons his/her domicile in North Carolina and then reestablishes domicile in this state within twelve (12) months of abandonment, the student may reenroll at an

institution of higher education in this state as a resident for tuition purposes without having to satisfy the 12-month durational requirement so long as the student continuously maintains his/her reestablished domicile in North Carolina at least through the beginning of the academic term for which in-state tuition status is sought.

It is important to note that a student may benefit from this particular grace period only once during his/her life. There is no such limitation on the grace period available to students who experience a change in residence status while still enrolled at an institution of high education in this state.

III. RECONSIDERATION AND APPEAL OF RESIDENCY DECISIONS

If the student does not agree the initial consideration concerning his/her residency status, the student may seek a reconsideration or appeal with RDS. For more information concerning the reconsideration and appeal process and deadlines, the student should consult with the [RDS Guidebook](#).

I. AUTHORITY TO CHARGE SELF-SUPPORTING FEES

Pursuant to North Carolina law, the College is authorized to offer curriculum and continuing education course sections on a self-supporting basis and charge self-supporting fees to students who enroll in self-supporting course sections.

II. SELF-SUPPORTING FEE RATES

A. Differing Rates

The College may adopt different self-supporting fees for different courses and activities.

B. Curriculum Self-Supporting Fee Rates

The College must determine self-supporting fees for curriculum courses using one of two methods:

1. Pro-Rata Share Method. The amount charged to each student shall approximate the pro-rata share of the direct and indirect costs associated with providing self-supporting instruction. Unless the College can demonstrate a need for a higher rate, the College may estimate indirect costs by applying its federal indirect cost rate or a rate up to twenty-five percent (25%), whichever is higher, to the direct costs of providing the self-supporting activity. The amount charged to the student shall be calculated based on either: 1) the estimated costs of an individual self-supporting course section divided by the number of students expected to enroll in the course section; or 2) the estimated costs of a set of self-supporting course sections divided by the number of students expected to enroll in the set of course sections. Each student must pay the self-supporting fee even if the sum of the curriculum tuition and self-supporting fees charged to the student for the academic term exceeds the maximum tuition rate set by the State Board and academic term.
2. Transparent Rate Method. The College shall charge each student an amount consistent with the curriculum tuition rate based on residency status. The transparent rate method shall only be used if the receipts generated through this method can adequately support the direct and indirect costs of the self-supporting instruction.

C. Continuing Education Self-Supporting Fee Rates

The College shall set self-supporting fees for continuing education course sections at a level at or below the local market rate for the type of continuing education instruction provided.

III. USE OF SELF-SUPPORTING FEES

A. Deposit of Self-Supporting Fees

The College shall deposit self-supporting fee receipts in an institutional unrestricted general ledger account. Any course section initially designated as self-supporting cannot be changed to a State-funded designation after the College collects any receipts for the course section.

B. Use of Self-Supporting Fee Receipts

Self-supporting fee receipts shall be used to support the direct and indirect costs of the self-supporting course sections. The College shall not use state funds for direct costs of self-supporting course sections. If a full-time curriculum instructor teaches a self-supporting course section, the College shall either: 1) pro-rate the instructor's salary based on the time allocated between state-funded and self-supporting course sections in the instructor's course load; or 2) reimburse State funds an amount equal to the number of instructional hours associated with self-supporting course section multiplied by the instructor's hourly rate of pay.

C. Excess Receipts

Specific fee receipts shall be used for the purpose for which they are charged. If self-supporting receipts exceed expenditures for the purpose for which they are charged, the College shall use excess receipts to support the costs of future self-supporting course sections, instruction, student support services, student financial aid (e.g. scholarships, grants, and loans), student refunds, student activities, curriculum development, professional development, promotional giveaway items, instructional equipment, and capital improvements and acquisition of real property.

Excess receipts shall not be used for any of the following purposes: supplemental compensation or benefits of any personnel, administrative costs, entertainment expenses, and fundraising expenses.

I. Student Debt Collection

Tuition and fees for all College students are due and payable prior to the beginning of each term. A student's registration will be subject to cancellation when prior term, past due charges have not been resolved before the current term. Students not paying or deferring current term charges by the due date may be subject to cancellation. Any unpaid balance on a student's account may prevent registration. In addition, transcripts and diplomas may be withheld until outstanding balances are paid.

Students who leave the College with unpaid balances are subject to collection actions. These actions will begin with a letter reminding the student of the unpaid debt and encouraging immediate payment, payment arrangements or other action to resolve the debt and avoid additional action. If the student fails to respond satisfactorily, a final letter will be sent. Next steps include referral to collection agencies, litigation where appropriate and actions pursuant to the NC State Offset Debt Collection Act ("SODCA") and the NC State Employee Debt Collection Act ("SEDCA"), when applicable.

Uncollected student debts will be written off and expensed as bad debt once collection efforts have been exhausted. Writing off the account balance does not relieve the student's legal obligation to pay the debt. A record of the debt and the related student account holds are maintained along with SODCA and SEDCA reporting until the debts are paid or collected. If the write-off debt is later collected, then the resulting funds will be recognized as a recovery of the write-off.

The President is hereby authorized to develop procedures consistent with this Policy.

II. Non-Student Debt Collection

Accounts receivable or uncollected billings that may be submitted for collection include, but are not limited to: salary overpayments, contract work completed by the College for which the College has not received payment, fees owed to the College, deposited checks returned unpaid for insufficient funds, and nonpayment for goods or services purchased from the College.

The President is hereby authorized to develop procedures consistent with this Policy.

- B. Suspicious Documents – such as those appearing to be forged or altered, or where the photo ID does not resemble its owner, or an application which appears to have been cut up, re-assembled and photocopied.
- C. Suspicious Personal Identifying Information – such as discrepancies in address, Social Security Number or other information on file; an address that is a mail-drop, a prison, or is invalid; a phone number that is likely to be a pager or answering service; personal information of others already on file; and/or failure to provide all required information.
- D. Unusual Use or Suspicious Account Activity – such as material changes in payment patterns, notification that the account holder is not receiving mailed statement, or that the account has unauthorized charges.
- E. Notice from Others Indicating Possible Identify Theft – such as the College receiving notice from a victim of identity theft, law enforcement or another account holder reports that a fraudulent account was opened.

IV. DETECTION OF RED FLAGS

College employees shall undertake reasonable diligence to identify Red Flags in connection with the opening of covered accounts as well as existing covered accounts through such methods as:

- A. Obtaining and verifying identity;
- B. Authenticating customers; and
- C. Monitoring transactions.

A data security incident that results in unauthorized access to a customer’s account record or a notice that a customer has provided information related to a covered account to someone fraudulently claiming to represent the College or to a fraudulent web site may heighten the risk of identity theft and should be considered Red Flags.

V. SECURITY INCIDENT REPORTING

College employees who believe that a security incident has occurred shall immediately notify his/her appropriate supervisor and the Vice President of Administrative and Fiscal Services. Upon review of the incident, the Vice President shall determine what steps may

be required to mitigate any issues that arise in the review. In addition, referral to law enforcement may be required.

If there is a security breach, the College shall comply with all notice requirements contained in N.C.G.S. § 75-65.

VI. TRAINING

All College employees who process any information related to a covered account shall receive annual training and this Policy shall be reviewed annually.

I. Definitions

- A. A foreign national is a person who was born outside the jurisdiction of the United States, is a citizen of a foreign country, and has not become a naturalized United States citizen under United States law. This includes legal permanent residents.
- B. Foreign nationals are classified as either "Nonresident Aliens" or "Resident Aliens". Section 1441 of the Internal Revenue Code provides a separate tax system with a different set of tax rules and regulations for individuals deemed to be Nonresident Aliens. Colleges making payments to Nonresident Aliens are subject to different tax withholding, reporting and liability requirements.
 - 1. A Resident Alien's income is subject to tax in the same manner as a U.S. citizen. This means that their worldwide income is subject to U.S. tax and must be reported on their U.S. tax return. Income of Resident Aliens is subject to the graduated tax rates that apply to U.S. citizens.
 - 2. A Nonresident Alien's income is subject to federal income tax only on income which is derived from sources within the United States and/or income that is effectively connected with a U.S. trade or business. Nonresident Aliens are taxed according to special rules contained in certain parts of the Internal Revenue Code.

II. Policy

All North Carolina agencies, universities, community colleges and institutions have been tasked with the responsibility of withholding and reporting on payments to foreign national individuals and vendors in accordance with the IRS Code Regulations Section 1441 and policies established by the N.C. Office of the State Controller.

When the College identifies a foreign national or foreign vendor that will be compensated via payroll, accounts payable or student services, the appropriate department shall maintain a copy of evidentiary and supporting documentation such as I-9, W-8BEN, I-20, I-94, I-797, passport, and/or employment authorization card. The evidentiary and supporting documentation shall be provided to the Business Office. The Business Office will submit the supporting documentation to the Systems Office before payment is made.

If the Systems Office determines that payments made by the College to a foreign national or foreign vendor are taxable, the College shall withhold federal and/or state taxes as instructed by the System Office.

V. ELECTRONIC MAIL

The College provides free electronic mail accounts to certain College employees based on job responsibilities, as determined by the employee's appropriate Vice President, and to all students who are enrolled in a curriculum program. The use of College-provided electronic mail accounts must be related to College business, including academic pursuits. Incidental and occasional personal use of these accounts is acceptable when such use does not generate a direct cost to the College or otherwise violate the provisions within this Policy.

The College will make reasonable efforts to maintain the integrity and effective operation of its electronic mail systems, but users are advised that those systems should in no way be regarded as a secure medium for the communication of sensitive or confidential information. Because of the nature and technology of electronic communication, the College cannot assure the privacy of an individual's use of the College's electronic mail resources or the confidentiality of particular messages that may be created, transmitted, received or stored.

Electronic mail that meets the definition of educational records is subject to the provisions of FERPA. The College may access, inspect and disclose such records under conditions set forth in FERPA.

North Carolina law provides that communications of College personnel that are sent by electronic mail may constitute "correspondence" and, therefore, may be considered public records subject to public inspection under the North Carolina Public Records Act.

Employees are to maintain an appropriate and professional relationship with students at all times. Having a public personal website or social media profile or allowing access to a private website or private social media profile is considered a form of direct communication with students. Any employee found to have created and/or posted content on a website, social media site, or profile that has a negative impact on the employee's

ability to perform his/her job as it relates to working with students and the community or that otherwise disrupts the efficient and effective operation of the College may be subject to disciplinary action up to and including dismissal.

Certain activities violate Federal and/or State laws governing use of computer systems and may be classified as misdemeanors or felonies. Those convicted could face fines and/or imprisonment.

I. INTRODUCTION

This Policy governs the College's retention of electronic records, including electronic mail ("email") and instant messages. The Policy is intended to provide guidance on the need for retention of electronic records and messages sent and received by College employees. The College will retain and destroy electronic records, including email and instant messages, in accordance with this Policy, [State Guidelines for Managing Trustworthy Digital Public Records](#), and the approved [Record Retention and Disposition Schedule](#) ("the Schedule") for community colleges adopted by the North Carolina Department of Cultural Resources and the North Carolina State Board of Community Colleges. For the purposes of this Policy, the term "electronic records" is defined to include electronic mail and instant messages.

This Policy will be reevaluated every five (5) years, or upon the implementation of a new information technology system, and will be updated as required.

II. NORTH CAROLINA PUBLIC RECORDS ACT

Electronic records made or received in connection with the transaction of public business are public records pursuant to the North Carolina Public Records Act, as defined by the North Carolina Public Records Act, N.C.G.S. § 132-1 *et seq.* Examples of electronic records that are public records include but are not limited to: messages that include information about policies or directives, official business correspondence, official reports, or material that has historic or legal value.

Public records, including electronic records, may not be deleted or otherwise disposed of except in accordance with the Schedule. The content of the electronic record determines its retention requirement.

The content of the email, not the method or device in which it was sent, dictates whether the email is a public record. For example, if an employee has work email on his private, personal email account, that email remains a public record. For this purpose, employees are strongly encouraged to use only their work email address for work emails. In the event that an employee, however, does have work emails on their personal email accounts, they are responsible to properly maintain the email and, if necessary for retention purposes, transfer the email to another medium for proper retention.

III. ELECTRONIC RECORDS CUSTODIAN

Because electronic messages can be sent and forwarded to multiple people, copies of the messages may exist in the accounts of multiple users. In most cases, the author, or originator, of the electronic message is the legal custodian and is responsible for maintaining the "record" copy. However, cases in which the recipient has altered the

message (made changes, added attachments, etc.), or when the message is coming from outside the college; the recipient is the one responsible for retaining the message.

When the custodian of an electronic message leaves the employment of the College, it is the responsibility of the supervisor to ensure all public records remaining on the computer and the messaging account are retained or disposed of appropriately.

The College additionally stores all email and instant messages as a fail-safe archive in the event of system failure or unlawful tampering. All messages which are sent or received using the College's email and instant messaging system are copied and retained by this system for (5) five years. This storage mechanism is intended as a safety measure and does not replace the individual employee's legal responsibility for retaining and archiving electronic messages in accordance with the state of North Carolina's record retention laws.

IV. TYPES OF ELECTRONIC MESSAGES

For retention purposes, email messages generally fall into the following two categories:

- A. Email of limited or transitory value. For example, a message seeking dates for a meeting has little or no value after the meeting. Retaining such messages serves no purpose and takes up space. Messages of limited or transitory value may be deleted when they no longer serve an administrative purpose.
- B. Email containing information having lasting value. Email is sometimes used to transmit records having lasting value. For example, email about interpretations of an agency's policies or regulations may be the only record of that subject matter. Such records should be transferred to another medium and appropriately filed, thus permitting email records to be purged.

V. PROCEDURES FOR COMPLIANCE

While the methods for reviewing, storing or deleting electronic records may vary, compliance with the retention requirements may be accomplished by one of the following:

- A. Retention of Hard Copy. Print the record and store the hard copy in the relevant subject matter file as would be done with any other hard-copy communication.
- B. Electronic Storage of records and email. Electronically store the record or email in a file, on a disk or a server so that it may be maintained and stored according to its content definition under this Policy and any underlying Procedures.

VI. LITIGATION HOLD

A litigation hold is a directive not to destroy electronic records, including email, which might be relevant to a pending or imminent legal proceeding. The President may establish a committee to oversee and monitor litigation holds; such committee may contain a member of the Technology Department, the College's legal counsel and a member of the

Administrative Team. In the case of a litigation hold, the committee shall direct employees and the Technology Department, as necessary, to suspend the normal retention procedure for all related records.

VII. OUTSIDE INSPECTION

The College recognizes the judicial system may request pretrial discovery of the information technology system used to produce records. The College will honor requests for outside inspection of the system and testing of data by the courts and government representatives. Records must continue to exist when litigation, government investigation, or audit is pending or imminent, or if a court order may prohibit specified records from being destroyed or otherwise rendered unavailable.

VIII. RECORD DISPOSITION

Records may only be disposed of in accordance with the Schedule. Prior to the disposition of any record or record group after the applicable retention period, the records custodian will create and maintain a destruction log.

The President is authorized to adopt procedures to implement this policy.

It is the College's intent to provide efficient services for its employees, students and also for the public. The Board of Trustees ("Board") encourages College officials and students to use electronic means, especially electronic mail, when conducting College business when those means result in efficient and improved service.

The Board encourages the acceptance of electronic signatures in e-mails from college campus accounts. An electronic signature is defined as any electronic process signifying an approval to terms, and/or ensuring the integrity of the document, presented in electronic format.

Students may use electronic signatures to register, check financial aid awards, pay student bills, obtain unofficial transcripts, update contact information, log into campus computers, complete forms, submission of class work, tests, etc. Employees may use electronic signatures for submitting grades, viewing personal payroll data, logging into campus computers, accessing protected data through the administrative computing system and custom web applications provided by the College, etc.

The College may use or purchase particular software platforms that facilitate electronic signatures from users when appropriate.

College user accounts are to be used solely by the student or employee assigned to the account. Users may not allow access to their accounts by other persons, including relatives or friends. All users are responsible for protecting the confidentiality of their account and for adhering to Policy 7.2 – Internet and Network Acceptable Use.

Adopted: 6.25.2024

The College recognizes that social media sites are useful technologies in communicating with College constituencies and in enabling transparent communication. All of the College's social media shall follow established procedures and shall be registered with the College's Marketing Department. College employees shall exercise good, professional judgment when using official College social media sites to ensure that communications are appropriate, professional, maintain the security of the College's network and comply with local, state, and federal laws and with the College's technology security procedures. All content generated on a College-operated social media site should support the mission of the College.

College employees whose responsibility it is to operate a social media account on behalf of the College shall be responsible for monitoring discussions and content added by third-parties, including comments. The President or the College's Marketing Department has the right to remove any post or comment on any social media account operated by the College.

Social media accounts controlled by the College are subject to records retention regulations.

I. PURPOSE

The Digital Millennium Copyright Act of 1998 (“DMCA”) legally protects a copyright holder from the unauthorized use of his or her digital content. Unauthorized use means violating the user agreement or terms of use for the digital content. Illegally sharing and/or reproducing copyrighted materials such as music, videos, documents, software and photos is considered copyright infringement. The Higher Education Opportunity Act (“HEOA”) includes a provision directly related to DMCA.

HEOA sets requirements for higher education institutions to address illegal peer-to-peer (“P2P”) file sharing occurring on College networks. Illegal P2P file sharing is downloading, also known as copying and/or saving, copyrighted material to a hard drive or any other storage device and/or sharing or making it available to other people without the consent of the copyright holder.

P2P applications are used to legitimately share digital content. However, P2P applications can expose the College, and individual users on the College’s network, to legal liabilities when illegal file sharing occurs. P2P applications can also present a security risk because a downloaded file may actually contain a virus or a malicious program that could target and infect other machines on the network, impact the performance of the network and compromise sensitive/confidential information.

The purpose of this Policy is to inform the College community on preventive measures that will help avoid legal liability and security risks resulting from illegal file sharing. This Policy applies to any individual using the College’s computer network.

II. POLICY

Individuals using the College’s computer network will be held accountable for adhering to the following terms and conditions:

- A. Read the user agreement or terms of use for the following digital content in order to make sure you do not use nor share digital material illegally: documents, videos, and games located on the Internet; social networking sites (i.e. YouTube); purchased digital content (i.e., music, software); and peer-to-peer file sharing applications;
- B. Delete unauthorized copyrighted material from your electronic device (i.e. computer, iPhone);
- C. Use a legal alternative to unauthorized downloading. The College does not endorse a particular product or service nor is it responsible for any cost or any technology related issues resulting from the use of the legitimate sources;

- D. Disable the file sharing feature for P2P software if you do not have permission to share the digital material (i.e., documents, movies, games, etc.) legally; contact the software vendor for technical support;
- E. Follow the P2P vendor's best practices for securing the computer used for P2P activity (i.e., anti-virus software, a vendor supported operating system, personal firewall, current version of P2P application, etc.); the Federal Trade Commission has P2P best practices at: <http://www.ftc.gov/bcp/edu/pubs/consumer/alerts/alt128.shtm>; and
- F. For College-owned assets, P2P software can only be used to promote the College's mission, academic and business needs. Where applicable, P2P software is not allowed on machines that process and/or store confidential/sensitive data. The personal use of P2P applications on College-owned assets for recreational and leisure purposes is prohibited.

III. ENFORCEMENT

Enforcement of this Policy shall include:

- A. Disclosure to students on an annual basis, which shall include legal alternatives to illegal file sharing;
- B. Monitoring network traffic and limiting network bandwidth; and
- C. Implementing other technology-based deterrents as needed.

In addition to employment and student discipline issued by the College in accordance with applicable policies and procedures (up to and including dismissal/suspension), individuals cited for unauthorized use may be subjected to civil and/or criminal damages such as monetary damages and potential prison time. According to the US Copyright Office, monetary damages can range from \$200 to \$150,000 for each act (<http://www.copyright.gov/title17/92chap5.html#504>). Criminal prosecutions may result in a fine of up to \$250,000 and a prison term of up to 5 years (<http://www.fbi.gov/ipr/>) for each act.

The College is committed to taking reasonable measures to support the accessibility of its audio, visual, telecommunications and web-based technologies (“Digital Technology”) for use by students, employees and/or the general public. Students who seek an accommodation for Digital Technology should contact Student Services. Other individuals who seek accommodations should contact the College’s Information Technology Services office.

Undue burden and non-availability may qualify as an exemption from this Policy when compliance is not technically possible or is unreasonably burdensome in that it would require extraordinary measures due to the nature of the request or would fundamentally alter the purpose of the Digital Technology.

When conducting core academic and business activities using web content, the College shall align the web content with the guidelines of the most current version of [Web Content Accessibility Guidelines 2.0 Level AA](#) (WCAG 2.0 AA).

I. OVERVIEW

The College operates and maintains an Information Security Program ("ISP") to ensure the confidentiality, integrity, and availability of college data, based on classification, and those related information systems and services that are necessary to the support of the mission of the college and the students while maintaining compliance with local, State, and federal standards, policies, and laws.

The College uses the Statewide Information Security Manual published by the North Carolina Department of Information Technology as the principal cybersecurity framework for a system-wide information security and risk management program. The College's use shall be consistent with the provisions of the State Board Code.

II. CYBERSECURITY INCIDENTS

The College shall not submit payment or otherwise communicate with an entity that has engaged in a cybersecurity incident on an information technology system by encrypting data and then subsequently offering to decrypt that data in exchange for a ransom payment.

Consistent with State law, the College consults with the North Carolina Department of Information Technology regarding cybersecurity incidents.
